THE HORN AIL.

Several agricultural journals contend that there is no such thing as Horn Ail, or Hollow Horn in cattle; and that the boring of the horn, and the filling of it with severe remedies, is only a needless cruelty to the poor animal, and may result in inducing a disease, instead of curing one. Dr. Dadd, the able editor of the Veterinary Journal, of Boston, says he has had several opportunities of examining the bodies of cattle said to have died of horn ail, and that among these were cases of softening of the brain, which the remedy of boring could never reach. Cold horns, which have been considered as evidence of hollow horn, is shown to be a symptom of catarrh, colic, constipation, scouring, or any other derangement of the digestive organs. Such being the fact, horn boring becomes a universal resort, and must bring very much to the suffering of the cattle, and may, in some cases, actually produce death. Timiri Howard, in the New England Farmer, recommends the following as a remedy for Hollow Horn, so-called: I had a cow several years ago that was taken, as we supposed, with the horn ail. I tried almost everything, boring the horns, putting in salt-petre, pepper and salt, and salt and vinegar, to no purpose. I heard of a remedy which I tried, which effected a cure in a short time. It was British Oil, about a tablespoonful turned into each ear; I have tried the same several times since, and always with good effect. I never have had to put in but one dose to effect a cure. [This remedy is at least harmless, and ought therefore to be preferred. A farmer in this county informed us some time since that he also used it.]

SELECTING SEED CORN.

Farmers will remember that for some years a great deal of corn came up badly. Last spring, especially, much of it "rotted" in the ground. The loss from this cause is hundreds of thousands the present season. On our own ground (with some fourteen acres in corn) the loss was next to nothing. The same is true of some others we could name. What is the reason of the difference? Why does the seed in one field grow, and in another rot? That is just what we wish to come at.

One great cause of the rotting of seed is that it was never well ripened. Another reason is that it is badly dried. Poorly ripened and badly dried seed is very little injured by fermentation, and a very little fermentation and moulding will destroy vitality. Last autumn we had the best, largest and ripest ears carefully selected, and braided together by the husks in tresses, and hung in a dry place. This was planted, and notwithstanding the drenching rains and mud, all came up—not a missing hill or stock—and the field is noted as one of the best in the country. The same has been the experience of some others. Those who made no selection and took no care of their seed, have had "very bad luck." Another field was planted with King Philip corn, not trussed; but as this sort ripens so early and perfectly, this operation appears not necessary. It came up as evenly as the other.

Let farmers select their best and ripest ears, and either truss and hang them up, or place them in the ear, where they will dry thoroughly, (unless it be some very early, quickly-ripening sorts,) and there will be better success and better luck with the corn crop.—Country Gentleman.

Peach Tree Borders.—We see it recommended that among the very best remedies against the attacks of the peach worm is a good mulching of straw, dry weeds, chips, &c., &c. If this is a remedy, it will of course answer for the apple tree borer. In all these so-called remedies, however, the watchfulness of the cultivator must be added, or they may fail. Give to your peach, quince and apple trees the same attention that is bestowed upon a cabbage patch, an onion bed, a crop of corn or potatoes, and the trees will always be secure against the attacks of borers, and the crop equally certain and secure.—Germania Telegraph.

Recipe for Making Perpetual Paste.—The Fairmount True Virginian says: Having tried the following recipe which we found in Warrack's Virginia Almanac for 1857, we can recommend it to all persons who have constant use for paste. We have now before us paste made several weeks ago which is just as sweet and as adhesive as when first made. We think we were fortunate in stumbling upon so excellent a recipe. In a quart of warm water dissolve one ounce of alum; let it stand till cold, and then stir in flour until it is of the consistency of cream; add half a teaspoonful of powdered rosin and a few cloves; then put the mixture on the fire and boil until done, taking care to stir it all the time.

To Drive Away Flies.—The Courier du Havre, in alluding to the plan lately suggested for driving away flies (the use of Laurel Oil), says that no fly will enter a room in which a wreath of walnut leaves has been hung up.

Kishacoquillas Seminary.

