The Democrat on Stilts. Our caution last week to look out for Roorbacks in the Democrat it appears was not without reason, as that sheet is pretty well filled with Peter Wilkins stories of the Lives, Adventures, Hairbreadth Escapes, and Perilous Worm Fence Disasters of the Democratic party in general and Dr. Charles Bower and his associates on the county ticket in particular, interspersed with sundry "facts" that are not facts, which would have added considerably to the credit of Baron Munchausen had they been incorporated into his renowned histo-

Dr. Charles Bower, we learn from that veritable sheet, alleges he is not in favor of appropriating money to the Sunbury and Erie Railroad or any other corporation, in fact we gather from it that the Dr. is not in favor of anything at all except his own election. He is held up as the opponent of the Pennsylvania Railroad and Cato be its friend. Now, if this is true, we commend it to the supervisor, collectors, cargo inspectors, locktenders, and flat hands of this division, ninety-nine out of a hundred of whom were so late as last week known to be the warm political friends of Dr. Bower, for, according to that paper, they are supporting a man who will turn them out of office by putting down their employer! The climax however of the Democrat's ground and lofty tumbling is the following:

"Dr. Charles Bower is with and for the people—opposed to all the plundering schemes supported last winter by Parcell."

The plundering scheme here spoken of is the sale of the Main Line, an act which will reduce the State Tax next year onesixth, and in a few years more one-half. It is truly a "plundering" scheme, but unlike the Sunbury, will plunder into the pockets of the taxpayers instead of the state robbers. It is not however worth while to follow the Democrat's wild eulogies of Dr. B., and we will therefore put upon record the following assertions:

1st. Charles Bower received a letter making inquiries as to his course, opened it in the Newton Hamilton post office in the presence of Esq. Morrison and several others, and got into a bit of a rage at people sending him "such questions." If that letter was not what we have charged it to be, let the fact be made known what questions were propounded?

2d. We can prove that A. A. Banks did assert that Dr. Bower refused to pledge himself to any course of conduct.

3d. We assert again that Dr. Bower's intention was to remove to Harrisburg in case of his election, and thus cease to be a citizen of this county; and if he has altered that intention, it has been since he was charged with it.

Against the remainder of our ticket the Democrat lets loose sundry puffs of wind entirely harmless. Thus Mr. Guthrie is charged with not having supported Gen. Irwin as an independent candidate in 1851, which if he did not is certainly no political sin, as the very fact of his being an cal sin, as the very fact of his being an independent candidate laid aside party obligations. But if this is any objection to Mr. Guthrie, how can the Democrat supmeant by pleasure; and yet with all this, it is strange so meant by pleasure; and yet with all this, it is strange so meant by pleasure; and yet with all this, it is strange so meant by pleasure; and yet with all this, it is strange so port its candidate for Sheriff, who broke | many come, and so lew recent

the trammels of party, supported Gen. Irwin, and opposed Gen. Ross, the regular nominee of his party? Mr. Barr, we learn, was nominated to "promote an especial interest," which we take it means that he was nominated to beat Selheimer. Mr. Morrison was nominated, the Democrat says, by bargain and sale in connection with the Commissioner, to serve the purposes of a certain few. Mr. Cubbison it don't like either, and thinks Stoneroad will make a good director, and thereupon flies off into a homily about his economy, which we do not endorse. There is a difference between penuriousness and economy. On the whole, the Deinocrat has a remarkable love for its weak nominees, and cracks JOHN PURCELL, Esq., of N. Hamilton. them up about ninety-nine degrees higher than they themselves or anybody else ever thought them to be; and if the election was further off than it is, the likelihood would be that Bower, Waream, Selheimer, Williams, Cupples, and Stoneroad, would imagine themselves barrel pumpkins instead of ordinary ones. For our part we are satisfied the people know the men on both tickets pretty well, especially those whom the Democrat underrates so much, and will vote understandingly when the

THE LIARS PINNED.

The following correspondence between Mr. Ford and the editors of the Altoona Tribune, substantiates the supposition we made last week that Swoope's list is a forgery, and was got up merely to gratify the venom of three or four white-livered scoundrels who have been and are now under pay as hired politicians. That papers were bought last year there is no doubt, and all honest Americans who can carry their memory back one year will be at no great loss to know, from their course, what names ought to be substituted in the place of those published.

TRIBUNE OFFICE. Altoona, Sept. 22, 1857. Hon. Thos. FORD-Sir :- In the Philadelphia Daily News of yesterday, we notice a communication over the signature of H. Bucher Swoope, charging us on your authority with receiving, from or through you, \$425, from the Republican Party, during the last campaign. The said charge is supported by an affidavit of one Dr. W. W. Woodward, who says under oath, that he received from you in person, the list of papers said to be subsidized by or through you, among which the name of our paper The Altoona Tribune, appears. Will you please to let us know as soon as practicable, whether you are the author of the list in question ; whether you ever paid to us any money during the Fremont campaign, or whether you paid money to any other person or persons, and if so, what amount and to whom? An early compliance with the above request will confer a tavor upon

Yours respectfully, M'CRUM & ALLISON, Editors "Altoona Tribune."

