Dr. HARDMAN treats Consumption, Bronchitis, Laryngtis, Asthma, and all diseases of the Throat by MEDICA-

TED INHALATION. TED INHALATION.

The great point in the treatment of all human maladies is to get at the disease in a direct manner. All medicines are estimated by their action upon the organ requiring relief. This is the important fact upon which linhalation is based. If the stomach is diseased, we take medicine directly into the stomach. If the lungs are diseased, breather or inhale medicated waves distributed with interesting the stomach. breathe or inhale medicated vapors directly into them.— The reason why Consumption and diseases of the Lungs have heretofore resisted all treatment, has been because they were not approached in a direct manner by medicine They were intended to be local, and yet they were so ad ministered that they could only act constitutionally, ex-pending their immediate action upon the stomach, whilst the foul ulcers within the Lungs were unmolested. In-halation brings the medicine into direct contact with the disease, without the disadvantage of any violent action. Its application is so simple that it may be employed by the youngest infant or feeblest invalid. It does not de-range the stomach, or interfere in the least with the strength, comfort or business of the patient.

THE GREATEST OF THE AGE.

DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

Every Kind of Humor

from the worst Scrofula down to a common Pimple from the worst Scroula down to a common Pimple.

Two bottles are warranted to cure a nursing Sore

One to three bottles will care the worst kind of Pimples

Two to three bottles will clean the system of Biles. Two bottles are warranted to cure the worst Canker

in the Mouth and Stomach.

Three to five bottles are warranted to cure the worst case of Erysipelus.

One to two bottles are warranted to cure all Humor in

One bottle will care Scaly Eruption of the Skin.
Two to three bottles are warranted to cure the

ase of Ringworm.

Two to three bottles are wattanted to cure the most

esperate case of Rheumatism.

Three to four bottles are warranted to cure the Salt.

Five to eight bottles will care the worst case of Scrof A benefit is always experienced from the first bottle

and a perfect cure is warranted when the above quanti Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold an other; after a trial it always speaks for itself. There are two things about this herb that appears to me sur-

prising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854. I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters

In my own practice I always kept it strictly for humors but since its introduction as a general family medicine great and wonderful virtues have been found in it that

never suspected. several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malidy—there are few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged

de, cured by it. For the various diseases of the Liv people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pam in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you

No change of the ever heresary—ear the best you get and plenty of it.

Draccross for Use.—Adults one table spoonful per day—Children over 10 years, dessert spoonful—Children from 5 to 8 years, teaspounful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.