H. S. ALEXANDER, Principal.

THE Winter Session of this Institution opens on the 5th of November, when every facility will be afforded to male and female pupils for the acquisition of a solid and ornamental education. Its friends and patrons may rest assured that every effort will be made to increase its growing reputation and render it worthy of the confidence and patronage of all. Parents who wish their children removed as far as possible from temptation and the scenes of vice and immorality so common to large towns and small villages, could not desire a better location, as it is entirely in the country, and there are no public houses where liquor is sold within five miles of the institution. The assistants employed are eminently qualified by their education and ability for their profession. Lectures will be delivered on History, Geography, Anatomy, and other scientific subjects.

Terms.—Boarders, \$55.00 per session of 21 weeks, \$27.50 payable in advance. For this sum the student is entitled to Board, Tuition and Furnished Rooms. Orphans and the daughters of clergymen are charged half price for the English Branches. Light, Fuel and Washing at the expense of the student. The usual charges made for Music and the Languages. The Pennsylvania Central Railroad, which connects with Baltimore, Philadelphia, New York and Pittsburg, passes through Lewistown ten miles from the Seminary, at which place students take the coach for Reedsville, and there conveyances may be procured, or if notified, the Principal will meet them with a conveyance from the Seminary. For further particulars address H. S. ALEXANDER, Principal, Kishacoquillas, Mifflin co., Pa. oct-2m

FREEBURG ACADEMY.

Snyder County Normal School, FREEBURG, PA.

THE third semi-annual session of this Institution will commence on TUESDAY, July 21st, and continue 22 weeks. Its location is pleasant and healthy, buildings new and commodious, and terms low. It is the constant aim of the teachers to impart sound instruction and carefully develop and direct the mental, moral and physical energies of the student. The course of study will thoroughly prepare those pursuing it for college, the study of a profession or business pursuits. THE NORMAL DEPARTMENT offers superior facilities to teachers, and those wishing to become such, to acquire the necessary qualifications. The County Superintendent will frequently review classes and lecture on the practical duties of the school room. Lectures are also delivered in connection with the subjects of study, and every exertion made to qualify applicants for the profession. Arrangements are being made with directors to procure schools for those who obtain creditable certificates.

Board, room, tuition, &c. \$52 to 60 Tuition alone, " 8 to 16 " in Normal Department per q. 6 Music extra. Boarding in the village, \$1 50 to \$2 00 per week. Get a catalogue containing further particulars. Address GEO. F. McFARLAND, Principal, July 16

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures Every Kind of Humor

From the worst Scrofula down to a common Pimple. HE has tried it in over 100 cases, and never failed except in two cases, (both tender humors.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston. Two bottles are warranted to cure a nursing Sore Mouth. One to three bottles will cure the worst kind of Pimples on the Face. Two to three bottles will clean the system of Biles. Two bottles are warranted to cure the worst Canker in the Mouth and Stomach. Three to five bottles are warranted to cure the worst case of Erysipelas. One to two bottles are warranted to cure all Humors in the eyes. Two bottles are warranted to cure Running of the Ears and Itches among the Hair. Four to six bottles are warranted to cure corrupt and running Sores on the Neck. One bottle will cure Scaly Eruption of the Skin. Two to three bottles are warranted to cure the worst case of Ringworm. Two to three bottles are warranted to cure the most desperate case of Ringworm. Three to four bottles are warranted to cure the Salt Rheum. Five to eight bottles will cure the worst case of Scrofula. A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken. Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle but it sold an other; after a trial it speaks for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor. I know of several cases of the sudden rise and great popularity of the discovery, I will state that in April, 1852, I peddled it and sold about six bottles per day—in April, 1851, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the nature of patent medicine was ever like it. There is a universal praise of it from all quarters. In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected. I know of several cases of Epilepsy, a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are few who have seen more of it than I have. I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known. No change of diet necessary—eat the best you get and plenty of it. DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years, dessert spoonful—Children from 5 to 10 years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day. Manufactured by DONALD KENNEDY, No 120 Warren St., Roxbury, Mass. Wholesale Agents, New York City, C. V. Clickner, 81 Barclay street; C. H. King, 192 Broadway; Rowland and Clark, 275 Broadway; A. B. & D. Starks, 100 Fulton street. T. W. DYOTT & SONS, Philadelphia, wholesale Agents. For sale by F. J. HOFFMAN and Mrs. MARY MARKS, Lewistown, and by B. F. KEPNER, Middletown. [set-ly.]

