

Our Senators in Congress. During a debate in Congress on the post office bill, in which an amendment was proposed appropriating \$50,000 for purchasing or erecting a building for a post office at Harrisburg, both our Senators took part.

On an examination of the subject, it was not probable that it would attempt to make appropriations so extensive; and looking over the bill, those only were favorably regarded which seemed to be distinguished from others by their pressing necessity or on account of their peculiar locality to which the appropriation was required; that at Brookline because Brookline is a very large city and very difficult to accommodate. In other cases the interests of government and other important objects were selected. The committee reported four items. For my own part, I was in favor of it. I hope the Senate will agree to it.

I know very little about the merits of this body, and I generally take the opinion of the Chair as being correct. This morning I tried to follow the lead of a friend who left [Mr. Green], and I found myself very much in a minority, and I think I shall again differ from the opinion of the majority. In this case, I am very desirous that the appropriation should be carried. I hope it will be agreed to. Sir, the operations of the Senate are very strange. This morning I listened to a very able and learned speech from the distinguished Senator from Pennsylvania, and I believe he would have convinced me that he was right, if I had not remembered that he, like the rest of us, is somewhat governed by his interest, without knowing it. I mean his public interest. Now, the State of New Orleans has expended, on a public house there, nearly three million dollars. The Senator from Maine is my personal friend, and I always listen to him with respect; and I am inclined to think that his notions are supported by the interest of his State. On the list of public buildings which has been presented, I find four or five in the State of Maine—at Belfast, Bath, Bangor and Portland. The State of Maine may now be very well supplied with post office and public house buildings.

I find that several gentlemen, who disagree with the decision of the Chair, have had these edifices erected in their towns, and, therefore, they do not care about any more constructed. My case is different. The State of Pennsylvania, has never had any public buildings put there by this Government. The master is compelled to rent a house, from time to time, and he often gets an unsuitable and inconvenient one.

Mr. President, I should like to explain to my friend the difference in the appropriations. These appropriations were to finish public post office and custom house buildings, and were estimated for by the department. It is not so estimated. Mr. Cameron, precisely. This appropriation for Harrisburg will begin and finish work. There is a population in and about Harrisburg who go to that post office for their mail, of something over twenty thousand people. The mails are kept in inconvenient places. Nothing has been done for Pennsylvania. On the contrary, Congress has done all it can against her interests. I shall not this little appropriation be used to go along without being discussed for hours on a question of order?

LADY TAMING. The great success of Rarey in taming vicious horses in England, has suggested to our early Yankee the idea of applying his secret art to women, especially those who have promised to obey, and, of course, have done so. He charges \$50 a lesson. Here are some of his certificates:

This is to certify that Mr. Paul Prettyman has succeeded in subduing my wife. He has done when in her most restless condition, and in one hour she was cooking a beef steak with the placidity of an angel.

James P. Hoerner. New York, May 8, 1858. Mr. Prettyman has full liberty to refer to me. I consider the great desideratum in married life. He quieted Mrs. Simpson, who was always ugly in double harness, and accomplished wonders. Not a shirt button has been missing since the date of his visit. P. SIKKINS, Newark, N. J. My wife having "obstrepulous ribs," can be accommodated with the remedy.

The Tornado at Ellison, Illinois, killed John Hand and two children; Mrs. Williams and four children; W. E. Thompson, wife and child; Mrs. Braxleton and two children; Levina Lacey; Hiram Johnson and child, and four others whose names are not known. The track of the tornado was a quarter of a mile in width and lasted fifteen minutes. The funeral of the killed was attended by a very large number of persons, and the ceremonies were of an imposing character.

Comfort for the Aged. The Montreal Transcript, speaking of Wisconsin Balsam of Wild Cherry, June 19, says: "We believe it to be generally recognized as a useful medicine by medical men, and we are acquainted with several cases in which it was used with perfect truth and sincerity, and in one case with which we are more particularly acquainted—that of an old gentleman, at least eighty years of age, residing at [place] in this city, and who is troubled at times with an asthmatic complaint—the decided relief is obtained whenever he takes a dose of the Balsam; this, at the advanced period of life which he has arrived at, may be considered an unanswerable proof of its virtues."

Look out for imitations. None genuine unless signed I. BUTTS on the wrapper. W. FOWLE & CO., 138 Washington Street, Boston, Proprietors. Sold by Charles Ritz, Lewistown, and their agents everywhere.

gestive organs to a healthy function. Numerous cases of dyspepsy of the most aggravated character, which were abandoned as incurable by some of the medical faculty, have by the use of this Elixir been restored to perfect health, as attested certificates testify. For sale by Charles Ritz, Lewistown.

