

THE GAZETTE.

The Murder in Lancaster County. We briefly noticed last week the murder of two women in Lancaster County, named Anna Gerber and Elizabeth Ream in the house of the former, situated in a by road, about three-quarters of a mile from Neffville, and about one mile from Fruitville.

Mrs. Gerber was 55 years of age in October, and must have been a large, stout woman. Mrs. Ream was a small, delicately made woman, not more than five feet in height; she was 60 years of age. Mrs. G. is the mother of five children, and Mrs. R. of three or four; a son of the latter is married to a daughter of the former, who reside not more than one hundred yards apart.

In the morning, about 9 o'clock, Mrs. Ream was seen entering the house of Mrs. Gerber by some neighbors. Nothing further was seen or heard of them until almost one o'clock when Mrs. Ream, the daughter of Mrs. Gerber, married to the son of her mother, where she discovered both mother and mother-in-law lying upon the floor with their throats cut from ear to ear; their skulls mashed and crushed in a horrible manner.

She immediately gave the alarm, and the neighbors were soon aroused. The sight presented to them was truly awful; the whole upper end of the floor was one pool of blood, which had run around the bodies of the murdered women, and glued them to the floor.

Their hair was matted and hung to their countenances, while dark clots of blood covered their features. The deep and ghastly wounds in their throats, were open, and revealed the several portions of the neck, as if lack of the spine.

Both were bruised and battered about the head in a terrible manner: their skulls being crushed in numerous places. Where the skin had been severed, small streams of blood had issued, and glued the hair to the floor. Their clothes were all in disorder, leaving portions of their persons exposed.

The matlax which committed the act were arrested at Lancaster, and narrowly escaped lynching.

Murder in Luzerne County, Pa.

From the Luzerne (Pa.) Union of the 12th. We are called upon to chronicle another horrible murder committed in this county. An honest old German, named Jacob Mathias, living about seven miles from this borough, on the road to Bear Creek, was missed about ten days ago. He was in town the day previous and purchased a hog; he paid for it, and promised to call the next day and take it to his home. The fact of his not coming for the hog, as he had intended to do, aroused suspicion in the minds of his friends here that some accident had befallen him, and yesterday they started out in search of him.

Upon reaching his premises, they found a man there, named W. M. Miller, a native of Hanover, Germany, who seemed to have possession of the house. He said that Mathias had gone west to visit his son in law, and that he had searched the premises and paid for them. This only served to strengthen the suspicion that Mathias had been murdered, and the party commenced to examine the well near the house with hooks, where, to their astonishment, they found his remains wrapped in quilts, and having a heavy chain around the neck, and a large stone fastened to the end of it. Several gashes were upon his head, which had the appearance of having been made with a hatchet. An inquest was held by Esquire Williams, of Bear Creek. It seems that Miller was a poor man, and that Mathias had promised to keep him over winter in consideration of some work which he was to do about the house. Suspicion immediately centered upon Miller. He was brought to town, and after a hearing before Esquire Williams, he was committed to jail. The wife of Mathias died some time ago, and he was living alone at the time of his death.

Horrible Accident From Flood.

Between 6 and 7 o'clock Wednesday morning an alarm of fire and the ringing of bells resounded through town. This was occasioned by the burning of a girl, alive, in a pavement in South Queen street, in front of the residence of Annie Budd. The poor girl, called Henrietta Mate, is fifteen or sixteen years old. She was in the house mending, and while doing something to the fluid gas, it burst, her clothes instantly burning. She managed to get out of the house on the pavement, when the air increased in flames, which illuminated the street. The alarm of fire was immediately given by George Rupp and other gentlemen ran to the suffering girl, who was being consumed rapidly. They tore the remaining clothes from her body, when a horrible, heart-rending sight was presented. From her face and head her flesh was completely gone, and her body was a mass of black and white. Her face was so blistered and swollen that she could not see, and her tongue protrudes from her mouth.

We have gathered additional particulars regarding this sad calamity. In leaving the house she passed through four doors, brushing the door-curtains in such a manner that she was cradle in which she slept a child, whose clothes, &c. were singed. In feeling for the door, the girl's fingers came in contact with the wall, and the finger-marks were plainly discernible. On the pavement she lay, the flames reaching for her head, her body was a mass of black and white. Her face was so blistered and swollen that she could not see, and her tongue protrudes from her mouth.

Tragic Tragedy.

We learn of an attempt at murder and suicide, which took place on Monday, the 1st of December, at Underdell, Michigan, where a party, by the name of Charles Southwick, formerly employed as a carriage trimmer here, conceived a resentment for a Miss Laura Evans, also a resident in this place. The lady did not reciprocate the feeling, and removed not long with her father to Michigan. Thither she seem Southwick followed her with the intent to harm her. He renewed to her affection, and was rejected. By some means he gained access to her bedroom on Thursday evening, and with a razor cut her throat. She escaped from the room to her father, who gave the alarm, and on her return she was found by her father in her room, having attempted to commit suicide by cutting her own throat. At the same time she was bleeding profusely, and was about being removed to the county jail.

