PURE CATAWBA BRANDY. HAVING received the sole agency of A. F. Hazard & Co., Wholesale Druggists, Philadelphia, for the sale of this Brandy in Mifflin county, we confidently offer it to the public as a pure and unadulterated article, as the following certificates will prove:

CHEMICAL INSPECTOR'S OFFICE, 28 Sixth st., Cincinnati, March, 1857. This will certify that I have this day inspected two eparate lots of Catawba Brandy, one in barrels and one a bottles, manufactured by Lauritze Lyons, and sold by his sole agent, J. Jacob, at the Depot, No. 99, opposit the Burnet House, and 143 West Third street, Cincinnati, and find them both PURE and FREE from all poisonous or deleterious drugs, and as such have marked the same as the law directs. Given under my hand at my office. HIRAM Cox, M D., Inspector of Alcoholic Liquors, &c.

New York, 93 Prince st., July 28, 1857. Dear Sir:—I have received a bottle of Lyons' Pure Ohio Catawba Brandy, furnished by Mr. A. Ralston, Jr., of Lockport, N. Y., for analyzation, and I find it to contain only those ingredients which exist in FURE BRAND The proportion of alcohol obtained from it is 47.00. I believe this sample to be pure Brandy without adultera-tion—the flavor of it is delicate and peculiar.

[Signed] JAS. R. CHILTON, M. D., Chemist.

The OHIO CATAWBA BRANDY not only equals but even excels the best imported Brandies in purity and flavor. It is in fact the BEST Brandy known. This statement is fully corroborated by the certificates of many of our most distinguished analytical Chemists. The want of pure Brandy has long been feit in this country, and the introduction of an article of such quality as supersede the sale and use of those vile compounds therto sold under the name of Brandy, can only be re garded as a great public good. The Catawba Br possesses all the good qualities claimed for the best imported liquor, and is of perfect purity and superior flavor. It is therefore fully entitled to the patronage of the public. We feel confident that its reception in this State will be as favorable as that which it has met with in the Great West, and that the time is not far distant when the superiority of our own liquors will put an end to their importation from abroad.

For Medicinal purposes this Brandy has no rival, and as long been needed. It is a sovereign and sure remedy for Dyspepsia, Flatulency, Low Spirits, Languor, for sale. ESHELBY'S CELEBRATED STILL AND SPARKLING CHAMPAGNE. These Wines are

made in the neighborhood of Cincianati, and are guar-antied to be the pure juice of the grape, and are emi-nemy calculated for invalids and persons who require a gentle stimulant, and for Sacramental purposes, or as a everage will be found equal, if not superior, to the best

TO INVALIDS! DR. HARDMAN.

PHYSICIAN for diseases of the Lungs, Throat and Ileart—formerly Physician to Cincinnati Marine Respital and Invalids' Retreat—Corresponding Member of the London Medical Society of Observation—Author of "Letters to Invalids," &c.,

IS COMING.

MARCH APPOINTMENTS. Dr. Hardman, Physician for Diseases of the Lungs, Formerly Physician to the Cincinnati Marine Hospital,

MAY BE CONSULTED AT Lewistown, National Hotel, Wednesday, March 17th, (seventeenth.). Huntingdon, Jackson's Hotel March 16.

DR HARDMAN treats Consumption, Bronchitis, Larvingis, Asihma, and all diseases of the Throat by MEDICA

TED INITALATION.

The great point in the treatment of all human maladies is to get at the disease in a direct sonner. All medicines are estimated by their action upon the organ requiring relief. This is the important fact upon which Inhalation is based. If the stomach is diseased, we take medicine directly into the stomach. If the lungs are diseased, breathe or inhale medicated vapors directly into them.—The reason why Consumption and diseases of the Lungs have heretofore resisted all treatment, has been because they were not uprovached in a direct manner by medicine. they were not approached in a direct manner by medicine. They were intended to be local, and yet they were so administered that they could only act constitutionally, expending the ir immediate action upon the stomach, whilst the Soul olders within the Lungs were numbered. Inhalation brings the medicine into direct contact with the discusse, without the discusse, without the discusse, without the discusse, without the lise ise, without the disadvantage of any violent actio Its application is so simple that it may be employed by the youngest infant or feeblest invalid. It does not de-range the stomach, or interfere in the least with the strength, comfort or business of the patient.

In relation to the following diseases, either when com-plicated with Lung Affections, or existing alone, I also invite consultation—usually finding them PROMPTLY PROLAPSUS and all forms of FEMALE COMPLAINTS,

regularities and Weakness.
PALPITATION and other forms of HEART DIS EASE, Liver Complaint. Dyspepsia, and all other Dis-cuses of Stomach and Bowels, Piles, &c. &c. & All diseases of the Eye and Ear; Neuralgia, Epilep-sy, and all forms of Nervous Discase.

THE first hospital surgeons and medical publicists of Europe admit the unparalleled anti inflammatory and healing properties of this Outment; governments sanc-tion its use in their naval and military services; and the masses in this country and throughout the world reposithe utmost confidence in its curative properties. A most remarkable and bappy change is produced in the appearance of malignant ulcers after a few applica-tions of this Ointment. The surrounding redness van-ishes, and granules of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly until the orifice is folled up with sound material, and the ulcer radically cured.