A CARD TO THE LADIES. Dr. DUPONCO'S GOLDEN PINK PILLS are infallible in removing spots or irregularities of the menses. These pills are nothing new, but have been used by the Doctor for many years, both in France and America, with unparalleled success in every case, and he is urged by many ladies who have used them to make these pills public for the alleviation of those suffering from any irregularities whatever, as well as a preventive to those ladies whose health will not permit an increase of family. Pregnant females, or those supposing themselves so, are cautioned against using these pills, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any injury to health; otherwise these pills are recommended. Directions accompany each box. Price \$1. Sold wholesale and retail by F. A. HARDT & CO., General Agents for Lewistown, Middleburg, Pa., and also agents for Belleville, Milroy, Redsville, Altoona, &c. They will supply dealers at the proprietor's prices, and send the pills to ladies (confidentially) by return mail to any part of city or county, on receipt of \$1 through the Lewistown post office. For particulars get circular of agents. See that each box has his signature. Dr. DUPONCO, 138 Broadway post office, New York.

HIGHLY IMPORTANT TO FARMERS. M. M. FAXON'S Attachment of Vulcanized India Rubber Spring to the Tubes of Grain Drills. [The undersigned, having perfected an arrangement for the attachment of a Gum Spring to the Tubes and Drag Bars of Grain Drills, is happy to inform Farmers and all others interested in the growing of Wheat and other grains, that he is prepared to furnish GRAIN DRILLS, with the above article attached, at the shortest notice, at his Foundry, in McVeytown, Pa. Students have become an almost indispensable article to the Farmer, and he will find that the attachment of the Gum Spring will enhance its value at least one-half. All the detentions and trouble caused by the breaking of wooden pins is entirely done away with by this arrangement, and a man, or boy, can perform nearly double the labor that he could under the old plan, with much greater ease, both to himself and horses. There need be no fear of the Spring breaking, for if there is an article that will neither break, rot, or wear out, the Gum Spring is that article, and I hazard nothing in saying that my Gum Spring is the simplest in construction, most economical in performance, and therefore the most durable ever offered to the agricultural public. The feed is so arranged that it will sow 1, 1 1/2, 2, 3, 4, and 5 bushels per acre. Persons desiring one for the coming season are requested to send in their orders as early as possible. Direct to McVeytown, Mifflin county, Pa., or F. G. FRANCISCUS, Lewistown; E. L. FAXON, Hollidaysburg, Blair co., Pa.; BOYER & BRO., Harrisburg, Pa., who are authorized to act as agents, and from whom any further information may be obtained. PRICE OF DRILLS, with the attachment, \$75. Farmers who already have drills, can have them altered, and the India Rubber Spring attached, for from \$10 to \$15. All branches of the FOUNDRY BUSINESS still carried on, for which orders are respectfully solicited. M. M. FAXON, McVeytown, June 10, 1858.

THE EXCITING CAUSE OF SICKNESS. THE blood is the life-sustaining agent. It furnishes the components of flesh, bone, muscle, nerve and integument. The stomach is its manufactory, the veins its distributors, and the intestines the channel through which the waste matter rejected in its productions is expelled! Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the blood, and regulating the excretions.

THE NATIONAL COMPLAINT. Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and rapidly to this searching and unerring remedy.

BILIIOUS AFFECTIONS. The quantity and quality of the bile are of most vital importance to health. Upon the liver, the gland which secretes this fluid, these Pills operate specifically, infallibly rectifying its irregularities and efficiently curing Jaundice, Bilious Remittants, and all the varieties of disease generated by an unnatural condition of the organ.

BOWEL COMPLAINTS. Unless the bowels perform their functions properly, the whole body suffers. Tens of thousands die annually of Dysentery, Diarrhea, Chronic Constipation, and other diseases of these parts of the system. The effect of the Pills upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bowel complaint are promptly cured.

A WORD TO FEMALES. The local debility and irregularities which are the especial annoyances of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being, and prevented for the time to come, by a course of this mild but thorough alterative. Holloway's Pills are the best remedy known in the world for the following Diseases:

Asiatica Diarrhea Indigestion Secondary Bowel Complaints Dropsy Influenza Symptoms of Biliousness Debility Inflammation Inward Stomach Complaints Fever and Venereal Affections Glands Aqueous Scrophulous Liver Complaints Chest Diseases Female Com. Worms of all Lowness of Costiveness Headaches Stomachic Gravel Pains Dyspepsia Headaches Stomachic Gravel Pains

CAUTION!—None are genuine unless the words "Holloway, New York and London," are discernible as a water mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

\*Sold at the Manufactories of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Drug Dealers and Dealers of Medicine throughout the United States, and the civilized world, in boxes, at 25 cents, 50 cents, and \$1 each. There is a considerable saving by taking the larger sizes. N. B. Directions for the guidance of patients in every disorder are affixed to each box. aug13

