

LIONS' PURE CATAWA BRANDY. Having received the sole agency of A. F. Hazard & Co., Wholesale Druggists, Philadelphia, for the sale of this Brandy in Middle County, we confidently offer to the public a pure and unadulterated article, as the following certificates will prove:

CHEMICAL INSPECTOR'S OFFICE,
28 Sixth St., Cincinnati, March, 1857.
This will certify that I have this day inspected two separate lots of Catawa Brandy, one in barrels and one in bottles, manufactured by Laurentz Lyons, and sold by his sole agent, J. Jacob, at the Depot, No. 99, opposite the Burnet House, and 143 West Third Street, Cincinnati, and find them both pure and free from all poisonous or deleterious drugs, and as such have marked the same as the law directs. Given under my hand at my office.
[Signed.] Hiram Cox, M. D., Inspector of Alcoholic Liquors, &c.

NEW YORK, 93 Prince St., July 28, 1857.
Dear Sir:—I have received a bottle of Lyons' Pure Ohio Catawa Brandy, furnished by Mr. A. Ralston, Jr., of Lockport, N. Y., for analysis, and I find it to contain only those ingredients which exist in pure Brandy. The proportion of Alcohol obtained from it is 47.00. I believe this sample to be pure Brandy without adulteration—the flavor of it is delicate and peculiar.
[Signed.] Jas. R. CHITTON, M. D., Chemist.

THE OHIO CATAWA BRANDY not only equals but even exceeds the best imported Brandy in purity and flavor. It is in fact the BEST Brandy known. This statement is fully corroborated by certificates of many of our most distinguished analytical Chemists. The want of pure Brandy has long been felt in this country, and the introduction of an article of such quality as to supersede the sale and use of those vile compounds hitherto sold under the name of Brandy, can only be regarded as a great public good. The Catawa Brandy possesses all the good qualities claimed for the best imported liquor, and is of perfect purity and superior flavor. It is therefore fully entitled to the patronage of the public. We feel confident that its reputation in this State will be as favorable as that which it has met with in the Great West, and that the time is not far distant when the superiority of our own liquors will put an end to their importation from abroad.

For medicinal purposes this Brandy has no rival, and has long been recommended as a sovereign and cure remedy for Dyspepsia, Flatulency, Low Spirits, Langor, General Debility, &c.
Also for sale, ESHELBY'S CELEBRATED STILL AND SPARKLING CHAMPAGNE. These Wines are made in the neighborhood of Cincinnati, and are guaranteed to be the pure juice of the grape, and are eminently calculated for invalids and persons who require a gentle stimulant, and for sacramental purposes, or as a beverage will be found equal, if not superior, to the best imported.
Retail Price for Brandy and Wines, \$1.25 per Quart Bottle. A liberal discount made to the trade.

BULL'S SARSAPARILLA. FULL QUART BOTTLES. And containing the strength of six times as much pure Honduras Sarsaparilla as any other similar preparation in America.

FEW bottles of this Sarsaparilla, put up several years ago, rendering it the more valuable, (as all well-informed druggists know that age improves it) have been deposited at the drug store of Charles Ritz, in Lewistown, where they are offered for sale at three-fourths the regular price, namely 75 cents per bottle. It has been a well established fact for years past that Sarsaparilla, when pure and properly prepared, was the only true panacea for all diseases originating from an impure state of the blood, the use of mercury, intoxicating drinks, evil habits in youth, barrenness, &c. We hold by assert that JOHN BULL'S FLUID EXTRACT OF SARSAPARILLA is the only preparation before the public that is prepared on strictly scientific principles and of uniform strength. The Sarsaparilla is purchased without regard to price, and every pound, before being used, is subject to the strictest chemical tests, and its genuineness ascertained before being used. Bull's Sarsaparilla also contains the virtues of several other valuable medicinal roots, together forming the best compound, and producing the greatest curative agent in the known world! This medicine, when used according to directions, has cured

Scrofula or King's Evil, Cancer, Tumors, Eruptions of the Skin, Erysipelas, Chronic Sore Eyes, Ringworm or Tetters, Scald Head, Rheumatism, Old Sores and Ulcers, Pains in the bones or Joints, Swelling of the Glands, Syphilis, Dyspepsia, Salt Rheum, Diseases of the Kidneys, Loss of Appetite, Pain in the Side and Shoulders, General Debility, Dropsy, Lumbago, Jaundice, Costiveness, Sore Throat, Bronchitis, Coughs, Colds, weakness of the Chest, Pulmonary Affections, and all other diseases tending to produce

CONSUMPTION. Liver Complaint, Female Irregularities and Complaints, Sick and Nervous Headache, Low Spirits, Night Sweats, Exposure or Imprudence in Life, Chronic Constitutional Diseases, and a spring and summer drink and general tonic for the system, and a gentle and pleasant purgative, far superior to Blue Lick or Congress Water, salts, or seedling powders.

Price by CHARLES RITZ, Lewistown. For sale 75 cts. per bottle. [Signed] J. R. HOFFMAN, M. D.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

Every Kind of Humor from the worst Scrofula down to a common Pimple.

