

When the enemy made his last charge, which had it been successful, would have utterly annihilated our army. But Bragg, glory-covered Bragg, galloped his battery into position—his guns were brought to bear—the eye of his chief was on him—A little more grape was added—the enemy was so close, that the panting of his pressed chargers could be heard—and then pealed the deafening thunder of those six guns—then rolled out an hundred iron deaths from every brazen mouth.

Like a forest stricken by a gale—they are checked—see that dashing rider in their very front, riding to and fro amid the iron shower, urging them on.—By heavens! 'tis a woman!

They rally—again the tide of war rolls on, led by the dauntless heroine. Once more the fearful shower of grape and canister sweeps down rank after rank of the coming foe. Death's scythe sweeps away wide swaths of victims. Again the foe is checked—the Amazonian leader bows forward in her saddle, and, as the few who yet live in that devoted column, fly in wild confusion, her coal black steed, in terror, bears his dying mistress into our lines.

The horse is stopped—she is lifted from the saddle—but a fierce glare is in her eye—a curse, a bitter curse is on her lips—she dies—and HAGARITA, the Ranchero's daughter, is no more.

Had the Mexican men possessed one half the courage of their women, our victories would have been more dearly bought.

Do Birds Understand what they Learn?
—And now comes the question whether birds do not, in some degree at least, understand what they learn. It cannot be denied that, in a state of nature, their notes and intonations are significant to each other, and convey intelligence on which they act; nor does it require much observation or credulity to lead one to the conclusion that they are not altogether ignorant of the meaning of the words which they are taught. They apply them, at least, very often, very opportunely. We knew of a parrot that was fond of a bone

—not a good thing to give a parrot, by the way—and when the bird had picked it, he would whistle to, and call by name, the spianiel that was suffered to run about the house. When the dog came, as he always did, when within hearing, the parrot would drop the bone out of the cage; and the dog very complacently picked it up, and proceeded there and then to feed upon it, the parrot looking down on him, and calling him "Pretty Beau," ever and anon during the operation. When dinner was brought, the parrot would climb up the bars of the cage, and there remain crying "Bring Poll's sop," till something was given to it. If a bottle of ale or wine was brought in it would say, "Waiter, waiter, a bottle of wine and a cigar!" This parrot, which was an excellent talker, had not been taught to call the dog; but he had been in the habit of hearing him called to receive bones and bits, and did likewise.—Fraser's Magazine.

Great Drought in Germany.—Accounts from the Hartz mountains state that the district of Clausthal is suffering from an unprecedented dearth of water; the natives had left off washing their hands and faces more than once a week, the authorities of the place having imposed a fine of two thalers on all laundresses who persist in pursuing their trade. Great quantities of cattle were dying from thirst, and a few of the community, who are unable to forego cleanliness, use beer to perform their ablutions.

LOGAN FOUNDRY.
The public are hereby respectfully informed that we have leased the above well known Foundry, situate on Main street, in the borough of Lewistown, a few doors south of the stone bridge, where we will keep constantly on hand a full assortment of all kinds of STOVES, viz: Hathaway Cooking Stoves, different sizes, Egg Stoves, Nine Plate Stoves, &c.

Iron Fence, Hollow Ware, Water Pipes, &c., and will make to order all kinds of CASTINGS. All orders sent to us will be filled with care and despatch, and on as reasonable terms as at any other establishment in the State. We hope, friends, you will call and examine our stock before buying anywhere else. You will undoubtedly save money by doing so.
DANIEL BEARLEY & SONS.

THE MINSTREL.

TWENTY YEARS AGO.

I met a girl the other day
Some twelve years old or so,
The image of a nymph I loved
Some twenty years ago.

The blushing cheek, the sparkling eye,
The hair of raven flow—
Ah, how they set my heart ablaze
Some twenty years ago.

I spoke—her answers did not much
Or wit or wisdom show—
But thus the lovely Mary talked
Some twenty years ago.

What! could a shallow heart like this
My heart in tumult throw?
I must have been a little green
Some twenty years ago.

I met the lovely Mary since—
Her charms have vanished though;
Her wit and wisdom are—the same
As twenty years ago.

I look upon her faded cheek
Until my feelings glow,
And thank her that she seemed my love
Some twenty years ago.

Fond boy, who now wouldst gladly die
To please some simpering Miss—
Who knows what thou wilt think of her
Some twenty years from this?
[Home Journal.]

