The race for the Great Czarawitch Handicup, at New Market, resulted in the triumph of Mr. Ten Broeck's "Prioress." The success of the American horse was received with great cheering, and she immediately became the first favorite in the betting for the Cambridgeshire stakes, to be run for at New Market, on the 27th of October. Before the race one hundred to one was laid against Prioress. The American horse Lecomte died from an attack of cholie. Pryor had been stricken out of all his engagements for the present

Later dates from India have been received at London by telegraph from the overland mail. The Calcutta dates are to the 10th, and from Bombay to the 17th of September. The siege train was expected to reach Delhi on the 3d of September, when the assault

would be commenced.
The Indian dispatches state that Gen. Nicholson had defeated the rebels near Najafghar, with the loss of three guns. Gen. Havelock had also defeated the rebels near Bithour, on the 16th of August. The garrison at Lucknow had made a gallant and successful sortie, capturing the guns of the mutineers, and also of provisions. The Dinapore mutineers had been again defeated by Major Eyre. The rebels were threatening Allahabad and Benares. Large bodies of troops were marching from Calcutta toward Allahabad. Troops were also arriving at Calcutta from England. their transport having been effected with great rapidity. A dispatch to the Lendon Post says that the British forces had attacked Lucknew Castle, spiked the guns, and inflicted a heavy loss upon the enemy.

THE KANSAS ELECTION.

From the Lawrence Kansas Republican, Oct. 15. Election returns have been received from nearly every county in Kansas, and the result is, every district, except the Leavenworth and Atchison Districts, has gone overwhelmingly Free State. Such a display of strength was scarcely ever before exhibited between two contending parties for power as is seen in the vote throughout all Kansas, except on the immediate Missouri border. 70 to nothing, 150 to 3, 240 to 0, 905 to 11, this is the way the vote runs where the polls were not convenient of access from Missouri. said the Free State ticket was overwhelmingly victorious except in the two districts mentioned. In this we slightly erred. According to the true vote cast in this district, the Free State Party carried the day by 1300 majority. out of an aggregate of about 2300 votes. All was right so far, and would stand so, except for the fraudulent returns mentioned else

where.

Admitting, however, the Johnson county, and all fraudulent returns, Marcus J. Parrot is elected by about three thousand majority, and Secretary Stanton has indicated his read iness to give him his certificate of election. Johnson county has sent up to the Secretary's office returns giving for the county some 1700 Pro-Slavery majority. The mass of the returns are from the Oxford Precinct, a little town on the Missouri line, or rather the village, what there is of it, is on the Missouri side. There are not thirty legal voters living at that Precinet, and only some 80 were polled the first day. But the polls were kept open, or pretended to be, another day; and now the pretence is made that from : thousand to fifteen hundred votes were polled the second day. Now, according to the census of the Pro-Slavery men themselves, Johnson county contains only 496 voters, and a total population of only 800 inhabitants! Of course, such monstrous returns give prima facie evidence of being fraudulent througho.t. A majority of 10,000 would be just as reasonable and honest from Johnson county

as this 1700 majority.

The Kansas Herald of freedom says: Gov. Walker and Secretary Stanton were on Wadnesday on their way to the border, to inquire in person in regard to the fraudulent election returns from the Oxford Precinct, in Johnson county. They exhibit the poll books, which are upwards of 40 feet in length. On enquiry they found, as they report, about 120 of the first votes polled, residents of the county; the balance of the names are un known to any body in the region, and are merely fictitious names, entered for the occa-

By telegraph we have the following additional in reference to the above:

Sr. Louis, Oct. 26.-A protest, signed by several prominent citizens of Kansas, was returns from Oxford Precinct, Johnson county; and in reply to it, after a personal examina the 20th, in which they express a determination to reject the entire vote of Oxford, and to give certificates to the Free State candidates. The proclamation produced intense excitement amongst the extreme Pro Slavery men, and threats of vengeance against Gov. Walker and Secretary Stanton were made.

On the 19th inst. a protest was made against assembling the Constitutional Convention by a Mass Convention of the people at Lecomp-

Escape-Daring Exploit-Recapture. Our usually quiet village has been the scene of intense and continued excitement, since last Saturday morning, produced by the es cape from our jail by a man calling himself John Jehnston and other aliases, on last Friday night. He effected his exit by drawing his hands through his hand-cuffs, filing the hobbles of his ancles, digging a hole through the planked stone wall of the jail, and scaling the wall of the yard. Whether all this was accomplished without assistance, it is dificult to determine, the probabilities are rather in favor of the belief that he received some aid either at the time he escaped or previously, but what amount it would be impossible to guess. But the singular part of the story remains to be told. No trace of the escaped prisoner could be found on the next day, but on the night following the sheriff's effice in the front part of the jail was broken iato by some persons by breaking open the shutter of one of the windows, the sheriff's desk broken open, and a trifle of money, all that could be found, taken; several tracks were found in the mud in the vicinity, evidently those of the burglars. On the same night a valuable horse belonging to Mr. Ja-cob Hoover, of Lawrence township, was mis-sing. By the time the excitement had become considerable additional erable, additional pursuit was made for the stolen animal and the gentleman who had released himself from the custody of the law by a verbal writ of Habeas non Corpus, who was supposed to be the thief. About three or four o'clock on Monday morning, after having been pursued and seen frequently, the thief was taken in the neighborhood of Jas. Blooms, on the road leading from Curwens-

ville to Luthersburg, and found to be the escaped prisoner. The horse which he had been compelled finally to abandon was also recovered. He was accordingly brought back to be again lodged in jail, but ere he could reach that sanctuary, a crowd of excited persons, as soon as the wagon upon which he was conveyed in charge of the persons who had arrested him, reached the centre of our town, mounted the vehicle with a rope, declaring their intention to hang the prisoner without further ceremony. By the exertions of our citizens however they were induced to desist in case he would make a confession, and give the names of his accomplices. This the fellow proceeded to do as well as his fright would permit him, and implicated several citizens of our county, several of whom have been arrested and some of them committed for trial.