HE has tried it in over 1000 cases, and never failed, except in two cases, (both the result of humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston. Two bottles are warranted to cure a nursing Sore Mouth. One to three bottles will cure the worst kind of Pimples on the Face. Two to three bottles will clean the system of Biles. Two bottles are warranted to cure the worst Canker in the Mouth and Stomach. Three to five bottles are warranted to cure the worst case of Erysipelas. One to two bottles are warranted to cure all Humors in the eyes. Two bottles are warranted to cure Running of the Ears and Bleaches among the Hair. Four to six bottles are warranted to cure corrupt and running Ulcers. One bottle will cure Scaly Eruption of the Skin. Two to three bottles are warranted to cure the worst case of Ringworm. Two to three bottles are warranted to cure the most desperate cases of Rheumatism. Three to four bottles are warranted to cure the Salt Rheum. Five to eight bottles will cure the worst case of Scrofula. A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold an other, & after a trial it always speaks for itself. There are two things about this herb that appears to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that I should cure all kinds of humors. In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1855, I sold over one thousand bottles per day. It is in the hands of the wholesale Druggists who have been in business several years, and say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters. In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected. Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are few who have seen more of it than I have. I know of several cases of Dropsy, all of them cured, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known. No change of diet ever necessary—eat the best you get and plenty of it. DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over 10 years, dessert spoonful—Children from 5 to 8 years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

HIGHLY IMPORTANT TO FARMERS. M. M. FAXON'S Attentive of Vulcanized India Rubber Spring to the Tubes of Grain Drills.

THE undersigned, having perfected an arrangement for the attachment of a Gum Spring to the Tubes and Drag Bars of Grain Drills, is happy to inform Farmers and all others interested in the growing of Wheat and other grains, that he is prepared to furnish GRAIN DRILLS, with the above article attached, at the shortest notice, at his Foundry, in McVeytown, Pa. Seeders have become an almost indispensable article to the Farmer, and he will find that the attachment of the Gum Spring will enhance its value at least one-half. All the detention and trouble caused by the breaking of wooden pins is entirely done away with by this arrangement, and a man, or boy, can perform nearly double the labor that he could under the old plan, with much greater ease, both to himself and horses. There need be no fear of the Spring breaking, for if there is an article that will neither break, rot, or wear out, the Gum Spring is that article, and it is a hazard nothing in saying that my Grain Drill is the simplest in construction, most economical in performance, and therefore the most durable ever offered to the agricultural public. The feed is so arranged that it will sow 1, 1 1/2, 2, 2 1/2, 3, 4, and 5 bushels per acre. Persons desiring one for the coming season are requested to send in their orders as early as possible. Direct to McVeytown, Mill County, Pa., or F. G. FRANCISCUS, Lewistown; E. L. FAXON, Hollidaysburg, Blair Co., Pa.; BOYER & BROS., Harrisburg, Pa., who are authorized to act as agents, and from whom any further information may be obtained.

PRICE OF DRILLS, with the attachment, \$75. Farmers who already have drills, can have them altered, and the India Rubber Spring attached, for \$10 to \$15.

All branches of the FOUNDRY BUSINESS suitably carried on, for which orders are respectfully solicited.
McVeytown, June 19, 1856. M. M. FAXON.

HOWARD ASSOCIATION, PHILADELPHIA. A benevolent institution, established by special endorsement for the relief of the sick and destitute afflicted with Venereal and Epidemic Diseases.

To all persons afflicted with venereal diseases, such as Syphilis, Seminal Weakness, Gonorrhoea, Gleet, Syphilis, the Vice of Incontinence, or Self Abuse, &c. &c.

The Howard Association, in view of the awful destruction of human life caused by venereal diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a Charitable Act worthy of his name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give Medical Advice GRATIS, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in cases of extreme poverty to furnish Medicines Free of Charge. It is needless to add that the Association commands the highest medical skill of the age, and will furnish the most approved modern treatment. The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves with renewed zeal to this very important but much neglected cause.

Just published by the Association, a Report on Syphilis, Venereal Disease, or Seminal Weakness, the Vice of Incontinence, Masturbation, or the Consulting Surgeon, which will be sent by mail (in a sealed letter envelope) Free of Charge, on receipt of Two Stamps for postage. Address, for Report or treatment, Dr. GEORGE R. CALHOUN, Consulting Surgeon Howard Association, No. 2 South Ninth Street, Philadelphia, Pa. By order of the Directors. EZRA D. HEARTWELL, President. Have in many cases defied the skill, heretofore, of the best medical practitioners in the world, and many cases have been abandoned as incurable.

Dr. J. WILLIAMS, Chemist and Pharmacist, after studying closely the practices of Drs. Abernethy and J. Johnston, England, and observing the nature of the disease in all its stages, during a sojourn in the southern and western portions of the United States, where it prevails to a greater extent than elsewhere, procured from South America certain roots and herbs from which he prepared an "Elixir," which, after eighteen years' use in private practice, has proved itself more efficacious in the cure of Dyspepsy than any medicine that has ever been prepared in any age or clime for the same purpose.