Agricultural, &c.

THE APPLE TREE BORER.

This destructive insect is one of the great pest drawbacks on the fruit culture of Pennsylvania. Its stealthy habits are such that it requires the greatest care to enable one to change its progress, which could nevertheless be accomplished if a simultaneous effort were made by all the fruit growers in a large district. Such an undertaking, by diminishing its emigration from neighboring farms, would materially prevent its injurious effects; and if the proper attention was paid to the subject all over the country, its final destruction would be more than probable.

The eggs are deposited by the perfect insect close to the ground about the latter part of June or beginning of July, during the night, and the grass around the trees protects the eggs from being found by the birds. In a very few days the sun hatches the young larvae, which soon work their way into the trunk, where they can be discovered by the plugs of woody fibres ejected through the hole. In the second year the insect assumes its perfect form, leaving the trunk during the night, about the latter part of May or beginning of June, when it goes forth to lay eggs for a new generation.

The nocturnal habits of this insect make it the more difficult for the common farmer or orchardist to secure that full acquaintance with it which is necessary to be able to stop its ravages. The only sure way to destroy these insects is to attack them in the larva state. During summer they must be hunted up, and cut out with a gouge so thoroughly that none remain.

To guard orchards from further depredations, procure thick hardware paper and cover the trunk to the height of one foot above the ground, and one or two inches below it.—Young orchards protected in this way can be kept clear of this troublesome and destructive pest. The paper covers must be renewed annually, and no later than the beginning of May. This can be best accomplished by removing the earth from the trunk with a garden trowel, and winding the paper and tying it close to the trunk to prevent the beetle from getting behind it. If the paper be coated with tar as far as it is in contact with the ground, so much the better. After the paper is thus applied the ground ought to be leveled around the trunk. If the perfect insect deposits its eggs on this paper they will dry up when hatched for want of nourishment, since the larvae live on the soft bark of the tree first while young, and on the soft wood when older. Should they be capable of locomotion at this stage, they must go above the paper to enter the tree (which I have not found to be the case in three years' close observation) or starve; and should any enter above the paper unprotected by the grass, the birds would soon devour them. In case any escaped from them the eyes of the careful fruit grower would detect them at a glance in passing the trees, when with a knife the mischief could soon be remedied, and the trifling wound would soon heal over again.

With these paper covers I protected a young orchard for the last three years. With a single exception only, not a borer gained foot hold, and he secreted himself under the straw band by which the tree was secured to a stake three or four feet from the ground, where the fruit grower should frequently look during summer.

If any one considers all this too much trouble, he ought to make up his mind not to eat fruit of his own growing in a comparatively short time.—Cor. of Am. Agriculturist.

Wolf's Hanover Gloves.

The genuine article of these celebrated Gloves can be procured only at MCCOY & ELLIS'S Store, who alone are supplied by the manufacturer, and are therefore sole agents for their sale in this place.

HOWARD ASSOCIATION, PHILADELPHIA.

A Benevolent Institution, established by special endorsement for the relief of the sick and distressed, afflicted with
Valent and Epidemic Diseases.

To all persons afflicted with sexual diseases, such as Spermatorrhoea, Seminal Weakness, Impotence, Gonorrhoea, Gleet, Syphilis, the vice of Onanism or Self Abuse, &c. &c.

The Howard Association, in view of the awful destruction of human life caused by sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give Medical Advice GRATIS, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in cases of extreme poverty to furnish Medicines Free of Charge. It is needless to add that the Association commands the highest medical skill of the age, and will furnish the most approved modern treatment. The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves with renewed zeal to this very important but much despised cause.

Just published by the Association, a Report on Spermatorrhoea, or Seminal Weakness, the vice of Onanism, Masturbation or Self Abuse, and other Diseases of the Sexual Organ, by the Consulting Surgeon, which will be sent by mail (in a sealed letter envelope) Free of Charge, on receipt of Two Stamps for postage. Address, for Report or treatment, Dr. GEORGE R. CALHOUN, Consulting Surgeon Howard Association, No. 8 South Ninth Street, Philadelphia, Pa. By order of the Association,
EZRA D. HEARTWELL, President.
Geo. PARCHILD, Secretary. dec3

The Ticket Office will be open 20 minutes before the arrival of each Passenger Train.
D. E. ROBESON, Agent.

BULL'S SARSAPARILLA,

PUT UP IN FULL QUART BOTTLES.

