TREASURER'S SALE OF

Unseated Lands in Mifflin County, 1858.

WHEREAS, by an Act of General As-sembly of the Common wealth of Penn-sylvania, entitled "An Act, directing the mode of selling unseated lands for taxes and other purposes," passed the thirteenth day of March, one thousand eight hundred and fifteen, the treasurers in the different parts of this Commonwealth are directed to commence on the second Monday in June, A. D. 1816, and at the expiration of every two years thereafter, and adjourn from day to day, if necessary so to do, and make public sale of the whole or any parts of such tracts of Unseated Lands in the proper county, as will pay the arrearages of the taxes, any part of which shall have remained due and unpaid for the space of one year before, together with all the costs necessarily accruing by reason of such delinquency : Therefore I, JOHN B. SELHEIMER, Treasurer of the county of Mifflin, do hereby give notice that upon the following tracts of land, which are situate as hereinafter described, the several sums as stated are due on each tract respectively for State and County tax, and that, in pursuance of the aforesaid act of Assembly, I shall, at the Court House, in the Borough of Lew istown, in the county of Mifflin, on

Monday, 14th day of June next, commence the public sale of the whole or any part of such tracts of the unseated lands upon which all or any part of the taxes herein specified shall there be due, and continue sale by adjournment until all the lands upon which taxes remain due and unpaid are J. B. SELHEIMER, sold.

Dr. J. WILLIAMS, Chemist and Pharmaceutist, after studying closely the practices of Drs. Abernethy and J. Johnston, England, and observing the nature of the disease in all its stages, during a sojourn in the southern and western portions of the United States, where it pre-vails to a greater extent than elsewhere, procured from South America certain roots and herbs from which he prepared an "Elixir," which, after eighteen years' use in private practice, has proved itself more efficacious in the cure of Dyspepsy than any medicine that has ever been repared in any age or clime for the same purpose. Having submitted it, with an explanation of its compo

nents, to a number of physicians of Philadelphia, among whom were the late Drs. Joseph Hartshorne and J. C. Morton, it has received their entire approval, and many of the medical faculty are now not only prescribing it for their patients but are using it themselves, personally and in their families. As a tonic it is unequalled, and its properties are of so invigorating a nature that it is given with perfect safety and success to the most tender infants. The Elixir is very gradual, but certain in its action upon the organs of direction, the increased secretions of the he organs of digestion, the increased secretions of the liver, pancreas and nuccous membranes of the stomach, and requires that only one dose be taken in twenty four hours; for confirmed Dyspepsy can only be cured by grad ually restoring the organs of digestion to a healthy state The great success met with in curing the most aggravated ases of Dyspepsy, accompanied sometimes with a high grade of hypochondriasis, has established the most un-bounded confidence in the curative properties of this Elixir, in corroboration of which read the following testi-

noniais :-ATTESTATION - We, having used Williams' Anti-Dys-beptic Elivir with the most perfect satisfaction and suc-

ss, take great pleasure in recommending it to all persens suffering with Dyspepsy, as we are fully convinced of its most estimable qualities in restoring the digestive powers, removing all pains and uneasiness, and impart ing a healthy tone to the stomach. completely prostrated both in mind and body, and at length became so weakened I could not attend to my business, and was sinking into a decline, and it was believed I never could recover. The best medical aid was procured for me, and every means resorted to without any relief till I was advised to use your Elixir, and from the time ! egan taking it I gradually improved till I was completed restored to health. The dreadful suffrings I endured from dyspepsy I cannot describe; but I am confident that without the use of your Elixir I should be in my grave. A FIRST RATE WHITEWASH We have tried various preparations for whitewashing ceilings, and the walls of ut. papered rooms, but have never found any. thing entirely satisfactory until the present Spring. We have now something that at fords a beautiful, clear, white color, and which cannot be rubbed off.

We procured at a paint store, a dollar's worth of first quality "Paris White"-33 lbs., at three cents per lb.--and for this quantity, one pound of white glue, of the best quality, usually called Cooper's glue, because manufactured by Peter Cooper d New York. Retail price 50 cents per pound. For one days work, ½ lb. of the glue was put in a tin vessel, and covered with cold water over night. In the moming this was carefully heated until dissolv. ed, when it was added to 16 lbs. of the Paris White, previously stirred in a mod.

Paris white, previously acrea in a mode erate quantity of hot water. Enough wa-ter was then added to give the wholes proper milky consistency, when it was applied with a brush in the ordinary manaer. Our 33 lbs. of Paris White and 1 h. of glue sufficed for two ceilings, and the walk and ceilings of seven other smaller rooms. A single coat is equal to a double cost of

limewash, while the white is far more live. ly or brilliant than lime. Indeed the col. or is nearly equal to that of "Zine White," which. costs at least four times as much. We are satisfied, by repeated trials, dat no whitewash can be made to adhere fining without glue, or some kind of sizing and this will invariably be colored, in time, with the caustic lime. The Paris White, on the contrary, is simply pure washed chalk and is entirely inert, producing no caustie ef. fect on the sizing .- Am. Agriculturist.

NEW YORK, 93 Prince st., July 28, 1857.

Dear Sir :- I have received a bottle of Lyons' Pon Ohio Catawba Brandy, furnished by Mr. A. Ralston, Jr. of Lockport, N. Y., for analyzation, and I find it tota-tain only those ingredients which exist in PURS DRAFT. The proportion of alcohol obtained from it is 17.00. I believe this sample to be pure Brandy without idultrition—the flavor of it is delicate and peculiar. [Signed.] JAS. R. CHILTON, M. D., Chemid.
