"Sartaroe" and Washington Irving .- A ard from Messrs. T. B. Peterson and Brothin reference to Washington Irving's endersement and recommendation of "Sarta " the new novel by J. A. Maitland, is ablished in the Philadelphia papers. A post injurious charge has been made by a han that the letter signed "Washington Irnog," in which "Sartaroe" is praised as "the st novel issued from the American press for some years past," is a forgery. This very wious charge is a complete surprise to the whishers of "Sartaroe," and they very perly present the facts of the case before die. It appears that Messrs. Fetridge Ge Co. of New York, originally undertook to Jo ublish the book, and issued a circular anenneing it some months ago, which circular antained the letter referred to from Mr. Iring. They retiring, they offered to sell the ark to Peterson and Brothers, and as it was companied by this letter, which contained as a sentence authorizing them to use it Re ublicly, they purchased it. The original etter is in their possession, and it bears all he marks of authenticity. Indeed, persons the marks of authenticity. Indeed, persons J. bey have no doubt of its genuineness. If it He nas not really written by him, it is neither he fault of Messrs. Fetridge & Co., who ought the manuscript of the book, nor of lessrs. Peterson and Brothers, who bought

from them, and published it.

A man Eaten by Hogs .- The body of a man, greatly mutilated by hogs and dogs. was found among some bushes in a field near Fort Hamilton, last week. Information being given to Coroner Bennett, of Brooklyn, he ascertained that it was the body of Ephraim H. Howell, late a director of the Grocers' Bank, of New York, who had been missing since November last. A revolver was found by his side, and one barrel had been discharged, which gave use to the supposition that he had committed suicide. A valuable gold watch and chain, and some money, were also discovered near the remains.

Hall, the Alton penitentiary convict, died on Saturday morning. For sixteen hours previous to his death he was paralyzed and insensible. From the time he was shot till he died paralysis made slow but certain work upon him. His two confederates, the convicts who have been missing since the calling of the roll on Friday evening, were found on Wednesday. They had dug a hole some six feet deep in the loose earth underneath the dining-room floor, and had so closed the entrance as to defy detection. When found, they had a supply of provisions with them, though almost perishing for water. They were absent six days, and it is supposed they nev-er left their hiding-place.

HAS stood the test of over ten years experience, and is recommended by all the most eminent physicians as the most valuable remedy in use. Dr. Williams, the celebrated Physician of the London Cunsumption Hospital, took notes of its effects in about 500 cases, and found it more efficacious than all remedies yet discovered. This remedy, so valuable when pure, becomes worthless or injurious when adulterated.