BULL'S SARSAPARILLA,

PUT UP IN FULL QUART BOTTLES. And containing the strength of six times as much pure Honduras Sarsaparilla as any other similar preparation in America. A FEW bottles of this Sarsaparilla, put up several years ago, rendering it the more valuable, (as all well-informed druggists know that age improves it,) have been deposited at the drug store of CHARLES RITZ, in Lewistown, where they are offered for sale at three-fourths the regular price, namely 75 cents per bottle. It has been a well established fact for years past that Sarsaparilla, when pure and properly prepared, was the only true panacea for all diseases originating from an impure state of the blood, the use of mercury, intoxicating drinks, evil habits in youth, barrenness, &c. We boldly assert that JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA is the only preparation before the public that is prepared on strictly scientific principles and of uniform strength. The Sarsaparilla is purchased without regard to price, and every pound, before being used, is subject to the strictest chemical tests, and its genuineness ascertained before being used. Bull's Sarsaparilla also contains the virtues of several other valuable medicinal roots, together forming the best compound, and producing the greatest curative agent in the known world! This medicine, when used according to directions, has cured Scrofula or King's Evil, Cancers, Tumors, Eruptions of the Skin, Erysipelas, Chronic Sores, Rheumatism, Old Sores and Ulcers, Pains in the bones or Joints, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Loss of Appetite, Pain in the Side and Shoulders, General Debility, Dropsy, Lumbago, Jaundice, Costiveness, Sore Throat, Bronchitis, Coughs, Colds, Weakness of the Chest, Pulmonary Affections, and all other diseases tending to produce CONSUMPTION. Liver Complaint, Female Irregularities and Complaints, Sick and Nervous Headache, Low Spirits, Night Sweats, Exposure or Imprudence in Life, Chronic Constitutional Diseases, and is a spring and summer drink and general tonic for the system, and a gentle and pleasant purgative, far superior to Blue Lick or Congress Water, salts, or seltzer waters. For sale by CHARLES RITZ, Lewistown. Price 75 cts. per bottle. jct18-4f

HOVER'S LIQUID HAIR DYE.

THE following, from that eminent Physician of Philadelphia, Dr. Brinckle, added to the testimony of Professor Booth, only confirms what is evidenced by thousands who have used Hover's Dye. "GIRARD ROW, CAENSTON STREET, Philadelphia, December 23d, 1853. In regard to Hover's Hair Dye, I can state unhesitatingly, that it contains no deleterious ingredients, and may be used with entire safety, and with the utmost confidence and success." W. D. BRINCKLE, M. D. HOVER'S WRITING AND INDELIBLE INKS are so well and widely known as to require no eulogy of their merits; it is only necessary to say that the steady and increasing demand gives the best evidence that they maintain their character for superiority, which distinguished them when first introduced, years ago. Orders, addressed to the manufacturer, No. 416 Race street above Fourth, (old No. 144.) Philadelphia, will receive prompt attention by JOSEPH E. HOVER, Manufacturer. BOOTS AND SHOES AT REDUCED PRICES!

THE subscribers, finding that they cannot do business on the present credit system, would inform their friends and the public that they are determined to REDUCE their prices, and sell for CASH alone, without exception. The entire stock of Eastern work now on hand will be sold at COST, and made work of all descriptions will be sold at nearly the OLD RATES, as by selling for cash, only the per centage for interest and loss will be thrown off and prices made nearly as low as when stock was cheap. Our friends will please bear the above in mind, and not put us to the disagreeable necessity of refusing them credit. All persons indebted to us will please pay up immediately, and those having claims present them for settlement. JOHNSTON & CLARKE, July 16, 1857.
