Allegheny, July 19, 1856 Mr. H. M. Bowman—Dear Sir:—I feel it my duty to let you know what your compound has done for my daugh-ter, and wish you to publish it if you can in hope that some suffering one may be induced by it to try your val-nable medicine and be cured. My daughter was married in 1853, and went to Cincinnati to live, where her hus-band (James Hoyt,) was engaged in business. In six nonths after her husband died, and I sent for her to come months after her husband and and a reen for her to come home, where in four months she was confined and caught cold which settled on her lungs. It seemed as though we could get nothing to help her. We tried six different physicians for over one year and then sent to New York to a celebrated physician there, and she took medicine from him for eight months; but he could not cure her.——Her courth was fixed and stubborn and seemed as though Her cough was fixed and stubborn and seemed as though it would tear her breast during the parezysm of cough, and her breathing was at times very difficult. Failing to get relief from physicians, we thought we would try Ayer's Cherry Pectoral, and she took it regular for seven
weeks, but it did her no permanentgood. We then tried
Sellers' Imperial Cough Syrup, but with all she still be came worse, and it seemed as though she was beyond came worse, and it seemed as though she was beyond cure, when one day my wife was in at one of our neighbor's houses (Mr. Mayness') and she saw them give your Vegetable Compound to one of their children for a cough and she got three or four doses to bring home and try it. After my daughter had taken it she breathed a little easer, and we sent and got a bottle of it, and when it was ler, and we sent and got a bottle of it, and when it was taken there was a marked change for the better. I then got six bottles, the most of which she took as directed until finally cured—it is three months since, and she has not had a symptom of the old complaint, and is getting as lusty as she ever was. We all unite in our prayers to God that you may be prospered and that your Vegetable Compound may be the means of restoring health to many as it has to one who is dear to us; we cheerfully rec mend it to the public as the best medicine for Lung Dis-eases that we ever got hold of. There are two things about this herb that appears to me sur prising; first that it grows in our pastures, in some pla ces quite plentiful, and yet its value has never been known until I discovered it in 1846-second, that it should

cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day-in. April, 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in

some of the wholesate Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters. In my own practice I always kept it strictly for humors— but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I
