

THE GAZETTE.

LEWISTOWN, PA. Thursday, October 29, 1857.

NOTICES OF NEW ADVERTISEMENTS.

George Blymyer has laid in a complete stock of Goods suitable for the season, and at greatly reduced prices.

The sale of personal property of Henry Ruble, will not take place on Friday, Oct. 30th, as heretofore advertised.

The American Agriculturist for November contains 32 quarto pages, embracing a large quantity of matter of interest to the farmer and general reader.

Forney's Philadelphia Press, in an article on the election, says: "We need not take into consideration the vote thrown for Mr. Hazlehurst, because it is manifest that if the Democratic party is true to itself, all this vote will henceforward be enrolled under our banner."

The side-door News pretends to kick against this, but does so very feebly—in fact it avows its readiness to fall in with the locofocoes, if the latter will only consent to call themselves straightouts.

The Philadelphia papers of Monday report the proceedings of a meeting of Germans held in a larger beer saloon on Sunday afternoon. The principal speaker denounced railroads particularly as all insolvent, and then averred they must give them work or bread, or there would be a fight.

We find the following in the New York papers: "A few months since, a partner of a commercial house in New York was taken to a lunatic asylum, utterly deranged, as was said, by his unparalleled prosperity in business."

The weather continues raw and chilly. Still in progress—The revival in the Methodist church.

Mrs. Dr. Rush, for many years the leader of the Philadelphia fashionables, died at Saratoga on Saturday last.

The managers of the Blair county Agricultural Society awarded to Master John Cunningham, of this place, for his poney and horsemanship, a premium of \$3.

D. J. Field & Co. have commenced the publication of the "Shoe and Leather Reporter"—semi-monthly at \$1 per annum, monthly 50 cents. Philadelphia office 112 South Third street.

A young man named Martin Glenn, living with Mr. Way, in Benner township, Centre county, had his arm badly broken last week in attempting to take a harrow from a wagon.

Wm. K. Richardson, of Miamisburg, Ohio, on Monday, went into the United States Hotel, at Cincinnati, called for a glass of brandy, poured in fifteen grains of morphine, drank the mixture, and soon died.

Nearly eight millions of acres were located in all the States and Territories with military land warrants, under the act of March, 1855, from the 1st of July, 1856, to the 31st of August last.

Shakespeare and Scripture.—An obituary notice in an exchange ends thus: "After life's brief fever, he sleeps well." Truly, "Blessed are the dead who die in the Lord."

A steamer from Prairie du Chien late presented the following spectacle: at one end of the long saloon, a clergyman was preaching, in the middle gambling was in busy progress, and at the other extremity music and dancing was going on.

The Virginia New School Presbyterian Synod has seceded from the General Assembly, the latter body not being "human bondage" enough for them. Our churches will apparently soon have two roads to the future—one with, the other without slaves.

We gave what we believe was a correct account of the Baltimore election riots, and it is useless therefore to enter into a dispute about the matter with the Democrat.—We again repeat that the only wanton murder committed was in the 8th ward, where the Irish democracy ruled with undisputed sway, just as the know nothings did in most of the other wards.

LOCAL AFFAIRS.

CHOICE PUMPKINS.—During the past season Mr. F. J. Hoffman introduced the Kershaw Pumpkins into this neighborhood, a number of which he has now on hand at his store for sale at low prices by the dozen.

LOOK OUT FOR THEM.—The Harrisburg Telegraph notices the arrival there of several professional beggars, who will no doubt also visit this region. They are all provided with "papers," signed by fictitious personages, testifying to the meritorious character of the applicants.

As from appearances every community will have enough to do this winter in aiding their own poor, we hope all will carefully examine into these foreign cases before they aid them in their rascality.

COLTS KILLED.—On Monday night last, we learn from the Democrat, seven 3 year colts, the property of Gen. John Ross, were killed by the down lightning train, and another so badly injured as to render it unfit for use.

Mann's Axe Factory near Bellefonte has been temporarily closed by the hard times. This establishment has no connection with the celebrated manufactory of Wm. Mann in this county, which thus far has continued its business.

Reported for the Gazette.

The Hollidaysburg Standard notices as a "remarkable fact" that three democratic electors have been elected to the Legislature from Blair, Huntingdon, and Mifflin.

A boy named Samuel White, aged 15 years, who was engaged with a number of others in a calathumpian serenade, in Lancaster county, on the marriage of his sister, drank a quantity of whiskey when invited into the house, and was found dead next morning.

The Philadelphia Banks, in asking the country banks to furnish them with funds to redeem the latter's notes. Considering the city banks to have been the first to suspend, and with some of them we think it will be a lasting one, this is a remarkably modest request.

The Lancaster Intelligencer complains that while the democratic employees of the Railroad there voted and then went to work, some of the republicans staid on the ground to electioneer. Well, here it was just the reverse—the American republicans voted and then went to work, while the democratic employees staid on the ground and electioneered with as much grace as when the canal board controlled the ditch.

The Interior Department has received information that a drover lately, while passing the Great Plains, unnecessarily killed a woman and a child of the Snake Indians, and also fired at the war chief of the tribe. In consequence of this, the Indians are greatly incensed. As they have heretofore been remarkably good terms with the whites, and have steadily refused to take part with the Mormons, the fear is that they will now depart from their friendly policy. The Department will at once take measures to repair the irreparable mischief thus occasioned.
