PHILADELPHIA'S JEWELS.

By a glance at the House of Representatives of Pennsylvania, when that body is in session, we may see the character and political complexion of the several portions of this great State. One might expect to find the various sections represented by talent to sustain and protect the interests of the many districts. Philadelphia, our great commercial metropolis, with its many and complicated interests, we might reasonably expect to see represented by ability equal to the guardianship of such a city. But, reader, what think you of the pair of burly Irishmen, apparently 'just from the sod,' who sit to the left of the Speaker, strongly impregnated with the fumes of bad whiskey and worse tobacco, and who do the voting for Philadelphia city! Do you know that J. H. Donnelly and James Donnelly, both representing Philadelphia, are Catholic Irish draymen, not over six years in this country, and one of whom at least, it is said, cannot read or write?

A few days after the late election, some of the friends of one of the Messrs. Donnellys called to congratulate him upon his election, when he delivered the following eloquent spaach:

'Now, gintlemen, if ye come for a spaach, bejabers ye'll get no spaach from me; but if 'tis my cha-rac-ter ye want to know, jest call on Dennis O'Flagherty and he'll tell you all about me. Noo, gintlemen, 'tis a great hanner to be alicted to office by the great dimmecrat party-but I've done a power of sarvice for the party. I've been sax years in Amereky and durin' all that time I've been a votin' for the dimmecrat party. I've got a power o' my countrymen to vote for it too, and I've voted a power of times meself in them sax years.'

Have we come to this, that an illiterate Irish drayman, not long enough in the country to understand even the nature of the government, shall sit to legislate for the great commercial interests of our State? Are these the specimens of the men from whom the democracy of Philadelphia are compelled to select their Legislators? Must this party submit to the behests of Popish minions, and suffer such inflictions in order to preserve harmony in its ranks and secure success? Oh! shades of Penn, upon what times have we fallen? Is the city of Brotherly Love destitute of sons who can look to her own vital interests? - American Her-

The recent election in Philadelphia, it is to be hoped, will keep such jewels at their drays.

DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

Every Kind of Humor

from the worst Scrofula down to a common Pimple HE has tried it in over 1100 cases, and never failed ex-cept in two cases, (both thunder humor.) A benefit is always experienced from the first bottle, ad a perfect cure is warranted when the above quantiy is taken.

Reader, I peddled over a thousand bottles of this in the denity of Boston. I know the effect of it in every case, so sure as water will extinguish fire, so sure will this are humor. I never sold a bottle of it but that sold an

ther; after a trial it always speaks for itself. There re two things about this herb that appears to me sur rising; first that it grows in our pastures, in some pla ces quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor. In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, IS53, I peddled it and sold about six bottles per day—in

April, 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a niversal praise of it from all quarters In my own practice I always kept it strictly for humor -but since its introduction as a general family medicine

great and wonderful virtues have been found in it that I neversuspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a niercy if it will prove effectual in all ases of that awful malady-there are few who have

seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done een more of it than I have. ore good than any medicine ever known No change of diet ever necessary-eat the best you

Have in many cases defied the skill, heretofore, of the best medical practitioners in the world, and many cases have been abandoned as incurable.

Dr. J. WILLIAMS, Chemist and Pharmaceutist, after studying closely the practices of Drs. Abernethy and J. Johnston, England, and observing the nature of the disease in all its stages, during a sojourn in the southern and western portions of the United States, where it prevails to a greater extent than eisewhere, procured from South America certain roots and herbs from which he prepared an "Elixir," which, after eighteen years' use in private practice, has proved itself more efficacious in th cure of Dyspepsy than any medicine that has ever been prepared in any age or clime for the same purpose. Having submitted it, with an explanation of its con

nents, to a number of physicians of Philadelphia, amon whom were the late Drs. Joseph Hartshorne and J. C Morton, it has received their entire approval, and many of the medical faculty are now not only prescribing it for their patients but are using it themselves, personally and in their families. As a tonic it is unequalled, and its properties are of so invigorating a nature that it is given with perfect safety and success to the most tender infants. The Elixir is very gradual, but certain in its action upor the organs of digestion, the increased secretions of the liver, pancreas and nucous membranes of the stomach, and requires that only one dose be taken in twenty-four hours; for confirmed Dyspepsy can only be cured by grad ually restoring the organs of digestion to a healthy state. The great successmet within curing the most aggravated cases of Dyspepsy, accompanied sometimes with a high grade of hypochondriasis, has established the most un-bounded confidence in the curative properties of this Elixir, in corroboration of which read the following testi-

ATTESTATION -We, having used Williams' Anti-Dys peptic Elixir with the most perfect satisfaction and suc-cess, take great pleasure in recommending it to all per-sons suff-ring with Dyspepsy, as we are fully convinced of its most estimable qualities in restoring the digestive powers, removing all pains and uneasiness, and impart

ng a healthy tone to the stomach.

able and given up to die.

Dr. J. Williams—Dear Sir—For fifteen years previous to 1854, I suffered so much from dyspepsy that I became completely prostrated both in mind and body, and a ength became so weakened beould not attend to my bus ness, and was sinking into a decline, and it was believe I never could recover. The best medical aid was procured for me, and every means resorted to without any relief till I was advised to use your Elixir, and from the time began taking it I gradually improved till I was completely restored to health. The dreadful sufferings I endured from dyspepsy I cannot describe; but I am confident that without the use of your Elixir I should be in my grave. I assert that I solemnly believe your Elixir has saved me from an early death. I continue now in the enjoyment

of most excellent health.

We, the undersigned, have known Mr H. N. Sperry
for several years and take pleasure in stating that his assertion can be perfectly relied on, and that we ourselves know that he has been wonderfully restored to health from the brink of the grave, and we believe, as he assert solely by the use of Dr. Williams' Elixir.
