**Cure for Cancer.**  
our attention has been recently called a cure for cancer, which is of so much importance, that we wish to make it known widely as possible. Some eight months ago, Mr. T. B. Mason—who keeps a music store on Wisconsin Street, and is a brother of a well-known Lowell Mason—ascertained that he had a cancer on his face, of the size of a pea. It was cut out by Dr. Walcott and the wound partially healed. Subsequently it grew again, and while he was in Cincinnati on business, it attained the size of a hickory nut. He has remained there since Christmas under treatment, and has come back perfectly cured. The process is this:

A piece of sticking-plaster was put over the cancer, with a circular piece cut out of the centre a little larger than the cancer, so that the cancer and a small circular rim of healthy skin next to it were exposed. Then a plaster made of chloride of zinc, blood-root and wheat flour was spread on a piece of muslin of the size of this circular opening, and applied to the cancer for twenty-four hours. On removing it the cancer will be found to be burnt into and appear of the color and hardness of an old shoe sole, and the circular rim outside of it will appear white and parboiled, as if scalded by hot steam. The wound is now dressed, and the outside rim soon suppurates and the cancer comes out a hard lump, and the place heals up. The plaster kills the cancer so that it sloughs out like dead flesh, and never grows again.—This remedy was discovered by Dr. Fell, of London, and has been used by him for six or eight years, with unflinching success, and not a case has been known of the re-appearance of the cancer, where this remedy has been applied. It has the sanction of the most eminent physicians and surgeons of London, but has not till recently, been used in this country, and many of the faculty, with their proverbial opposition to innovations, look upon it with distrust.—We saw Mr. Mason at church yesterday, and have since conversed with him and took particular notice of the cicatrized wound, and we can only say, that if the cure is permanent—and from the evidence of six or eight years experience in other cases, we have no doubt it is—the remedy ought to be universally known. We have referred to this case, because Mr. Mason is well known both here and at the East.—The experiment excited much interest in Cincinnati, and we call the attention of the faculty in this State, to the remedy. If it is what is claimed for it, this terrible disease will be shorn of most of its terrors. The application is painful, but the pain is of comparatively brief duration, which any one so afflicted would cheerfully endure.—*Alleghenese Free Democrat*

**The New York Mercury.**  
The largest two dollar Weekly in the World. Fifty-six columns of choice original matter in each number. Splendidly illustrated. Twentieth year of publication. A Golden Entree!  
No other paper can boast of such a galaxy of talented and celebrated authors as the contributory corps of the New York Mercury, who furnish its columns weekly with the most absorbing and fascinating romances and stories ever published.  
Dr. J. H. Robinson, Ned Bunton, Lieut. J. Foster Brandon, T. Hamilton Vananda, and R. H. Newell, who are well known as the most successful and popular romancers of the age, constantly contribute their brilliant and original stories to the Mercury; and novelties for the mammoth pages of the Mercury; and no number also contains some complete original stories and sketches—to say nothing of an immense amount of news and general miscellany—than any other two newspapers in America, without exception. In short, the New York Mercury defies competition and invites the most searching comparison. Its immense superiority over the little six column mushroom publications of the day will be apparent at the first glance.  
We now offer, in addition to a paper fully one-third larger than any of its contemporaries, and replete with an unprecedented variety of interesting reading matter, the following