Miss Evans is a daughter of Samuel Evans, who kept the Mansion House in Clearfield in 1856, and is well known there.

HOVER'S LIQUID HAIR DYE.

The testimony of Prof. Booth and Dr. Brinckley previously published, the following is now added: From Prof. McCloskey, formerly Professor of Theory and Practice of Medicine in the Female Medical College of Pennsylvania, and late Professor of Surgery in the American College of Physicians, Philadelphia, Nov. 27th, 1856. Mr. Joseph E. Hoover.—A trial of your Liquid Hair Dye will convince the most skeptical that it is a safe, elegant and efficacious preparation. Unlike many of the hair dyes in general, which are injurious to the hair, and in several instances proved serviceable in the cure of some cutaneous eruptions on the head, and I have no hesitation in commending it to those requiring such an application. Very respectfully, J. F. McCloskey, M. D., 475 Race st. above 13th.

HOVER'S WRITING INKS, including Hoover's Writing Fluid and Hoover's Indelible Ink, still maintain their high character which has always distinguished them, and the extensive demand first created has continued uninterrupted until the present.

Orders addressed to the Manufacturers, No. 416 Race Street above Fourth, and No. 113 Philadelphia, will receive prompt attention by JOSEPH E. HOVER, Manufacturer.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

DR. KENNEDY, of Roxbury, has discovered in one of our common pump weeds a remedy that cures Every Kind of Humor from the worst Scrofula down to a common Pimple.

He has tried it over 1000 cases, and never failed except in two cases, (both tubercular humor). He is now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston. Two bottles are warranted to cure a nursing Sore Mouth. One to three bottles will cure the worst kind of Pimples and eruptions on the face. Two to three bottles will clean the system of Biles. Two bottles are warranted to cure the worst Canker in the Mouth and Stomach. Three to five bottles are warranted to cure the worst kind of Erysipelas. One to two bottles are warranted to cure all Humor in the eyes. Two bottles are warranted to cure Running of the Ears and Bloetings among the Hair. Four to six bottles are warranted to cure crooked and running of the Nerves. One bottle will cure Scaly Eruption of the Skin. Two to three bottles are warranted to cure the worst case of Ringworm. Two to three bottles are warranted to cure the most desperate case of Rheumatism. Three to four bottles are warranted to cure the Salt Rheum. Five to eight bottles will cure the worst case of Scrofula. A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it that sold unless after a trial it always speaks for itself. There are two things about this herb that appear to me surprising: first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure so many kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1854, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it. Some of the distinguished Druggists who have been successful in selling it, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, I have seen wonderful cures have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady!—There are few who have seen so many cures as I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you get and plenty of it.

Directions for use.—Adults—one table spoonful per day.—Children over 10 years, dessert spoonful.—Children from 5 to 10 years, tea-spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

HOWARD ASSOCIATION, PHILADELPHIA.

A benevolent Institution, established by special enactment for the relief of the sick and distressed, afflicted with Venereal and Epidemic Diseases.

TO all persons afflicted with venereal diseases, such as Syphilis, Gonorrhoea, Gleet, Strabismus, the Vice of Onanism or Self Abuse, &c. &c.

The Howard Association, in view of the awful destruction of life caused by venereal diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give Medical Advice GRATIS, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in cases of extreme poverty to furnish Medicines Free of Charge. It is needless to add that the Association commands the highest medical skill of the age, and will furnish the most approved modern treatment. The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves with renewed zeal to this very important but much neglected cause.

Just published by the Association, a Report on Syphilis, or Venereal Disease, the Vice of Onanism, Masturbation or Self Abuse, and other Diseases of the Sexual Organs, by the Consulting Surgeon, which will be sent by mail (in a sealed letter envelope) Free of Charge, on receipt of Two Stamps for postage. TO INVALIDS! DR. HARDMAN, Physician for Diseases of the Lungs, Throat and Hoarse, formerly Physician to Claspin's Marine Hospital and Invalids' Retreat—Corresponding Member of the London Medical Society of Observation—Author of "Letters to Invalids," &c.

IS COMING.

JANUARY APPOINTMENTS. Dr. Hardman, Physician for Diseases of the Lungs,

Formerly Physician to the Claspin's Marine Hospital, MAY BE CONSULTED AT Lewistown, National Hotel, Monday, Jan. 18

Huntingdon, Jackson's Hotel, " 16

Dr. HARDMAN treats Consumption, Bronchitis, Laryngitis, Asthma, and all Diseases of the Throat by MEDICATED INHALATION.

The great point in the treatment of all human maladies is to get at the disease in a direct manner. All medicines are estimated by their action upon the organ requiring relief. This is the important fact upon which Inhalation is based. If the stomach is diseased
