

### WEST'S Patent Galvanic Cement For Roofing.

THE undersigned having purchased the right for this Cement in Millin and Centre counties, and prepared to furnish and put it on roofing wherever desired—the roof being sheeted by the owner. Scientific men under the direction of government, and architects and builders in various parts of the country, for years have been studying and experimenting to discover some composition or article for roofing, which would resist the changes of our climate, and would unite the qualities of *Impermeability to Water, Incombustibility, Durability and Cheapness*. No article now in use possesses these qualities. Shingles are not fire proof, and cannot be used upon flat roofs. Slate can only be used upon steep roofs. The contraction, expansion and rusting of metallic roofs are so great in this changeable climate that they soon become worthless, or the repairs will cost more than a new roof. The various cements and compositions which have been introduced, can be supplied only to very flat roofs, and they are all so affected by the action of the weather that they will melt and run in summer and crack in winter, and in short time become crumbly and worthless. The inventor of the Galvanic Cement has labored twenty years to obviate these difficulties, and it is believed by those who have had opportunities to test the matter, that he has entirely succeeded. As now applied,

First—It is completely impervious to water. Water may continually stand upon the roof without affecting it in the least.

Second—It is fire-proof. It is so incombustible that it will afford ample and perfect protection against fire, sparks and burning shingles from another building immediately adjoining.

Third—It is durable. It is not injured by atmospheric changes, having been tested for several years by the Patentee, at Syracuse, New York.

Fourth—It is cheap. Roofs will be put on for about half the cost of tin, and will last much longer.

Fifth—It is sufficiently elastic to entirely resist the expansion and contraction by heat and cold, and will remain perfect and solid in the warmest and coldest weather.

Sixth—It is adapted to all kinds of roofs, either flat or steep.

Seventh—It is valuable for repairing old roofs. Old shingle roofs may be covered without removing the shingles. Old metallic roofs can be made perfectly tight and secure.

Eighth—It is especially adapted to all kinds of seaming around battlements, sky-lights and chimneys, and for the lining of cove troughs and gutters. Roofs which have given trouble for years, and which have continued to leak in spite of all efforts, can be made perfectly secure by this cement.

Ninth—It has been proved to be the best article ever used for covering car tops and steamboat decks.

Tenth—This cement applied to new tin roofs preserves them from rusting, by furnishing a coat which is at once impervious to water and an almost perfect non-conductor of heat.

Eleventh—It is the only roofing material patented which contains India rubber and gutta percha.

For particulars of this cement, owners of property will please address

### DYSPEPSIA,

As shown by the statements of the Board of Health of New York, caused the death of 76 persons out of 611 deaths in one week, and 121 deaths by consumption induced by dyspepsia. As it is a well attested fact that dyspepsia is the origin of the sufferings of a large portion of those who die of consumption, it becomes the duty of every one to use such precautions against and remedies for dyspepsia as science and experience have placed before them, and which have proved to be efficacious. Of this character is DR. WILLIAMS' ANTI-DYSPEPTIC ELIXIR, in corroboration of which read the following testimonials:

From Mr. B. D'Arni, New York.  
Dear Sir—My wife had been suffering with Dyspepsia very severely for a long time, and had been attending two physicians for about six weeks, from which attendance she received no relief. I recently procured your Elixir for her, and after taking one bottle she is completely cured. I can safely say I never knew of a medicine having so quick an effect in so short a time.

Very respectfully yours, RUDOLPH D'ARNI,  
Teacher of Drawing and Music, 267 Broadway, N. Y.

Extract of a letter from Mr. H. N. Winans, New York, to his friend in Philadelphia.  
Do you recollect that bottle of Williams' Elixir that was lying in your trunk, and you gave to me to get rid of? Well, for curiosity, I thought I would try it for some time, and for which it is recommended, and I am happy to say it has quite cured me, and would recommend it to any one similarly affected.

Signed,  
H. N. WINANS, 91 Water st., N. Y.  
Dr. J. Williams—After suffering from Dyspepsia for a considerable time and failing to obtain any permanent relief, I was induced to try your Elixir, but in about two weeks I had not much confidence at first, but in about two weeks was most agreeably surprised to find I was rapidly improving in health; I am now much better than ever before and I am as good if not better health than I ever was in my life.

Very truly yours,  
WILLIAM YARD, 6 City Row.

An Invaluable Remedy for Dyspepsia.

Read the testimony of the wife of Mr. John Stiles, on the Frankford Road, near the toll gate.

FRANKFORD ROAD, Oct. 25, 1849.

Dr. James Williams—Having recently understood that it is your intention to resume the preparing of your Anti-Dyspeptic Elixir, and being anxious that others may be benefited by it, as I have been, I herewith send you for publication, if you think proper, a statement of the effectual cure produced on me by it. For a number of years I have been suffering with such an extent that I became so much debilitated, and the digestive powers so much destroyed, that it was with difficulty I could take and retain sufficient nourishment to support life. Neither myself nor my friends were aware that my suffering proceeded from indigestion; in the year 1839 my attention was directed by my husband to your advertisement, at that time published in some of the city papers, explaining the causes and symptoms of dyspepsia, and confidently offering a remedy. I immediately procured and used some of your medicine with the most signal success; from a state of debility, languor, and nervousness, and complete loss of the power of digestion, so great that I could take at first only five drops of the Elixir at a dose, in a short time I have been restored to health, strength, and vigor, which I still retain. I take great pleasure, sir, in mentioning the efficacy of your Anti-Dyspeptic Elixir, and sincerely hope it may be the means of inducing others to go to bed, as I have, benefited like myself.

Very respectfully, &c.,  
HANNAH STILES.

The Elixir is sold in bottles of each, or six bottles for \$5. Proprietor, JAMES WILLIAMS, M. D., Chemist and Pharmacist, No. 4 South Seventh street, Philadelphia. For sale by CHARLES RITZ, Lewistown, July 22.

### HOWARD ASSOCIATION, PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with

Fervent and Epidemic Diseases.

To all persons afflicted with sexual diseases, such as Syphilis, Gonorrhoea, Gleet, Syphilis, the vice of Onanism or Self Abuse, &c. &c.

The Howard Association, in view of the awful destruction of human life caused by these diseases, and the deceptions practised upon the unfortunate victims of such diseases by quacks, several years ago directed their Consulting Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give Medical Advice GRATIS, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in cases of extreme poverty to furnish Medicines Free of Charge. It is needless to add that the Association commands the highest medical skill of the age, and will furnish the most approved modern treatment. The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves with renewed zeal to this very important but much neglected cause.

Just published by the Association, a Report on Syphilis, Gonorrhoea, or Venereal Diseases, and on the Diseases of the Sexual Organs, by the Consulting Surgeon, which will be sent by mail (in a sealed letter envelope) Free of Charge, on receipt of Two Stamps for postage. Address, for Report or treatment, Dr. GEORGE H. CALHOUN, Consulting Surgeon Howard Association, No. 3 South Ninth Street, Philadelphia, Pa. By order of the Directors.
