

Foreign News.

Mr. Macaulay is to be raised to the Peerage. Diplomatic relations have been resumed at Constantinople.

The details of the East Indian news received at London add nothing important to what has already been published.

Nothing definite has been determined on relative to the Atlantic Telegraph.

The details of the Indian mutiny seem with further atrocities.

The French papers publish a despatch affirming that the mutiny had shown itself at Bombay, but was suppressed.

The English papers discredit the rumors in the French papers of a mutiny at Bombay. Private letters say that the mutineers in India are short of ammunition.

The steamers Khersonese and Queen of the South had sailed from England with troops for India.

The steamer La Plata had arrived at Liverpool with two and a quarter millions in specie. A treaty between England and Honduras has been ratified in London.

It contains a special article giving effect to the obligations incurred by Honduras, in behalf of the Honduras and the Inter-oceanic Railway Company.

The Emperors Napoleon and Alexander of Russia are to have a conference shortly, at Darmstadt.

It is rumored that a secret treaty has been entered into between the United States and Mexico, which provides that the former will furnish from 15,000 to 20,000 armed volunteers to take Cuba under the Mexican flag, in case of a war with Spain.

A despatch from Madrid states the Spanish Government had declared that before proceeding to hostilities with Mexico, Spain would publish a manifesto explaining the question at issue, and permit Mexico to open fresh negotiations.

The threatened rupture between Naples and Piedmont has been dispelled. The British Minister at Florence has retired from his post, in consequence of an alleged insult in a matter of etiquette.

If you have a sore or painful disease, go and get a bottle of Du Vall's Gularic Oil, and you will not rue it—no, you will purchase more; this has been the case, and will be so in time to come.

Philadelphia Cattle Market.
Sept. 14.—The arrival of beef cattle and sheep during the past week has been quite large, amounting to over 1700 head at all the yards. The large supply had a tendency to render the market rather dull, so far as the demand was concerned; but former prices are pretty well maintained, particularly for the best stock. The more inferior cattle did not realize quite so good a rate as last week, but, taken altogether, there is no change in this respect worthy of note. The sales ranged from \$9 to 11.

The supply of sheep was also large, amounting to 10,000 head. The market was quite brisk, and sales were made at from \$3 50 to 4 50 for fat sheep, and from 2 50 to 3 50 for stock sheep. 250 head of cows and calves were sold at from \$35 to 55 for milk cows, and from 25 to 35 for dry cows.

Flour, Grain, &c.
The receipts of Flour are liberal, but there is no export demand, and standard brands are offered at \$5 50/65 75 per bbl, without finding buyers. 300 bbls choice Kentucky extra sold at \$6, and 1000 bbls Western do on private terms. Small sales are making for home consumption from the latter figure up to \$8 for common superfine and fancy lots.

The retailers and bakers are purchasing only to supply their immediate wants, fearful of a further decline in prices. There is very little Flour or Corn Meal offering, but the supply is ample for the demand—the former is at \$4 50, and the latter at 4 per bbl.

Grain.—There is a fair amount of Wheat offering, and the demand for it has somewhat increased. Sales of 1200 bu good and prime Southern red at 120/125 per c; 4000 bu Southern white at 125/127, and 1000 bu choice Kentucky do at 134/135c. Rye is in steady demand for distilling at 75c. Oats are in fair supply—3700 bu good Delaware sold at 34c per bu.

200,000 ft. Dry and Green 1 in. Boards, from \$1 25 to \$3 00 per 100 feet, for sale by FRANCISCU.

HOVER'S LIQUID HAIR DYE.

THE following, from that eminent Physician of Philadelphia, Dr. Brinckle, added to the testimony of Professor Booth, only confirms what is evidenced by thousands who have used Hoyer's Dye.

"GILBARD ROW, CARNEY STREET, Philadelphia, December 22d, 1853. In regard to Hoyer's Hair Dye, I can state unhesitatingly, that it contains no deleterious ingredients, and may be used with entire safety, and with the utmost confidence and success." W. D. BRINCKLE, M. D.

HOVER'S WRITING AND INDELIBLE INKS are so well and widely known as to require no eulogy of their merits; it is only necessary to say that the steady and increasing demand gives the best evidence that they maintain their character for superiority, which distinguished them when first introduced, years ago.

Orders, addressed to the manufacturer, No. 416 Race street above Fourth, (old No. 144,) Philadelphia, will receive prompt attention by JOSEPH E. HOVER, Manufacturer. Philadelphia, September 10, 1857.—y