THE GREATEST MEDICAL DISCOVERY OF THE AGE. DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures Every Kind of Humor from the worst Scrofula down to a common Pimple. HE has tried it over 1100 cases, and never failed except in two cases, (both tender humors.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston. Two bottles are warranted to cure a nursing Sore Mouth. One or three bottles will cure the worst kind of Pimples on the Face. Two to three bottles will clean the system of Biles. Two bottles are warranted to cure the worst Canker in the Mouth and Stomach. Three to five bottles are warranted to cure the worst case of Erysipelas. One to two bottles are warranted to cure all Humor in the eyes. Two bottles are warranted to cure Running of the Eyes and Itches among the Hair. Four to six bottles are warranted to cure corrupt and running Ulcers. One bottle will cure Scaly Eruption of the Skin. Two to three bottles are warranted to cure the worst case of Ringworm. Two to three bottles are warranted to cure the most desperate case of Rheumatism. Three to four bottles are warranted to cure the Salt Gleet. Five to eight bottles will cure the worst case of Scrofula. A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken. Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure in every case. I never sold a bottle of it but felt as if another; after a trial it always speaks for itself. There are two things about this herb that appears to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humors.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in August, 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters. In my own practice I always kept it strictly for humors, but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady! There are few who have been cured of it since I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known. No change of diet ever necessary—eat the best you get and plenty of it. DIRECTIONS FOR USE.—Adults one spoonful per day—Children over 10 years, dessert spoonful—Children from 5 to 10 years, tea-spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day. Manufactured by DONALD KENNEDY, No 120 Warren St., Roxbury, Mass. PRICE \$1.00 Wholesale Agents, New York City, C. V. CICKNER, 81 Barclay street; C. H. KING, 192 Broadway; RUSHION and Clark, 275 Broadway; A. B. & D. SANDS, 100 Fulton street. T. W. DVOYT & SONS, Philadelphia, wholesale Agents for Pa. For sale by P. J. HOFFMAN and Mrs. MARY MARRS, Lewistown, and by B. F. KEPNER, Mifflintown. [J24-ly.

The Medicine of the Million. PHILOSOPHY AND FACT. HOLLOWAY'S PILLS. THE EXCITING CAUSE OF SICKNESS. THE blood is the life-sustaining agent. It furnishes the components of flesh, bone, muscle, nerve and integument. The stomach is its manufactory, the veins its distributors, and the intestines the channel through which the waste matter rejected in its productions is expelled! Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the blood, and regulating the excretions.

THE NATIONAL COMPLAINT. Dyspepsia is the most common disease among all classes in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and rapidly to this searching and unerring remedy.

BILIIOUS AFFECTIONS. The quantity and quality of the bile are of most vital importance to health. Upon the liver, the gland which secretes this fluid, these Pills operate specifically, infallibly rectifying its irregularities and efficiently curing Jaundice, Bilious Remittants, and all the varieties of disease generated by an unnatural condition of the organ.

BOWEL COMPLAINTS. Unless the bowels perform their functions properly, the whole body suffers. Tens of thousands die annually of Dysentery, Diarrhea, Chronic Constipation, and other diseases of these parts of the system. The effect of the Pills upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bowel complaint are promptly cured.

A WORD TO FEMALES. The local debility and irregularities which are the especial annoyances of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being, and prevented for the time to come, by a course of this mild but thorough alterative. Holloway's Pills are the best remedy known in the world for the following Diseases:

Asiatica Diarrhea Indigestion Secondary Bowel Complaints Dropsy Influenza Symptoms of Biliousness Debility Inflammation Inward Stomach Complaints Fever and Venereal Affections Glands Aqueous Scrophulous Liver Complaints Chest Diseases Female Com. Worms of all Lowness of Costiveness Headaches Stomachic Gravel Pains Dyspepsia Headaches Stomachic Gravel Pains

CAUTION!—None are genuine unless the words "Holloway, New York and London," are discernible as a water mark in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

\*Sold at the Manufactories of Professor HOLLOWAY, 80 Maiden Lane, New York, and by all respectable Drug Dealers and Dealers of Medicine throughout the United States, and the civilized world, in boxes, at 25 cents, 50 cents, and \$1 each. There is a considerable saving by taking the larger sizes. N. B. Directions for the guidance of patients in every disorder are affixed to each box. aug13

THE GREATEST MEDICAL DISCOVERY OF THE AGE. DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures Every Kind of Humor from the worst Scrofula down to a common Pimple. HE has tried it over 1100 cases, and never failed except in two cases, (both tender humors.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston. Two bottles are warranted to cure a nursing Sore Mouth. One or three bottles will cure the worst kind of Pimples on the Face. Two to three bottles will clean the system of Biles. Two bottles are warranted to cure the worst Canker in the Mouth and Stomach. Three to five bottles are warranted to cure the worst case of Erysipelas. One to two bottles are warranted to cure all Humor in the eyes. Two bottles are warranted to cure Running of the Eyes and Itches among the Hair. Four to six bottles are warranted to cure corrupt and running Ulcers. One bottle will cure Scaly Eruption of the Skin. Two to three bottles are warranted to cure the worst case of Ringworm. Two to three bottles are warranted to cure the most desperate case of Rheumatism. Three to four bottles are warranted to cure the Salt Gleet. Five to eight bottles will cure the worst case of Scrofula. A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken. Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure in every case. I never sold a bottle of it but felt as if another; after a trial it always speaks for itself. There are two things about this herb that appears to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humors.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in August, 1854, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters. In my own practice I always kept it strictly for humors, but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady! There are few who have been cured of it since I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known. No change of diet ever necessary—eat the best you get and plenty of it. DIRECTIONS FOR USE.—Adults one spoonful per day—Children over 10 years, dessert spoonful—Children from 5 to 10 years, tea-spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day. Manufactured by DONALD KENNEDY, No 120 Warren St., Roxbury, Mass.
