KISHACOQUILLAS SEMINARY.

H. S. ALEXANDER, A. B., Principal. THE Summer Session of this Institution opens on THURSDAY, 6th of May. The course of study is extensive, embracing all the branches usually taught in Seminaries and Academies. In Mathematics and the Classics, students are prepared to enter any class in College. Parents who wish their children removed as far as possible from evil influences, could not secure a more desirable situation, as it is entirely in the country—there being no towns, or any public house where liquor is sold, within five miles of the Institution. The community is hospitable, moral and intelligent, the situation beautiful and easy of access, while the health and scenery of the valley are proverbial. Terms: for Boarders \$55 per session; \$27, 50 payable in advance. For particulars and catalogues, address H. S. ALEXANDER, ap24 Kishacoquillas, Mifflin co., Pa.

LYONS' PURE CATAWBA BRANDY.

HAVING received the sole agency of A. Hazard & Co., Wholesale Druggists, Philadelphia, for the sale of this Brandy in Mifflin county, we cordially offer it to the public as a pure and unadulterated article, as the following certificates will prove: CHEMICAL INSPECTOR'S OFFICE, 25 Sixth St., Cincinnati, March, 1857. This will certify that I have this day inspected two separate lots of Catawba Brandy, one in barrels and one in bottles, manufactured by Lauritz Lyons, and sold by his sole agent, J. Jacob, at the Depot, No. 99, opposite the Bureau House, and 112 West Third street, Cincinnati, and find them both pure and free from all poisonous or deleterious drugs, and as such have marked the same as the law directs. Given under my hand at my office. [Signed] HIRSH COX, M. D., Inspector of Alcoholic Liquors, &c. New York, 93 Prince St., July 28, 1857. Dear Sir—I have received a bottle of Lyons' Pure Brandy, furnished by Mr. A. Hazard, Jr., of Lockport, N. Y., for analysis, and find it to contain only those ingredients which exist in PURE BRANDY. The proportion of alcohol obtained from it is 47.00. I believe this sample to be pure Brandy without adulteration—the flavor of it is delicate and peculiar. [Signed] JAS. R. CHILTON, M. D., Chemist. THE OHIO CATAWBA BRANDY not only equals but even exceeds the best imported Brandy in purity and flavor. It is in fact the BEST BRANDY known. This statement is fully corroborated by the certificates of many of our most distinguished analytical Chemists. The want of pure Brandy has long been felt in this country, and the introduction of an article of such quality to supersede the sale and use of those vile compounds hitherto sold under the name of Brandy, can only be regarded as a great public good. The Catawba Brandy possesses all the good qualities claimed for the best imported liquor, and is of perfect purity and superior flavor. It is therefore fully entitled to the patronage of the public. We feel confident that its reception in this State will be as favorable as that which it has met with in the Great West, and that the time is not far distant when the superiority of our own Brandy will put an end to their importation from abroad. For medicinal purposes this Brandy has no rival, and has long been needed. It is a sovereign and sure remedy for Dyspepsia, Flatulency, Low Spirits, Languor, General Debility, &c. Also for sale, ESHELBY'S CELEBRATED STILL AND SPARKLING CHAMPAGNE. These Wines are made in the neighborhood of Cincinnati, and are guaranteed to be the pure juice of the grape, and are eminently calculated for invalids and persons who require a gentle stimulant, and for Sacramental purposes, as a beverage will be found equal, if not superior, to the best imported. Retail Price for Brandy and Wines, \$1.25 per Quart Bottle. A liberal discount made to the trade. Address CHAS. RITZ, Lewistown, Pa. February 18, 1858. ccm

Montgomery, adjoining the Post Office, where he is prepared to make to order Ladies', Gentlemen's or Children's Boots, Shoes & Gaiters, of all descriptions, of the best quality, and at reasonable prices for cash, and from his experience in the business, and determination to please, he hopes to give satisfaction to all who may favor him with their orders. Repairing Done in the best manner. A share of public patronage respectfully solicited. my20-1f JOHN CLARKE.