MANSFIELD, Sept. 24, 1857. EDITORS ALTOONA TRIBUNE - Gentlemen : Your letter of the 22d surprises me-I do not nal Company, while Mr. Purcell is declared know either of you. I am not the author of any list of papers in Pennsylvania for the purpose of subsidizing them. I never paid money to either of you during the Fremont or any other campaign. I never paid money to any other person for you, therefore I cannot answer your third interrogatory, "What amount and to whom?"

I have been informed, and believe the devil is the father of lies, but like other great inventors he is likely to lose much of his reputation by improvements made upon him by such a communication as H. Bucher Swoope has furnished, and such an affidavit as W. W. Woodward has sworn to and published in the Philadelphia News. In haste, THOS. H. FORD.

.... We would once more call the attention of all who are easting their eyes westward, to the liberal inducements held out by the Illinois Central Railroad Company for the settlement of their lands by actual settlers. Fortunate-That our bank account was down to six dolars and our pocket to two gold dollars, two Spanish quarters, one levy, and two three cent pieces, when the banks

all suspended. We are safe as yet, anyhow.

Now Dr. Bower is just about as likely to remove to Harrisburg while a representative of Mifflin county as Mr. Stoneroad is to pay a visit to the "man in the moon,"—Demograt.

As the latter is by no means improbable on the evening of the 13th October, we take it for granted that the Demo crat admits Dr. Bower will remove to Harrisburg in case of his election, and thus cease to be a citizen of this county. --- The Clearfield Republican, the loco organ, lately entered into a defence of Swoope's character, and asserted that he moved in the best society, &c. The wives of straightout husbands here and elsewhere, who have acquaintances at Clearfield, we hope will write and enquire why the wife of H. Bucher Swoope left him. They can then learn what a "noble" leader their husbands have! -The Democrat sets down the tonnage tax on the Pennsylvania Railroad at over \$400,000, while the sworm officer of the State has it a little over \$200,000. REV. C. M. KLINK'S FAREWELL .- The Lutheran church was filled to overflowing on Sabbath morning last by members and others, to hear Mr. Klink's farewell discourse. He spoke with much feeling, was deeply affected during its delivery, and few, either young or old, passed through scene without shedding tears. In the afternoon he met the Sabbath Schools in the church room, for the purpose of giving them a short farewell address. The house was filled with teachers and ehildren, and the friends of the Church and Sabbath by J. Hamilton and A. P. Blymyer, who cises were closed by singing "When shall we meet again?" after which the whole congregation responded to the final word farewell. After the congregation was disto take Mr. Klink by the hand for the last of turning their thoughts to that world time-of, which nearly all, young and old, availed themselves. The whole scene was such as few have witnessed, and will be long remembered by all present. The following preamble and resolutions adopted by the Teachers' Association, were read: WHEREAS, The time is at hand when we, as Sabbath School Teachers and Scholars, are called upon to meet with our Pastor and Teacher, Rev. C. M. KLINK, for the last time, and in a few hours he will bid us adieu; therefore, Resolved, That as Teachers and Scholars we express our heartfelt sorrow at being thus called upon to break the ties which have held us together as a united band, for nearly flye years.

A. P. BLYMYER, JNO. HAMILTON, C. HOOVER. A farewell poem from the Jack's Creek

Congregation was also read: Farewell, our faithful pastor,
A last, a sad farewell;
It fills our hearts with sadness,
Our grief we cannot tell.

Our eyes are dim with weeping, To think that we must part From you, our much-loved pastor, It almost breaks our heart.

You've fed us at the fountain-

Where, free from pain and sorrow, We'll meet to part no more: O, there we'll dwell forever, On Canaan's happy shore.

Then go, our much-loved pastor, Go to the chosen spot, Where thirsty souls are panting-Where God has cast thy lot.

Our prayers for thee shall ever Ascend to Him above— We ask thee, Lord, in mercy, To shield him with thy love.

O! comfort and protect him, While laboring there in love. Then take his spirit to thee, To dwell in heaven above.

Then take this, our last tribute,
"Our grief we cannot tell—"
May God in mercy bless thee,
Our pastor dear, farewell.

THE TEACHERS' INSTITUTE.-Such of our readers as looked for an account of the teachers' institute subsequent to our former report, were probably somewhat disappointed last week. Having understood that an official report would be furnished, no meaand we were thus compelled to go to press without even an allusion to the proceedings. The institute closed on Saturday morning .-So soon as the character of the intellectual treat afforded was properly understood by our citizens, it was attended by unusually large audiences, who nightly expressed themselves more and more gratified.

Holloway's Pills .- The stemach, in some of its diseased conditions, turns the food it receives to poison. It supplies the veins with a fiery principle which creates inflammation. The liver sympathises with it, and produces acrid bile. From these causes result diar rhæa, dysentery, inflammation of the bowels, congestion of the brain, affections of the throat and lungs, and numberless external disorders. Yet there is nothing easier than to relieve a disordered stomach and restore the digestive powers to perfect health and vigor. Holloway's Pills act upon all the machinery employed in that wonderful chemical process by which aliment is changed into blood. A course of this preparation is a radical cure for indigestion and all the disorders of the bowels to which it leads.