And containing the strength of six times as much pure Honduras Sarsaparilla as any other similar preparation in America.

A FEW bottles of this Sarsaparilla, put up several years ago, rendering it the more valuable, (as all well-informed druggists know that age improves it,) have been deposited at the drug store of CHARLES RITZ, in Lewistown, where they are offered for sale at three-fourths the regular price, namely 75 cents per bottle.

It has been a well established fact for years past that Sarsaparilla, when pure and properly prepared, was the only true panacea for all diseases originating from an impure state of the blood, the use of mercury, intoxicating drinks, evil habits in youth, barrenness, &c. We boldly assert that JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA is the only preparation before the public that is prepared on strictly scientific principles and of uniform strength. The Sarsaparilla is purchased without regard to price, and every pound, before being used, is subject to the strictest chemical tests, and its genuineness ascertained before being used. Bull's Sarsaparilla also contains the virtues of several other valuable medical roots, together forming the best compound, and producing the greatest curative agent in the known world! This medicine, when used according to directions, has cured

Serofula or King's Evil, Cancers, Tumors, Eruptions of the Skin, Erysipelas, Chronic Sore Eyes, Ringworm or Tetter, Scald Head, Rheumatism, Old Sores and Ulcers.

Pains in the bones or Joints, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Loss of Appetite, Pain in the Side and Shoulders, General Debility, Dropsy, Lumbago, Jaundice, Costiveness, Sore Throat, Bronchitis, Coughs, Colds, Weakness of the Chest, Pulmonary Affections, and all other diseases tending to produce

CONSUMPTION,

Liver Complaint, Female Irregularities and Complaints, Sick and Nervous Headache, Lou Spirits, Night Sweats, Exposure or Imprudence in Life, Chronic Constitutional Diseases, and is a spring and summer drink and general tonic for the system, and a gentle and pleasant purgative, far superior to Blue Lick or Congress Water, salts, or seidlitz powders.

For sale by CHARLES RITZ, Lewistown.
Price 75 cts. per bottle. je18-fr

Grocery, Provision, Confectionery, and VARIETY STORE,

At intersection of Valley, Mill, Durcas and Market streets, lately occupied by Mrs. Wertz.

THE undersigned having purchased the entire stock of Mrs. Wertz, respectfully announces that he intends to make such additions of articles in general use as to be able to supply almost anything that may be called for by the old customers of the establishment and any number of new ones. Intending to keep on hand all the leading articles of marketing, he solicits farmers and others having

Butter, Eggs, Lard, Tallow, Honey, Potatoes, Green or Dried Apples, Soap, Poultry, &c.

to give him a call, as the highest cash price will be paid the market can afford, or Groceries, Salt, Fish, Confectioneries, Perfumery, Fancy Articles, Hosiery for ladies and gentlemen, Ladies' Collars, Combs, Bracelets, Buckles, Belts, Gloves, Mitts, &c. furnished therefor at lowest cash prices.

Cabinet & Undertaking Business.

The manufacture of Furniture and Cabinet Ware generally, as well as the Undertaking Business, will not be relinquished on account of my engaging in the above business, but orders in either promptly attended to.

My friends and the public generally are invited to call, examine my stock and prices in both establishments, and, as heretofore, I shall endeavor to please them.

ap16 EDWARD FRYSENGER

20,000 Gross Kent's best Matches, for sale to the trade at lowest rates.
FRANCISCUS.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

DR. KENNEDY, of Roxbury, has discovered in one of our common pastures a remedy that cures

Every Kind of Humor

from the worst Scrofula down to a common Pimple. He has tried it in over 1000 cases, and never failed except in two cases, (both thunder humors.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing Sore Mouth.
One to three bottles will cure the worst kind of Pimples on the Face.
Two to three bottles will cure the worst Canker in the Mouth and Stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas.
One to two bottles are warranted to cure all Humors in the eyes.

Two bottles are warranted to cure Ringworm of the Ears and Itches on the Hair.
Four to six bottles are warranted to cure corrupt and running Ulcers.

One bottle will cure Scaly Eruption of the Skin.
Two to three bottles are warranted to cure the worst case of Ringworm.