THE LIVER INVIGORATOR

PREPARED BY DR. SANFORD. Composed entirely from GUMS,

Is one of the best Purgative and Liver Medicines now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to reject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful and pernicious effects of the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken daily in moderate doses will strengthen and build up with unusual rapidity.

The Liver is one of the principal regulators of the human body; and when well the powers of the system are directly dependent on the health of the Liver. The stomach is almost entirely dependent on the health of the Liver for the proper performance of its functions; and the bowels are at all times dependent on the Liver for its duty. For the disease of the Liver, the proprietors have made it their study, in a year, to find some remedy to the many diseases which it is at last found, any person afflicted with any of the above symptoms, or who has any morbid or bad supply in their place, a purgative of the blood, which will purify the blood, and effecting a radical cure, and what is occasional use of the Liver is sufficient to prevent the food from rancid, and taken before it is used. Only one dose taken after each meal will do so. Two teaspoonfuls of the medicine will remove a bile obstruction, and make a perfect cure. Only one dose immediately after a meal will do so. Only one dose repeated three or four times a day will do so. Only one dose repeated three or four times a day will do so. Only one dose repeated three or four times a day will do so.

JOY TO THE ADMIRERS OF A FINE HEAD OF RICH GLOSSY HAIR.

TALK of beauty; it cannot exist without a fine head of hair. Then read the following, and if you ask more, see the effect of each bottle, and no one can doubt. PROFESSOR WOOD'S HAIR RESTORATIVE. We would call the attention of all old and young, to a wonderful preparation which turns back to its original color gray hair, covers the head with a luxuriant growth, removes the dandruff, itching, and all cutaneous eruptions, causes a continual flow of the natural fluids, and hence, if used as a regular dressing for the hair will preserve its color, and keep it from falling to extreme old age. It cures all itching, scalp, to use it; and surely the young will not, as they value it, and it is found to be the best hair restorer in the world. Its price is upon the tongue of thousands. The agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative a few weeks since: Mr. Leavenworth—Sir—I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out, scurf and hair together. I saw in a New Haven paper about 'Wood's Hair Restorative' as a cure. I called at your store on the 1st of April last, and purchased one bottle to try on the rest of my head, and it was the thing; it removed the scurf and new hair began to grow; it is now two or three inches in length where it was all off. I have great faith in it. I will send me two bottles more by Mr. Post, the bearer of this. I do not know as the kind is used in this place; you may have a market for many bottles after it is known here. Yours with respect, RUFUS PRATT. PHILADELPHIA, September 9, 1856. Prof. Wood—Dear Sir—Your Hair Restorative is providing me with a fine head of hair. The front, and also the back part of my head, is now growing in fine hair. I have used but two half pint bottles, and I find it is now the top of my head is well covered with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any success, but I think from my own personal recommendation I can induce many others to try it. Yours respectfully, D. R. THOMAS, M. D., No. 464 Vine street. VINNENESS, IA., June 22, 1853. Prof. O. J. Wood—As you are about to manufacture and vend your recently discovered Hair Restorative, I used it, and know of no other that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance; and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture to their hair. Respectfully yours, WILSON KING. O. J. WOOD & CO., Proprietors, 312 Broadway, N. Y. (in the great N. Y. Store Building, East 14th Street, and 114 Market Street, St. Louis, Mo., and sold by all good Druggists. je10

Dyspepsy, Indigestion, Dyspepsy.

A MORBID sensibility of the stomach and bowels, attended with obvious disorder of the digestive organs, Dyspepsy and its attendant ills, such as Nausea, Headache, Vertigo, Dimness of Sight, Debility of Nervous System, Hypochondria, Jaundice, Liver Complaint, Loss of Appetite, Oppression after eating, Wanting of the strength, Palpitation of the heart, Flatulency, with frequent belching of wind, Stiffness of the right side, Vilitated taste, Slowness of complexion, Constipation & uneasiness of the bowels, Irritability of spirits, &c. Have in many cases defied the skill, heretofore, of the best medical practitioners in the world, and many cases have been abandoned as incurable.

