WEST'S Patent Galvanic Cement

TOP ROOFING.

right for this Cement in Mifflin and Centre counties, are now prepared to furnish and put it on roofing wherever desired-the roof eing sheeted by the owner. Scientific men under the direction of government, and ar-chitects and builders in various parts of the country, for years have been studying and experimenting to discover some composition or article for roofing, which would resist the changes of our climate, and would unite the qualities of Imperviousness to Water, Incombustibility, Durability and Cheapness. No article now in use possesses these qualities. Shingles are not fire proof, and cannot be used apon flat roofs. Slate can only be used upon steep roofs. The contraction, expansion and rusting of metallic roofs are so great in this changeable climate that they soon become worthless, or the repairs will cost more than a new roof. The various cements and compositions which have been introduced, can be supplied only to very flat roofs, and they are all so affected by the action of the weather that they will melt and run in summer and erack in winter, and in a short time become crumbly and worthless. The inventor of the Galvanic Coment has labored twenty years to obviate these difficulties, and it is believed by those who have had opportunities to test the matter, that he has entirely succeeded. As now applied. First--It is completely impervious to water.

Water may continually stand upon the roof without affecting it in the least.

Second-It is fire-proof. It is so incombustible that it will afford ample and perfect protection against fire, sparks and burning shingles from another building immediately adjoining.
Third—It is durable. It is not injured by

atmospheric changes, having been tested for several years by the Patentee, at Syracuse, New York.

Fourth-It is cheap. Roofs will be put on for about half the cost of tin, and will last much longer.

Fifth-Repairs are easily and cheaply made. Sixth -It is sufficiently elastic to entirely resist the expansion and contraction by heat and cold, and will remain perfect and solid in the warmest and coldest weather.

Seventh-It is adapted to all kinds of roofs.

either flat or steep.
Eighth-It is valuable for repairing old roofs. Old shingle roofs may be covered without removing the shingles. Old metalic roofs can be made perfectly tight and secure. Ninth-It is especially adapted to all kinds of seaming around battlements, sky-lights and chimneys, and for the lining of cave troughs and gutters. Roofs which have given trouble for years, and which have continued to leak in spite of all efforts, can be made

perfectly secure by this cement.

Tenth—It has been proved to be the best article ever used for covering car tops and

Eleventh-This cement applied to new tin roofs preserves them from rusting, by furnishing a coat which is at once impervious to water and an almost perfect non-conductor of heat.

Twelfth-It is the only roofing material patented which contains India rubber and gutta percha.

For particulars of this cement, owners of property will please address E. LOCKE,

DYSPEPSIA,

S shown by the statements of the Board of Health of New York, caused the death of 76 persons out of 611 eaths in one week, and 131 deaths by consumption in dyspepsia is the origin of the sufferings of a large portion of those who die of consumption, it becomes the duty of every one to use such precautions against and remedia every one to use such precautions against and remedies for dyspepsia as science and experience have placed be fore them, and which have proved to be efficacious. Of this character is DR. WILLIAMS' ANTI-DYSPEPTIC ELIXIR, in corroboration of which read the following

From Mr. R D'Arni, New York. Dear Sir-My wife had been suffering with Dyspepsi very severely for a long time, and has been attended b two physicians for about six weeks, from which attend ance she received no relief. I recently procured you Elixir for her, and after taking one bottle she is complete y cured. I can safely say I never knew of a medicine

having so quick effect in so short a time.

Very respectfully yours, RUDOLPH D'ARNI,
Teacher of Drawing and Music, 267 Broadway, N. Y. Extract of a letter from Mr. H. N. Winans, New York,

to his friend in Philadelphia.

Do you recollect that bottle of Williams' Elixir that as leaking in your trunk, and you gave to me to get re of? Well, for curiosity, I thought I would try if it would relieve me of the Dyspepsia, which I have had for some time, and for which it is recommended, and I am happy to say it has quite cured me, and would recommend it is any one similarly affected Signed, H. N. WINANS, 91 Water st., N. Y.

Dr. J. Williams-After suffering from Dyspepsia for considerable time and failing to obtain any permanent relief, I was induced to try your Elixir. I must confess I had not much confidence at first, but in about two weeks was most agreeably surprised to find I was rapidly in proving in health; I am now much fatter than ever before and I am in as good if not better health than I ever was in my life.

Very truly yours, &c.,

An Invaluable Remedy for Dyspepsia. Read the testimony of the wife of Mr. John Stiles, or the Frankford Road, near the first toll gate.

FRANKFORD ROAD, Oct. 25, 4849.

Dr. James Williams—Having recently understood tha it is your intention to resume the preparing of your Anti-Dyspeptic Elixir, and being anxious that others may be benefitted by its use as I have been, I herewith send you for publication, if you think proper, a statement of the effectual cure produced on me by it. For a numbe of years I have been suffering to such an extent that ! became so much debilitated, and the digestive powers s much destroyed, that it was with difficulty I could take and retain sufficient nourishment to support life. Neith-er myself nor my friends were aware that my suffering proceeded from indigestion; in the year 1839 my attention was directed by my husband to your advertisement, at that time published in some of the city papers, explaining the causes and symptoms of dyspepsia, and confidently offering a remedy. I immediately procured and used some of your medicine with the most signal suc-cess; from a state of debility, languor, and nervousness, and complete loss of the power of digestion, so great that I could take at first only five drops of the Elixir at a dose I was in a few days much relieved, and by continuing it a short time I have been restored to health, strength and vigor, which I still retain. I take great pleasure, sir in making known the efficacy of your Anti Dyspeptic Elixir, and sincerely hope it may be the means of induc-ing others to go and be benefitted like myself.

very respectfully, &c., HANNAH STILES. The Elixir is sold in bottles at \$ each, or six bottle Proprietor, JAMES WILLIAMS, M. D.,

The Medicine of the Million.