**THE GREATEST MEDICAL DISCOVERY OF THE AGE.**  
DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures  
**Every Kind of Humors**  
from the worst Scrofula down to a common Pimple. HE has tried it in over 1100 cases, and never failed except in two cases, (both thunder humors.) HE has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.  
Two bottles are warranted to cure a nursing Sore Mouth.  
One to three bottles will cure the worst kind of Pimples on the Face.  
Two bottles are warranted to cure the worst Canker in the Mouth and Throat.  
Three to five bottles are warranted to cure the worst case of Erysipelas.  
One to two bottles are warranted to cure all Humors in the eyes.  
Two bottles are warranted to cure Ranning of the Ears and Discharges from the Hair.  
Four to six bottles are warranted to cure corrupt and running Ulcers.  
One bottle will cure Scaly Eruption of the Skin.  
Two to three bottles are warranted to cure the worst case of Ringworm.  
Two to three bottles are warranted to cure the most desperate case of Rheumatism.  
Three to four bottles are warranted to cure the Salt Rheum.  
Five to eight bottles will cure the worst case of Scrofula.  
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.  
Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humors. I never sold a bottle of it that sold another; after a trial it always speaks for itself. There are two things about this herb that appears to me surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until discovered in 1846—second, that it should cure all kinds of humors.  
In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1851, I peddled it and sold about six bottles per day. In April, 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.  
In my own practice I always kept it strictly for humors, but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.  
Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few doses of it, with a remedy if it will prove effective in all cases of that awful malady—there are few who have seen more of it than I have.  
I know of several cases of Dropsy, all of them cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever, and a long list of ailments, it is a most valuable medicine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.  
No change of diet ever necessary—eat the best you get and plenty of it.  
Directions for Use.—Adults one tablespoonful, children from 5 to 15 years, tea-spoonful. (As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.)

**THE GREATEST MEDICAL DISCOVERY OF THE AGE.**  
DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures  
**Every Kind of Humors**  
from the worst Scrofula down to a common Pimple. HE has tried it in over 1100 cases, and never failed except in two cases, (both thunder humors.) HE has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.  
Two bottles are warranted to cure a nursing Sore Mouth.  
One to three bottles will cure the worst kind of Pimples on the Face.  
Two bottles are warranted to cure the worst Canker in the Mouth and Throat.  
Three to five bottles are warranted to cure the worst case of Erysipelas.  
One to two bottles are warranted to cure all Humors in the eyes.  
Two bottles are warranted to cure Ranning of the Ears and Discharges from the Hair.  
Four to six bottles are warranted to cure corrupt and running Ulcers.  
One bottle will cure Scaly Eruption of the Skin.  
Two to three bottles are warranted to cure the worst case of Ringworm.  
Two to three bottles are warranted to cure the most desperate case of Rheumatism.  
Three to four bottles are warranted to cure the Salt Rheum.  
Five to eight bottles will cure the worst case of Scrofula.  
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.  
Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humors. I never sold a bottle of it that sold another; after a trial it always speaks for itself. There are two things about this herb that appears to me surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until discovered in 1846—second, that it should cure all kinds of humors.  
In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1851, I peddled it and sold about six bottles per day. In April, 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.  
In my own practice I always kept it strictly for humors, but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.  
Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few doses of it, with a remedy if it will prove effective in all cases of that awful malady—there are few who have seen more of it than I have.  
I know of several cases of Dropsy, all of them cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever, and a long list of ailments, it is a most valuable medicine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.  
No change of diet ever necessary—eat the best you get and plenty of it.  
Directions for Use.—Adults one tablespoonful, children from 5 to 15 years, tea-spoonful. (As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.)

**HOVER'S LIQUID HAIR DYE.**  
THE testimony of Prof. Booth and Dr. Brinckle having previously been published, the following is now added: From Prof. McCloskey, formerly Professor of Chemistry and Practice of Medicine in the Female Medical College of Pennsylvania, and late Professor of Surgery in the American College of Medicine, &c.  
PHILADELPHIA, Nov 27th, 1858.  
Mr. Joseph E. Hoover—A trial of your Liquid Hair Dye will convince the most skeptical that it is a safe, elegant and efficacious preparation. Unlike many others, it has in several instances proved serviceable in the cure of some cutaneous eruptions on the head, and I have no hesitation in commending it to those requiring such an application. Very respectfully,  
J. F. McCLOSKEY, M. D.,  
475 Race st. above 13th.

**HOVER'S WRITING INKS,** including Hoover's Writing Fluid and Hoover's Indelible Inks, still maintain their high character, which has always distinguished them, and the extensive demand for them has continued uninterrupted until the present.
