A neighbor of Mr. Le Fe re's was in possession of the bull, and kept in in his barn. On Thursday afternoon, he broke down the barn door and got out, ad the man being sick, sent Mr. L. to as it in securing him. Delusion .- In Lynn, Mass., there is a lace called Dungeon Rock, where pirates te said to have had treasures in a cave that was closed up by the great earthquake that shook this part of the world in 1658. The cave closing formed a tomb for a supused pirate, Thomas Veal, and whatever had with him, rests to-day with his Some seven years ago a fanatic, named Marble, undertook to dig down through the solid rock that covered the supposed cavern, in search of the hidden treasure. Ever since he has been digging away, under, as he says, the direction of the spirits; and if, at any time he retires the spirits make new revelations to excite his hope and cheer him on. He has quite a little room excavated, and is still pursuing his work with undiminished faith in his spiritual guides. A Union County Man Murdered !-Among those who were shot in cold blood in the last inroad of the Border Ruffians upon Kansas, was announced "Mr. Coletzer, of Pennsylvania." We are informd that Mr. Colpetzer formerly resided in Union county, where he married a Miss Orwig, some few miles from Mifflinburg. The widowed woman has written home in her distress after this cruel bereavementthis ruthless murder of the harmless hushand of her youth-and asks some of her friends here to go and assist in gathering in her crops and securing the little propery they had acquired since their marriage. Mr. A. being a new settler, was entirely ignorant of the "blow snake," and seeing one, he got close enough to strike it, when the snake suddenly raised itself up and blew in its pursuer's face, causing Mr. Aben to inhale the breath of the reptile, poisonous enough to cause the death of the unfortunate man in a short time.

The Medicine of the Million. PHILOSOPHY AND FACT.

HOLLOWAY'S PILLS.

THE EXCITING CAUSE OF SICKNESS. THE blood is the life-sustaining agent. It furnishes the nponents of flesh, bone, muscle, nerve and integu. The stomach is its manufactory, the veins its dis sent. ributors, and the intestines the channel through which he waste matter rejected in its productions is expelled the waste matter rejected in its productions is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

THE NATIONAL COMPLAINT.

Dyspepsia is the most common disease among all clas-es in this country. It assumes a thousand shapes, and s the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinute its resistance to ordinary preparations, it yields readily and rapidly to this searching and unerring remedy. BILIOUS AFFECTIONS.

The quantity and quality of the bile are of most vital importance to health. Upon the liver, the gland which secretes this fluid, these Pills operate spreifically, infalli-bly rectifying its irregularities and effectually curing Jaundice, Bilious Remittants, and all the varieti-s of dis-ease generated by an unnatural condition of the organ.

BOWEL COMPLAINTS.

Unless the bowels perform their functions properly, the whole body suffers. Tens of thousands die annually of Dysentery, Diarrhen, Chronic Constipation, and other disenses of these waste pipes of the system. The effect of the Pills upon all intestimal disorders, whether casual or epidemic, is a phenomenon in medicine. HIGHLY IMPORTANT TO FARMERS. M. M. FAXON'S

Attachment of Vulcanized India Rubber Spring to the Tubes of Grain Drills. THE undersigned, having perfected an arrangement for the attachment of a Gum Spring to the Tubes and Drag Bars of Grain Drifts, is happy to inter Index and Drag Bars of Grain Drifts, is happy to inform Farmers and all others interested in the growing of Wheat and other grains, that he is prepared to furnish GRAIN DRILLS, with the above article attached, at the shortest notice, at his Foundry, in McVeytown, Pa. Seedershave become an almost indispensable article to the Farmer, and he will find that the attachment of the Gum Spring will enhance its value at least one-half. All the deten tion and trouble caused by the breaking of wooden pins is entirely done away with by this arrangement, and a man, or boy, can perform nearly double the labor that he could under the old plan, with much greater ease, both to himself and horses. There need be no fear of the Spring breaking, for if there is an article that will neither break rot, or wear out, the Gum Spring is that article, and I hazard nothing in saying that my Grain Drill is the simnext not not struction, most economical in performance, and therefore the most durable ever offered to the agri-cultural public. The feed is so arranged that it will sow $1, 1, 2, 1_3, 12, and 2$ bushels per acce. Persons desiring one for the coming seeding are requested to send in their orders as early as possible. THE LIVER

INVIGORATOR PREPARED BY DR. SANFORD, Compounded entirely from GUMS,

Is one of the best Purgative and Liver Medicines now before the public, that acts as a Cathartic, easier, mild-cr, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stom-ach and bowels to carry off that matter, thus accomplish-ing two purposes effectually, without any of the painful feelings experience of in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken daily is mederate doses will strength-

"Letters to Invalids," &c. IS COMING.

JULY APPOINTMENTS. Dr. Hardman,

Physician for Diseases of the Lungs, Formerly Physician to the Cincinnati Marine Hospital,

MAY BE CONSULTED AT Lewistown, National Hotel, Thursday, July 1. DR HARDMAN treats Consumption, Bronchitis, Laryng-tis, Asthma, and all diseases of the Throat by MEDICA-TED INHALATION.

The great point in the treatment of all human maladies is to get at the disease in a direct manner. All medicines are estimated by their action upon the organ requiring are estimated by their action upon the organ requiring relief. This is the important fact upon which Inhalation is based. If the stomach is diseased, we take medicine directly into the stomach. If the lungs are diseased, breathe or inhale medicated vapors directly into them. The reason why Consumption and diseases of the Lungs have heretofore resisted all treatment, has been because they were not approached in a direct manner by medicine. They were intended to be local, and yet they were so ad ministered that they could only act constitutioned to act ministered that they could only act constitutionally, ex pending their immediate action upon the stomach, whilst the foul ulcers within the Lungs were unmolested. In-halation brings the medicine into direct contact with the disease, without the disadvantage of any violent action. Its application is so simple that it may be employed by the youngest infant or feeblest invalid. It does not de range the stomach, or interfere in the least with the strength, comfort or business of the patient. 05-No charge for consultation

TALK of beauty ; it cannot exist without a fine head of hair. Then read the following, and if you ask more, see circular around each bottle, and no one can doubt.

PROFESSOR WOOD'S HAIR RESTORATIVE.

We would call the attention of all, old and young, to. this wonderful preparation which tarns back to its origi-nal color gray hair, covers the head with a luxuriant growth, removes the dandruff, itching, and all cutaneous eruptions, causee a continual flow of the natural fluids, and hence, if used as a regular dressing for the hair with preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then apon the bald, the gray, or diseased in scalp, to use it; and surely the young will not, as they value the flowing locks or the witching curl, ever be without it. Its praise is upon the tongue of thousands. The agent for Prof. Wood's Hair Beatorative in Now Hoven regimend the closure behavior Restorative in New Haven, received the following letter

I have great faith in it. I length where it was ALL OI. I nave great take in it. I wish you to send me two bottles more by Mr. Post, the bearer of this. I don't know as any of the kind is used in this place; you may have a market for many bottles, after it is known here. Yours with respect, RUFUS PRATT.

Prof. O. J. It entirely cleanses the head of dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance; and all this without discoloring the hands that apply it, or the drass on which it drops. I would therefore recommend its use to every one desirem of heating a fine color and texture to head one destrous of having a fine color and texture to hai Respectfully yours, WILSON O. J.