HOLLOWAY'S PILLS.

THE EXCITING CAUSE OF SICKNESS.

THE blood is the life-sustaining agent. It furnishes the components of flesh, bone, muscle, nerve and integument. The stomach is its manufactory, the veins its dis-tributors, and the intestines the channel through which the waste matter rejected in its productions is expelled-Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the excretions.

THE NATIONAL COMPLAINT.

Dyspepsia is the most common disease among all clas-es in this country. It assumes a thousand shapes, and is the primary source of innumerable dangerous maladies; but whatever its type or symptoms, however obstinate its resistance to ordinary preparations, it yields readily and rapidly to this searching and opering remedy.

BILIOUS AFFECTIONS. The quantity and quality of the bile are of most vital importance to health. Upon the liver, the gland which secretes this fluid, these Pills operate specifically, infalli-bly rectifying its irregularities and effectually curing Jaundice, Bilious Remittants, and all the varieties of dis-ease generated by an unnatural condition of the organ.

BOWEL COMPLAINTS. Unless the bowels perform their functions properly, th whole body suffers. Tens of thousands die annually of Dysentery, Diarrhea, Chronic Constipation, and other diseases of these waste pipes of the system. The effect of the Pills upon all intestinal disorders, whether casual or epidemic, is a phenomenon in medicine. By following the printed directions, the most alarming cases of bow complaint are promptly controlled.

A WORD TO FEMALES.

The local debility and irregularities which are the esecial annoyances of the weaker sex, and which, when neglected, always shorten life, are relieved for the time being, and prevented for the time to come, by a course of this mild but thorough alterative. Holloway's Pills are the best remedy known in

the world for the following Diseases: Diarrhea Indigestion Secondary Asthma

THE LIVER INVIGORATOR

PREPARED BY DR. SANFORD.
Compounded entirely from GUMS,

Is one of the best Purgative and Laver Medicines now before the public, that acts as a Cathartic, easier, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its merhid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experience d in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken daily in moderate doses will strengthen and build it up with unusual rapidity.

The Liver is one of the principal regulators of the human body; and when it performs its functions

MorBus, and a preventive of CHOLERA CONIN one bottle is needed to throw out of the system the effects of medicine after a long sickness. One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin. One dose taken a short time before eating gives vigor to the appetite and makes food digest well dose often repeated tures CHRONIC DIARRHEA in its worst forms, and Summer and Bowel Complaints yield almost to the first dose. One or two doses cures attacks caused w Worms in Children; there is no surer, safer or speeder remedy in the world, as it Azven falls. A few bottles cures Dropsy, by exciting the absorbents. We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all Fevers of a

Bilious Type. It operates with certainty, and thousands are willing to testify to its wonderful virtues. All who use it are giving their unanimous testimony in its favor.

Joy to the Admirers of

A FINE HEAD OF BICH CLOSSY HAIR.

TALK of beauty ; it cannot exist without a fine head of hair Then read the following, and if you ask more, see circular around each bottle, and no one can doubt.

PROFESSOR WOOD'S HAIR RESTORATIVE. We would call the attention of all, old and young, to his wonderful preparation which turns back to its original color gray hair, covers the head with a luxuriant growth, removes the dandruff, itching, and all cutaneous eruptions, causes a continual flow of the natural fluids, and hence, if used as a regular dressing for the bair will oreserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the hald, the gray, or diseased in scalp, to use it; and surely the young will not, as they value the flowing locks or the witching carl, ever be without it. Its praise is upon the tongue of thousands. The agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative a few weeks since:

DEEP RIVER, CONN., July 23, 1856.

Mr. Leavenworth—Sir:—I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out, scurf and hair together. I saw in a New Haven paper about 'Wood's Hair Restorative' as a cure. I call d at your store on the lat of April last, and purchased one bottle to try it, and I found to iny satisfaction it was the thing; it removed the scurf and new hair began to grow; it is now two or three inches in ength where it was ALL off. I have great faith in it. 1 wish you to send me two bottles more by Mr. Post, the hearer of this. I don't know as any of the kind is used

in this place; you may have a market for many bottles after it is known here. Yours with respect, RUFUS PRATT. PHILADELPHIA, September 9, 1856. Prof. Wood-Dear Sir:-Your Hair Restorative is pro-

ving itself beneficial to me. The front, and also the back part of my bead almost lost its covering—in fact Bald. I have used but two half pint bottles of your Restorative and now the top of my head is well studded with a prom ising crop of young hair, and the front is also receiving its benefit. I have tried other pre; arations without any benefit whatever. I think from my own personal recom nendation I can induce many others to try in.

Yours respectfully, D. R. THOMAS, M. D.,

VINCENTER, IA., June 22, 1853.

Prof. O J. Wood—As you are about to manufacture and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for sevused it and known others to use it—that I have for sevused it. eral years been in the habit of using other Hair Restora tives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance; and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture to hair
