Preserving Gathered Flowers .- For the benefit of our lady readers, we copy the following recipe for preserving the beauty of gathered flowers: Procure a flat dish of porcelain, into which pour water; place upon it a vase of flowers, and over the vase a bell glass, with its rim in the water. The air that surrounds the flowers, being confined beneath the bell glass, is constant ly moist with water, that rises into it in the form of vapor. As fast as the water becomes condensed it runs down the side of the bell-glass into the dish; and if means be taken to enclose the water on the outside of the bell-glass, so as to prevent its evaporating into the air of the sitting room, the atmosphere around the flowers is continually damp. The plan is designated the "Hopean Apparatus." The experiment may be tried on a small scale by inverting a tumbler over a rosebud in a saucer of wa-

BULL'S SARSAPARILLA

PUT UP IN FULL QUART BOTTLES,

And containing the strength of six times as much pure Honduras Sarsaparilla as any other similar preparation in America.

FEW bottles of this Sarsaparilla, put up several years ago, rendering it the more uable, (as all well-informed druggists know that age improves it,) have been deposited at the drug store of Charles Ritz, in Lewistown, where they are offered for sale at three-fourths the regular price, namely 75 cents per bottle.

It has been a well established fact for years

past that Sarsaparilla, when pure and properly prepared, was the only true panacea for all diseases originating from an impure state of the blood, the use of mercury, intoxicating drinks, evil habits in youth, barrenness, &c. We hold ly assert that JOHN BULL'S FLUID EX-TRACT OF SARSAPARILLA is the only preparation before the public that is prepared on strictly scientific principles and of uniform strength. The sarsaparilla is purchased without regard to price, and every pound, before being used, is subject to the strictest chemical tests, and its genuineness ascertained before being used. Bull's Sarsaparilla also contains the virtues of several other valuable medical roots, together forming the best compound, and producing the greatest curative agent in the known world! This medicine, when used according to directions, has cured Scrofula or King's Evil, Cancers, Tumors, Erup-

tions of the Skin, Erysipelas, Chronic Sore Eyes, Ringworm or Tetters, Scald Head, Rheumatism, Old Sores and Ulcers,

Pains in the bones or Joints, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Loss of Appetite, Pain in the Side and Shoulders, General Debility, Dropsy, Lumbago, Jaundice, Costiveness, Sore Throat, Bronchitis, Coughs, Colds, weakness of the Chest, Pulmonary Affections, and all other diseases tending to produce CONSUMPTION.

Liver Complaint, Female Irregularities and Complaints, Sick and Nervous Headache, Low Spirits, Night Sweats, Exposure or Imprudence in Life, Chronic Constitutional Diseases, and is a spring and summer drink and general tonic for the system, and a gentle and pleasant purgative, far superior to Blue Lick or Congress Water, salts, or seidlitz powders.

HIGHLY IMPORTANT TO FARMERS. M. M. FAXON'S

Attachment of Vulcanized India Rubber Spring to the Tubes of Grain Drills. This undersigned, having perfected an arrangement for the attachment of a Gum Spring to the Tubes and Drag Bars of Grain Drills, is happy to inform Farmers and all others interested in the growing of Wheat and other grains, that he is prepared to furnish GRAIN DRILLS, with the above article attached, at the shortest notice, at this Foundry, in Mc Veytown, Pa. Seeders have become an almost indispensable article to the Farmer, and he will find that the attachment of the Gum Spring will eshance its value at least one-half. All the detention and trouble caused by the breaking of wooden pins is entirely done away with by this arrangement, and a man, or boy, can perform nearly double the labor that he could under the old plan, with much greater case, both to himself and horses. There need be no fear of the Spring breaking, for if there is an article that will neither break, rot, or wear out, the Gum Spring is that article, and I hazard nothing in saying that my Grain Drill is the simplest in construction, most economical in performance, and therefore the most durable ever offered to the agricultural public. The feed is so arranged that it will sow i, 12, 14, 14, and 2 bushels per acre. Persons desiring one for the coming seeding are requested to send in their orders as early as possible. Direct to Mc Veytown, Mifffin county, Pa., or F. G. FRANCISCUS, Lewistown, E. L. FAXON, Holidaysburg, Blair co., Pa.; BOYER & BRO., Harrisburg, Pa., who are authorized to act as agents, and from whom any further information may be obtained.

PRICE OF DRILLS, with the attachment, \$75. Far-THE undersigned, having perfected an arrangement for

price of Drills, with the attachment, \$75. Farmers who already have drills, can have them altered, and the India Rubber Spring attached, for from \$10 to \$15. 45-All branches of the FOUNDRY BUSINESS still

carried on, for which orders are respectfully solicited.

THE GREATEST MEDICAL DISCOVERY

OF THE AGE. DR. KENNEDY, of Roxbury, has discovered

in one of our common pasture weeds a remedy that cures Every Kind of Humor

from the worst Scrofula down to a common Pimple.

HE has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing Sore One to three bottles will cure the worst kind of Pimples

Four to six bottles are warranted to cure corrupt and unning Ulcers. One bottle will cure Scaly Eruption of the Skin.

Two to three bottles are warranted to cure the worst ase of Ringworm. Two to three bottles are warranted to cure the most

Five to eight bottles will cure the worst case of Scrof A benefit is always experienced from the first bottle,

and a perfect cure is warranted when the above quanti-Reader, I peddied over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case.

So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold an other; after a trial it always speaks for itself. are two things about this herb that appears to me sur prising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor. In order to give some idea of the sudden rise and great

popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I neversuspected.

never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady-there are few who have een more of it than I have.

I know of several cases of Dropsy, all of them aged

people, cured by it. For the various diseases of the Liv-er, Sick Hendache, Dyspepsia, Asthma, Fever and Agne, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known. No change of diet ever necessary—eat the best you
