FULL QUART BOTTLES,

And containing the strength of six times as much pure Honduras Sarsaparilla as any other similar preparation in America.

FEW bottles of this Sarsaparilla, put up several years ago, rendering it the more aluable, (as all well-informed druggists know that age improves it,) have been deposited at the drug store of Charles Ritz, in Lewistown, where they are offered for sale at three fourths

the regular price, namely 75 cents per bottle. It has been a well established fact for years past that Sarsaparilla, when pure and properly prepared, was the only true panacea for all diseases originating from an impure state of the blood, the use of mercury, intoxicating drinks, evil habits in youth, barrenness, &c. We boldly assert that JOHN BULL'S FLUID EX-TRACT OF SARSAPARILLA is the only preparation before the public that is prepared on strictly scientific principles and of uniform strength. The sarsaparilla is purchased without regard to price, and every pound, before being used, is subject to the strictest chemical tests, and its genuineness ascertained before being used. Bull's Sarsaparilla also contains the virtues of several other valuable medical roots, together forming the best compound, and producing the greatest curative agent in the known world! Allegheny, July 19, 1856

Mr. H. M. Bowman—Dear Sir:—I feel it my duty to let you know what your compound has done for my daughter, and wish you to publish it if you can in hope that some suffering one may be induced by it to try your valuable medicine and be cured. My daughter was married in 1853, and went to Cincinnati to live, where her husband (James Hoyt), was engaged in hydrogen. band (James Hoyt,) was engaged in business. In six months after her husband died, and I sent for her to come home, where in four months she was confined and caught cold which settled on her lungs. It seemed as though we could get nothing to help her. We tried six different physicians for over one year and then sent to New York to a celebrated physician there, and she took medici from him for eight months; but he could not cure her.— Her cough was fixed and stubborn and seemed as though it would tear her breast during the paroxysm of cough and her breathing was at times very difficult. Failing to get relief from physicians, we thought we would try Ay er's Cherry Pectoral, and she took it regular for seve weeks, but it did her no permanent good. We then tried Sellers' Imperial Cough Syrup, but with all she still be came worse, and it seemed as though she was beyond cure, when one day my wife was in at one of our neighbor's houses (Mr. Mayness') and she saw them give your Vegetable Compound to one of their children for a cough and she got three or four doses to bring home and try it. After my daughter had taken it she breathed a little easier, and we sent and got a bottle of it, and when it was taken there was a marked change for the better. aken there was a marked change for the better. I then got six bottles, the most of which she took as directed got six notices, the most of which she pook as directed until finally cured—it is three months since, and she has not had a symptom of the old complaint, and is getting as lusty as she ever was. We all unite in our prayers to God that you may be prospered and that your Vegetable Compound may be the means of restoring health to many, as it has to one who is dear to us; we cheerfully reco mend it to the public as the best medicine for Lung Dis-eases that we ever got hold of. Try it suffering one and see. Believe me, my dear sir, to ever remain Your earnest friend,

Last spring, while in Pittsburgh, I had a bad cold and ough which troubled me much, and a friend of mine gave ne a bottle of Bowman's Vegetable Compound for disea-es of the throat and lungs, which I commenced taking and found relief almost immediately. I had taken many things for cough and hoarseness but never got anything to help me as it has done. I believe it to be the bestanti-dote for coughs and hoarseness that is out, and cheerfully recommend it to the public. T. H. STANTON,

There are two things about this herb that appears to me surprising; first that it grows in our pastures, in some pla-

ess quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April 1853, I peddled it and sold about six bottles per day—in April, 1851. I sold over one thousand bottles per day of it Some of the wholesale Druggists who have been it business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is:

A their Physiology, Functions, and Sexual Disorders of every kind, with Never Failing Remedies for their y cure. Price 50 cents.

Hunter is a graduate of one of the first medical schools in the U.S., and has devoted a quarter of a cen tury to the study and treatment of Syphilis and kindred

The practice of Dr. Hunter has long been, and still is, unbounded, but at the earnest solicitation of numerous persons, he has been induced to extend his professional usefulness through the medium of his 'VADE MECUM.' It is a volume that should be in the hands of every fam ily in the land, as a preventive of secret vices, or as a guide for the alleviation of one of the most awful and

destructive scourges ever visited upon mankind.

The author argues most strongly against every species
of self-deliement, and warns parents and guardians in
searching terms to guard the young of both sexes from the terrible consequences of their ignorance of physiolo-gical laws and sexual impurities and irregularities. To those who have been already ensuared to the 'paths that take hold on death,' a clear and explicit way is shown by which they may secure a return of sound health and a regeneration of the soul from its terrible pollution. It is well known that thousands of victims are annually sacrificed at the shrine of Quackery—especially those suffering from Venereal or Syphilitic diseases—Strictures, Seminal Weakness, Nervous Peblity and the numerous maladies which spring directly from the indulgence of carnal passions and secret violations of Nature.
