Such is the Christian's parting hour-So peacefully he sinks to rest— When faith, endued from heaven with power, Sustains and cheers his languid breast.

Mark but that radiance of his eye, That smile upon his wasted cheek; They tell us of his glory nigh, In language that no tongue can speak,

A beam from heaven is sent to cheer The pilgrim on his gloomy road; And angels are attending near To bear him to their bright abode.

Who would not wish to die like those Whom God's own Spirit deigns to bless? To sink into that soft repose, Then wake to perfect happiness?

Be Slow to Judgment of others .- It ill becoms us to be rash and hasty in our censures of others, and to be forward to believe people guilty of bad things, while either the matter of fact on which the censure is grounded, is doubtful and unproved, or is capable of a good construction. Charity commands us to hope the best concerning all, and forbids censoriousness. Paul had very good information when he did but partly believe (1 Cor. xi, 18,) hoping it was not so. Especially we ought to be cautious how we censure the devotion of others, lest we call that hypocricy, enthusiasm or superstition, which is really the fruit of honest zeal, and is accepted of God -Matthew Henry.

When Does Education Commence ?-Education does not commence with the alphabet. It begins with a mother's look; with a father's nod of approbation, or his sign of reproof; with a sister's gentle pressure of the hand, or a brother's noble act of . forbearance; with a handful of flowers in green and daisy meadows; with a bird's nest admired, but not touched; with pleasant walks in shady lanes; and with thoughts directed, in sweet and kindly tones and words, to nature, to beauty, to acts of benevolence, to deeds of virtue, and to the source of all good to God himself!-Black-

DYSPEPSIA,

A S shown by the statements of the Board of Health of New York, caused the death of 76 persons out of 611 deaths in one week, and 131 deaths by consumption in duced by dyspepsia. As it is a well attested fact that dyspepsia is the origin of the sufferings of a large portion of those who die of consumption, it becomes the duty of every one to use such precautions against and remedies for dyspepsia as science and experience have placed be-fore them, and which have proved to be efficacious. Of this character is DR. WILLIAMS' ANTI-DYSPEPTIC ELIXIR, in corroboration of which read the following

From Mr. R. D'Arni, New York. Dear Sir-My wife had been suffering with Dyspepsia very severely for a long time, and has been attended by two physicians for about six weeks, from which attendance she received no relief. I recently procured your Elixir for her, and after taking one bottle she is complete-ly cared. I can safely say I never knew of a medicine having so quick effect in so short a time.

Very respectfully yours, RUDOLPH D'ARNI, Teacher of Drawing and Music, 267 Broadway, N. Y. Extract of a letter from Mr. H. N. Winans, New York, to his friend in Philadelphia.

Do you recollect that bottle of Williams' Elixir that was leaking in your trunk, and you gave to me to get rid
of? Well, for curiosity, I thought I would try if it would relieve me of the Dyspepsia, which I have had for so time, and for which it is recommended, and I am happy to say it has quite cured me, and would recommend it to any one similarly affected Signed, H. N. WINANS, 94 Water st., N. Y.

Dr. J. Williams—After suffering from Dyspepsia for a considerable time and failing to obtain any permanent relief, I was induced to try your Elixir. I must confess the property of the proper I had not much confidence at first, but in about two week was most agreeably surprised to find I was rapidly im-proving in health; I am now much fatter than ever before and I am in as good if not better health than I ever was Very truly yours, &c .. in my life.

WILLIAM YARD, 6 City Row. An Invaluable Remedy for Dyspepsia. Read the testimony of the wife of Mr. John Stiles, on the Frankford Road, near the first toll gate.

FRANKFORD ROAD, Oct. 25, 1849. Dr. James Williams-Having recently understood that it is your intention to resume the preparing of your Anti-Dyspeptic Elixir, and being anxious that others may be benefitted by its use as I have been. I herewith send you for publication, if you think proper, a statement of the effectual cure produced on me by it. For a number of years I have been suffering to such an extent that I of years 1 have been suffering to such an extent that i became so much debilitated, and the digestive powers so much destroyed, that it was with difficulty I could take and retain sufficient nourishment to support life. Neith-er myself nor my friends were aware that my suffering proceeded from indigestion; in the year 1829 my attention was directed by my husband to your advertisement, at that time published in some of the city papers, explaining that time published in some of the city papers, explaining the causes and symptoms of dyspepsia, and confidently offering a remedy. I immediately procured and used some of your medicine with the most signal suc-cess; from a state of debility, languor, and nervousness, and complete loss of the power of digestion, so great that I could take at first only five drops of the Elixir at a dose, I was in a few days much relieved, and by continuing it a short time I have been restored to health, strength, and vigor, which I still retain. I take great pleasure, sir, in making known the 'fficacy of your Anti Dyspeptic Elixir, and sincerely hope it may be the means of inducing others to go and be benefitted like myself.

Very respectfully, &c., HANNAH STILES. The Elixir is sold in bottles at \$1 each, or six bottles or \$5. Proprietor, JAMES WHALIAMS, M. D., Chemist and Pharm

Will make more Butter, of a better quality, from a dasher, can be removed (whole) from the inside of the Churn by simply unscrewing the handle end of the dasher to the square of the hole. The peculiar construction of the dasher agitates the cream in the centre as well as the sides, giving it a rotary motion, and preventing the cream from revolving with the dasher after it becomes thick. They also gather the butter quicker and better. They have Tubes in the lid for the purpose of letting the gas escape as fast as it rises, and admitting the fresh air to pass through the churn while in operation. The Howard Association, in view of the awful destruc-tion of human life caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give Medical Advice GRATIS, to all who apply by letter, with a description of their condition, (age, occupation, habits of stife, &c.) and in cases of extreme poverty to furnish Medicines Free of Charge.