Two to three bottles are warranted to cure the most desperate case of Rheumatism.
Three to four bottles are warranted to cure the Salt Rheum.
Five to eight bottles will cure the worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantities are taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure is water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appears to me surprising: first that it grows in our pastures, in some places, quite plentifully, and yet its value and medicinal qualities were not discovered till 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1857, I peddled it and sold about six boxes per day—April, 1858, I sold over one thousand bottles per day—Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the course of their professional lives was ever like it. There is a universal praise of it from all quarters.

In my own practice I have kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. One, who had been afflicted with it for many years, and who had spent upwards of \$5000 in vain, was cured by a few bottles of it. I know of no other medicine that has ever been so successful in curing it.

I know of several cases of Dropsy, all of them cured by the use of this medicine. In the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the stomach, and yet its value and medicinal qualities were not discovered till 1846—second, that it should cure all kinds of humor.

No change of diet ever necessary—take the best you get and plenty of it.

DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over 10 years, dessert spoonful—Children under 5 years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

Manufactured by
DONALD KENNEDY,
No. 123 E. Green St., Roxbury, Mass.

Wholesale Agents: New York, C. V. Clarke, No. 51 Barclay street; C. H. King, 122 Broadway; Rochester and Clark, 275 Broadway; A. B. D. Stone, 105 Fulton street; T. W. DRYOT, No. 619 S. Philadelphia, wholesale Agents for Pa. For sale by J. HOFFMAN and MARY MARKS, Lewistown, and by B. F. KEENE, Middletown.

AGENTS, ATTENTION.

Do you wish to find good employment, and make money with little or no investment, and without interfering with your regular business? If you do, read this advertisement. G. E. TODD & Co. of 293 Broad street, New York, are manufacturing and selling massive Gold Pencils for \$5 each, (which are cheap at that price) and they throw in a gift of prize worth \$20 worth from \$2 to \$5. 10, 15, 20, 25, 30, 35, 40, 50, and \$100. Don't try out "Humbug" until it is too late. The Pencils are sold at their cash value, and all the profits of the first cost are thrown into the gifts, which actually cost the purchaser nothing. The prizes are distributed on a simple plan of drawing, which will take too much room to explain, but which never failed to give complete satisfaction. We have drawn and sent out purchasers 183 gold watches of various prices, 74 purses of gold, 236 gold lockets, 850 gold chains, and a corresponding number of other prizes, within two months.

There are no Blanks,

but every purchaser draws a prize worth \$25 or more, and it stands thousands of other prizes to be drawn.

We want a good agent in every neighborhood throughout the country to solicit purchasers, and any agent to be successful must have a pencil and prize to exhibit. We pay agents \$1 cash for each purchaser they obtain, and the first prize, which is a magnificent one, who applies for a pencil and gift will receive the agency for that locality. Should an agent obtain a valuable prize to exhibit with his pencil, he would have but little difficulty in obtaining scores of purchasers and making it a paying business.

A NEW IDEA! READ! READ!

We ask nobody to send their money till they know what prize they draw. Any person wishing to try their luck, can first send any name and address, and we will make their drawing, and inform them by return mail what prize they draw, when they can send for the pencil and prize, or not, whichever they choose. We give this privilege only once to a purchaser. After the first drawing every purchaser will be required to send in advance, through the authorized agent. We will send with each drawing the number taken out, with full description of the plan of drawing. Address
G. E. TODD & Co.,
292 Broadway, New York.

HOVER'S LIQUID HAIR DYE.

THE testimony of Prof. Booth and Dr. Brinckle having previously been published, the following is now added: From Prof. McCloskey, (formerly Professor of Theory and Practice of Medicine in the Female Medical College of Pennsylvania, and late Professor of Surgery in the American College of Medicine.)

PHILADELPHIA, Nov. 27th, 1856.
Mr. Joseph E. Hover.—A trial of your Liquid Hair Dye will convince the most skeptical that it is a safe, elegant and efficacious preparation. Unlike many others, it has in several instances proved serviceable in the cure of some cutaneous eruptions of the head. I have no hesitation in commending it to those requiring such an application. Very respectfully,
J. F. X. MCCLOSKEY, M. D.,
475 Race st. above 13th.

HOVER'S WRITING INKS, including Hover's Writing Fluid and Hover's Indelible Ink, will maintain their high character which has always distinguished them, and the extensive demand first created has continued unabated until the present.

Orders addressed to the Philadelphia, No. 416 Race street above Fourth, (old No. 144), Philadelphia, will receive prompt attention by JOSEPH E. HOVER, dec17

TO BUILDERS AND CARPENTERS. LUMBER!