Dr. J. WILLIAMS, Chemist and Pharmacist, after studying closely the practices of Drs. Abernethy and J. Johnston, England, and observing the nature of the disease in all its stages, during a sojourn in the southern and western portions of the United States, where it prevails to a greater extent than elsewhere, procured from South America certain roots and herbs from which he prepared an "Elixir," which, after eighteen years' use in private practice, has proved itself more efficacious in the cure of Dyspepsy than any medicine that has ever been prepared in any age or clime for the same purpose.

Having submitted it, with an explanation of its components, to a number of physicians of Philadelphia, among whom were the late Drs. Joseph Hartshorne and J. C. Morton, it has received their entire approval, and many of the medical faculty are now not only prescribing it for their patients but are using it themselves, personally and in their families. As a tonic it is unequalled, and its properties are so invigorating a nature that it is given with perfect safety and success to the most tender infants. The Elixir is very gradual, but certain in its action upon the organs of Digestion, the increased secretions of the liver, pancreas and mucous membranes of the stomach, and requires that only one dose be taken in twenty-four hours; for confirmed Dyspepsy can only be cured by gradually restoring the organs of digestion to a healthy state. The great success met with in curing the most aggravated cases of Dyspepsy, accompanied sometimes with a high degree of hypochondria, has established the most unbounded confidence in the curative properties of this Elixir, in corroboration of which read the following testimonials:—

ATTESTATION.—We, having used Williams' Anti-Dyspeptic Elixir with the most perfect satisfaction and success, take great pleasure in recommending it to all persons suffering with Dyspepsy, as we are fully convinced of its most estimable qualities in restoring the digestive powers, removing all pains and uneasiness, and imparting a healthy tone to the system. JOHN R. PENROSE, 24 South Wharves; Casper Morris, Tacony; Thomas Althone, President of Bank of Pennsylvania; Abner Elmes, Market street, and Sixth; Edward H. Rowley, No. 14 North Wharves; Michael Dixon, Superior street; John E. Exchange, Hannah's styles, Frankford Road; Hannah West, 28 Fifth street; H. N. Sperry, No. 12 Edward street; Lawrence Newbold, No. 236 Chestnut street, Philadelphia; Wm. Ward, No. 6 City Row; Rudolph L'Arni, No. 207 Broadway; H. N. Williams, No. 94 Water street, New York. The list of names could be extended to almost any length, but the foregoing is deemed sufficient.

Testimony of H. N. Sperry, who was abandoned as incurable and given up to die. Dr. J. Williams—Dear Sir—For fifteen years previous to 1853, I suffered so much from dyspepsy that I became completely prostrated both in mind and body, and at length became so weak and feeble, that I could not attend to my business, and was sinking into a decline, and it was believed I never could recover. The best medical aid was procured for me, and every means resorted to without any relief, till I was advised to use your Elixir, and from the time I began taking it I gradually improved till I was completely restored to health. The dandruff, itching, and all cutaneous eruptions from dyspepsy I cannot describe; but I am confident that without the use of your Elixir I should be in my grave. I assert that I solemnly believe your Elixir has saved me from an early death. I continue now in the enjoyment of the best of health, and I feel that the facts set forth in the above certificate are true in every particular. Sworn and subscribed this 6th day of June, 1857. FREDERICK REEL, Alderman. The Elixir is sold in bottles at 8c each, or six bottles for \$5. Proprietor, JAMES WILLIAMS, M. D., Chemist and Pharmacist, No. 4 South Seventh street, Philadelphia. For sale by CHARLES RITZ, Lewistown. ap8