Of one thing there seems be but little doubt. Our county is evidently infested with a gang of depredators who are engaged in all kinds lawless and criminal occupations, and whom it seemed impossible to detect, although everybody was aware of its existence. We hope that the late incidents may be the means of its being broken up and its members brought to punishment or compelled to leave the country entirely. We regret to see the tendency of our usually orderly and quiet com-munity towards Lynch law, the worst species of lawlessness in existence. Our laws are both wholesome and efficient, if properly ad-ministered, and the people should rest satisfied with their action.

A Grass Hopper Shower. - By a letter from Kansas we are informed that on the 14th of August last, at 2 p. m., a cloud of a singular ellowish appearance arose in the north, near the village of Manhattan, and soon the storm burst upon the inhabitants. It was neither rain, hail or snow, but grasshoppers, and in about ten minutes the ground was covered with them. They came in droves, and struck the houses like large hail stones. Soon the greund was strewn with corn leaves and ears, some of which, two inches through, were eat en off half their length, some with the husks and corn trimmed as with a knife, leaving the bare cob standing. . Two and a half acres of buckwheat, three acres of turnips, watermel-ens and all vines on which they feed, were eaten up, except those on the south side of a piece of millet. In fact, they cleared out every crop except sugar cane. There was a field of sugar cane with corn on both sides of it; the corn was taken and the cane left. The grasshoppers remained at Manhattan fortyeight hours, and seemed to be travelling south, stopping there to feed. When they left they passed over Ogden high in the air and did not descend. The cloud seemed to be about ten miles wide. - Unadilla Times.

IS COMING.

NOVEMBER APPOINTMENTS. Dr. Hardman, Physician for Diseases of the Lungs,

Formerly Physician to the Cincinnati Marine Hospital, MAY BE CONSULTED AT Lewistown, National Hotel, Monday, Nov. 14

Mifflin, Patterson House, "16 Huntingdon, Jackson's Hotel "13 Dn. Hardman treats Consumption, Bronchitis, I aryngtis, Asthma, and all diseases of the Throat by MEDICA-

TED INHALATION.

The great point in the treatment of all human maladies is to get at the disease in a direct manner. All medicines are estimated by their action upon the organ requiring relief. This is the important fact upon which labalation is based. If the stomach is diseased, we take medicine-directly into the stomach. If the longs are diseased, breathe or inhale medicated vapors directly into them.—

The reason why Communition and disease of the stomach. The reason why Consumption and diseases of the Lungs have heretofore resisted all treatment, has been because they were not approached in a direct manner by medicine. They were intended to be focul, and yet they were so ad ministered that they could only act constitutionally, ex-pending their immediate action upon the stomach, whilst the foul ulcers within the Lungs were unmolested. Inthe foul ulcers within the Lungs were unmolested. Inhalation brings the medicine into direct contact with the
disease, without the disadvantage of any violent action.
Its application is so simple that it may be employed by
the youngest infant or feeblest invalid. It does not derange the stomach, or interfere in the least with the
strength, comfort or business of the patient.
5-No charge for consultation.

"NO SUCH WORD AS FAIL," A RESISTLESS REMEDY.

HOLLOWAY'S OINTMENT.

Circular to the Sick. THE first hospital surgeons and medical publicists of Europe admit the unparalleled anti inflammatory and Lurope admit the unparalleled anti inflammatory and healing properties of this Ointment; governments sanc-tion its use in their naval and military services; and the masses in this country and throughout the world repose the utmost confidence in its curative properties. It pen-etrates the sources of inflammation and corruption which underlie the external evidences of disease, and neutral-ize the fiery elements which feed and exasperate the

Rheumatism, Scrofula, Erysipelas. These are among the most terrible and agonizing di-seases of the muscles, the fleshy fibre and the skin; yet in their worst forms, and when seemingly insurable, they invariably disappear under a persevering application of this soothing, healing antidote to pain and inflammation.

Salt Rheum, Fever Sores, Stiff Joints. In cases of Salt Rheum, where medical waters, lotions, and every recipe of the pharmacopea have proved uscless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relax-

Discharging Ulcers. A most remarkable and happy change is produced in the appearance of malignant ulcers after a few applica-tions of this Ointment. The surrounding redness vanishes, and granules of healthy flesh begin to take the more or less rapidly until the orifice is filled up with sound material, and the ulcer radically cured.

A Word to Mothers. The young are most frequent sufferers from external injuries, and therefore every nother should have this healing preparation constantly at hand. It is an absolute

specific for sore breasts, and quickly removes the encrus-ted sores which sometimes disfigure the heads and faces

Significant Facts. This Ointment is universally used on board the Atlantic and Pacific whating fleet as a cure for scorbutic affections, and as the best possible remedy for wounds and bruises. Large supplies of it have recently been ordered by the Sultan of Turkey for hospital purposes.

Both the Ointment and Pills should be used in the following Cases:

Bunions Lumbago Sore Legs Scalds

Burns Mercurial Er. Sore Breasts Swel'd Glands
Chapp'd hands uptions Sore Heads Stiff Joints
Chilblains Piles Sore Throats Ulcers
Fistulas Rheumatism Bores of all Venereal sores
