The Rock That is Higher Than I. In seasons of grief to my God I'll repair, When my heart is o'erwhelmed with sorrow and care, From the ends of the earth unto Thee will I cry, Lead me to the Rock that is higher than I.

When Satan, the tempter, comes in like a flood, And would draw my poor soul from the fountain of good I will gird on my armor, in faith loud I'll cry,
"Lead me to the Rock that is higher than I."

When sickness o'erwhelms me, and pain is severe, And none be about to comfort and cheer. I will pray to my Saviour, who for me did die, 'Lead me to the Rock that is higher than I.'

And when I have ended my pilgrimage here, In Jesus' pure righteousness may I appear! In the swellings of Jordan assured I'll rely Upon Jesus, the Rock that is higher than I.

And when the last trump shall sound through the skies And the dead from the dust of the earth shall arise, With the millions I'll join, far above yonder sky, To praise the dear Rock that is higher than I.

WEEDS IN GARDENS.

Nearly every garden is infested with a number of unnecessary weeds, and that chiefly because they are allowed to go to seed before any serious attempt is made to exterminate them. A single plant often has a hundred or more seeds with which to propogate its kind.

What folly, then, to complain of weeds, if we allow them to sow themselves broadcast over our gardens! If our weeds were perennial plants, like the Canada thistle and quick-grass, the case would be different; but they are mostly annuals which need only to be kept from ripening their na, and some portions of Europe, weeds in gardens are said to be almost unknown, simply as the result of long continued cultivation. A certain county in Pennsylvania is reputed to have rid itself of the Canada thistle, and there are gardens here and there, in our neighborhood, in which weeds are comparatively strangers. Seeds we know, will steal over and from adjoining fields into the best managed gardens; but their number will be comparatively small, and the labor of keeping them in subjection not great, if none are allowed to go to seed in the garden itself.

NO all persons afflicted with sexual diseases, such as A Spermatorrhea, Seminal Weakness, Impotence, Gon-orrhea, Gleet, Syphilis, the vice of Onanism or Self

The Howard Association, in view of the awful destruc tion of human life caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give Medical Advice GRATIS, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in cases of extreme poverty to furnish Medicines Free of Charge. It is needless to add that the Association commands the highest medical skill of the age, and will furnish the most approved modern treatment. The Directors, on a review of the past, feel as sured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves with renewed zeal to this very important but much de-

pised cause.

Just published by the Association, a Report on Spermatorrhæa, or Seminal Weakness, the vice of Onani Masturbation or Self Abuse, and other Diseases of the Sexuai Organs, by the Consulting Surgeon, which will be sent by mail (in a sealed letter envelope) Free of Charge. on receipt of Two Stamps for postage. LYONS' PURE CATAWBA BRANDY.

HAVING received the sole agency of A. F. Hazard & Co., Wholesale Druggists, Philadelphia, for the sale of this Brandy in Mifflin county, we confidently offer it to the public as a pure and unadulterated article, as the following certificates will prove: CHEMICAL INSPECTOR'S OFFICE.

28 Sixth st., Cincinnati, March, 1857. 5
This will certify that I have this day inspected two eparate lots of Catawba Brandy, one in barrels and one bottles, manufactured by Lauritze Lyons, and sold by his sole agent, J. Jacob, at the Depot, No. 99, opposite the Burnet House, and 143 West Third street, Cincinnati, and find them both PURE and FREE from all poisonous or deleterious drugs, and as such have marked the same as the law directs. Given under my hand at my office. [Signed.] Hiban Cox, M. D., Inspector of Alcoholic Liquors, &c.

NEW YORK, 93 Prince st., July 28, 1857. Dear Sir:—I have received a bottle of Lyons' Pure Ohio Catawba Brandy, furnished by Mr. A. Ralston, Jr. of Lockport, N. Y., for analyzation, and I find it to contain only those ingredients which exist in PURR BRANDY.
The proportion of alcohol obtained from it is 47.00. I
believe this sample to be pure Brandy without adulteration—the flavor of it is delicate and peculiar.
[Signed.] JAS. R. CHILTON, M. D., Chemist.

The OHIO CATAWBA BRANDY not only equals but the OHIO CATAWBA BRANDY not only equals but even excels the best imported Brandies in purity and flavor. It is in fact the BEST Brandy known. This statement is fully corroborated by the certificates of many of our most distinguished analytical Chemists. The want of pure Brandy has long been felt in this country, and the introduction of an article of such quality as to supersede the sale and use of those vile compounds hitherto sold under the name of Brandy, can only he re hitherto sold under the name of Brandy, can only be re garded as a great public good. The Catawba Brandy possesses all the good qualities claimed for the best im-ported liquor, and is of perfect purity and superior flavor. It is therefore fully entitled to the patronage of the pub-lic. We feel confident that its reception in this State will be as favorable as that which it has met with in the Great West, and that the time is not far distant when the superiority of our own liquors will put an end to

TALK of beauty; it cannot exist without a fine head of hair. Then read the following, and if you ask more, see circular around each bottle, and no one can doubt. PROFESSOR WOOD'S HAIR RESTORATIVE.

We would call the attention of all, old and young, to this wonderful preparation which turns back to its origi-nal color gray hair, covers the head with a luxuriant growth, removes the dandruff, itching, and all cutaneous eruptions, causes a continual flow of the matural fluids. and hence, if used as a regular dressing for the hair will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald, the gray, or diseased in scalp, to use it; and surely the young will not, as they value the flowing locks or the witching curl, ever be without it. Its praise is upon the tongue of thousands. The agent for Prof. Wood's Hair Restorative in New Haven, received the following lette

in regard to the Restorative a few weeks since:

DEEP RIVER, CONN., July 23, 1856.

Mr. Leavenworth—Sir:—I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out, scurf and hair together. I saw in a New Haven paper about 'Wood's Hair Restorative' in a New Haven paper about 'Wood's Hair Restorative' as a cure. I called at your store on the 1st of April last, and purchased one bottle to try it, and I found to my satisfaction it was the thing; it removed the scurf and new hair began to grow; it is now two or three inches in length where it was ALL off. I have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this. I don't know as any of the kind is used in this place; you may have a market for many bottles. in this place; you may have a market for many bottles after it is known here. Yours with respect,

Prof. Wood—Dear Sir:—Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—in fact Bald. I have used but two half pint bottles of your Restorative and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recom mendation I can induce many others to try it.

It entirely cleanses the head of dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance; and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture to hair. Respectfully yours, WILSON KING.