Having submitted it, with an explanation of its components, to a number of physicians of Philadelphia, among whom were the late Dr. Joseph Hartshorn and J. C. Morton, it has received their entire approval and the sanction of the medical faculty are now not only prescribing it for their patients but are using it themselves, personally and in their families. As a tonic it is unequalled, and its properties are of so invigorating a nature that it is given with perfect safety and success to the most tender infants.

The Elixir is very gradual, and in certain of the most aggravated cases of Dyspepsy, accompanied sometimes with a high grade of hyperchaemia, has established the most unbounded confidence in the curative properties of this Elixir, in corroboration of which read the following testimonials:

ATTESTATION.—We, having used Williams' Anti-Dyspeptic Elixir with the most perfect satisfaction and success, take great pleasure in recommending it to all persons suffering with Dyspepsy, as we are fully convinced of its most estimable qualities in restoring the digestive power, removing ailments and uneasiness, and imparting a healthy tone to the stomach.

The list of names could be extended to almost any length, but the foregoing is deemed sufficient.

Testimony of H. N. Sperry, who was abandoned as incurable and given up to die.

Dr. Williams—Dear Sir:—For fifteen years previous to 1851, I suffered so much from dyspepsy that I became completely prostrated both in mind and body, and at length became so weakened I could not attend to my business, and was obliged to retire from it. I have believed I never could recover. The best medical aid was procured for me, and every means resorted to without any relief, till I was advised to use your Elixir, and from the time I began taking it I gradually improved till I was completely restored to health. The dreadful sufferings I endured from dyspepsy I cannot describe, but I am confident that without the use of your Elixir I should be in my grave. I assert that I solemnly believe your Elixir has saved me from an early death. I continue now in the enjoyment of most excellent health.

H. N. SPERRY, Juno 6th, 1857. No. 111 N. Third St., Philadelphia.

We, the undersigned, have known Mr. H. N. Sperry for several years and take pleasure in stating that his assertion can be perfectly relied on, and that we ourselves know that he has been wonderfully restored to health from the brink of the grave, and we believe, as he asserts solely by the use of "Dr. Williams' Elixir."

THOMAS J. CHANDLER, No. 118 Phoenix Street, JOHN EHRET, Race Street, above Second. Personally appeared before me, (one of the Aldermen of the City of Philadelphia,) H. N. Sperry, who, being duly sworn, and after reading and hearing the facts set forth in the above certificate, and being fully satisfied, he believed and subscribed this 6th day of June, 1857.

BLOAT—CHOKED CATTLE. Farming has been my business for twenty years, and I have found that if calves are first turned into clover, when the dew is on, they are apt to bloat, but think it will not, if the clover is dry, or if the dew has evaporated or been washed off, when the dew has evaporated or been washed off.

As a remedy for bloat take one or two slices of fat pork. I'll cut out the tongue of the animal with one hand, and put the slice of pork as far down as possible, then hold the head up until the water is repeated, for the bloat will pass in ten or fifteen minutes. The remedy is simple, and every farmer has or ought to have it on hand. I have never known a failure.

I will also give my remedy for calves that are choked, which I have never known to fail. Take equal quantities of salt and sweet milk—about one pint of each mix them together by warming over a fire, and stirring until they become thoroughly united. Put the mixture in a bottle and pour it down the throat of the animal, holding the head up as long as possible. If so badly choked as to be unable to swallow it, let it be thrown out of the mouth, but repeat the operation until relieved.

Now, if a young or inexperienced farmer, who reads the Rural, should be so advised to save the life of a valuable animal, using these remedies, he will no doubt be well compensated for one year's subscription, and I shall feel satisfied if it will not out the experience of brother farmers.

POTATOES AND TOMATOES. It is not so generally known as it deserves to be that the tomato, when grown among corn, is far superior in flavor to those produced in the common way. They may, of course, have a fair chance of room to grow, and not be too much crowded by the corn. Those who can appreciate the good qualities of this vegetable when in perfection will find this mode of growing them to cure all they can ask; at least such has been my experience.

It has been maintained by some respectable experimenter that potatoes planted among corn are not so liable to rot; and this opinion has been confirmed by a sufficient number of trials to render it worthy of attention.—Working Farmer.

LIQUID GLUE. For all purposes where it will not be in contact with water, this glue may be used with safety. To prepare it, take of good quality and dissolve it in as small a quantity of hot water as possible; then, while yet hot, remove it from the fire and dilute it to the proper degree of thickness by adding alcohol, after which it should be bottled and the mouth of the bottle covered with a piece of India rubber, or anything else that will exclude the air. Alcohol will preserve glue made in this way for many years, keeping it from putrefaction in summer and from freezing in winter. In cold weather it needs only a little warming to make it ready for use. This convenient article has been in use for many years in England, but never has been extensively known in this country.

SINGULAR PAINT. By subjecting eight parts, by weight, of linseed oil and one part of sulphur to a temperature of 298 deg., in an iron vessel, a species of paint, possessing singular preservative qualities, is produced. Applied to the surface of a building, with a brush, it effectually keeps out air and moisture, prevents deposits of soot and dirt, and preserves the beauty of stone, wood or brickwork to which it is applied.—Staffordshire Advertiser.
