## THE ELECTION.

Lecomptonism—Protection to American Industry.

The extraordinary result of the election in this county on Tuesday last, and especially in the district composed of the Borough of Lewistown and Granville and Derry townships, which gave 212 majority for James T. Hale for Congress, was the theme of special wonder among all classes. It cannot be claimed as a party triumph, yet is a special and merited rebuke to Buchanan, White and Bower, and a warning to all future aspirants for office that the time has arrived when the SOVEREIGN PEOPLE will no longer suffer themselves to be used as mere machines, or permit legislators to set their will at defiance with impunity.—Life-long democrats looked with regret on the singular course of Buchanan in defending himself to outrages on rights held sacred by every man who appreciated our institutions; others saw in the nomination of Wm. A. Porter an attempt to perpetuate office in one family; and yet another portion looked on the unbridled interference of officeholders and the proscription for opinion's sake as more worthy of a despotism than a free government. The laboring classes, who saw our furnaces and ore banks idle, and themselves without employment, while foreign labor was furnishing us with iron, together with all interested in business, arose in a mass and declared their determination to put on record a verdict that could not be mistaken by the most blinded politician. Thus the ticket nominated by what is called the "opposition" became in reality the "People's Ticket," and received an overwhelming vote which defeated the worthy with the unworthy on the so-called democratic.

The election of Mr. Peachy as Commissioner is also a lesson which may with profit be laid to heart by all who act on the principle that the end will justify the means. Against him was arrayed party discipline, backed by all the physicians of this town with the exception of one or two, some of whom were electioneering against him for weeks and up to the hour of closing the polls. Nor was detraction wanting—yet what did it avail? The people saw one of their most respected taxpayers, with his colleagues, almost secretly legislated out of office while in the midst of a reform of what had become a nest of public plunder, and they put their seal of condemnation on the act and its authors by electing him to a post which now controls the very institution from which the snake will ejected him.

We subjoin the result in this county, by reported majorities, for Congress, Legislature, and Commissioner:

## THE CONGRESSIONAL DISTRICTS.

Thos. B. Florence, in the 1st district, is the only democrat known to be certainly elected, the government having colonized a large force at the navy yard to outvote the people. Dinnick in the 13th and Roberts in the 6th may also be elected, and perhaps one or two other democrats. Jones is reported defeated in the Berks district by 45 votes. The following is the probable result of the Congressional vote in the state.

## 1. Thomas B. Florence, Dem.

2. Edward Joy Morris, Opp.

3. John P. Veree, Opp.

4. William Millward, Opp.

5. John Wood, Opp.

The Democratic policy of Tariff for revenue, with moderate discrimination against luxuries and incidental to home interests, is all that can be had, and I believe it is the interest of Pennsylvania to ask nothing more."

The above is from Senator Bigler's speech at Clarion. The laboring men can here see what kind of a tariff the Lecompton swindlers are willing to give them; but if the late election has not taught Bigler & Co. that they are not "masters of democracy" the next will. Protection to American Industry is now the watchword, and Protection the working men will have, by purging Washington of all who favor for fair labor in preference to our own.

Where's the man who took off Alexander's hide, "spectacles and all?"

See advertisement of Dr. Sanford's LIVER INVIGORATOR in another column.

The administration, on the eve of the election, cancelled the Scotch Water Pipe contract, on the ground of non-fulfilment.

In seven months in 1857, Great Britain furnished the United States with 105,613 tons of railroad iron.

Major Elbow thinks "Milldam's" pulse, at about 9 o'clock on Tuesday evening, beat EIGHTY-FOUR, tallying exactly with Peachey's majority in the borough.

For sale—A large quantity of spurious opposition tickets with Nageny substituted for Peachey. Apply to the firm of Milldam & Co. for terms, &c.

The "special ambassador" from Washington it is said left Decatur in disgust, and was last seen on Tuesday streaking it for the railroad, singing "What's the News?"

The Press, in its last issue before the election, discovered that White was as good a tarif as Hale as Hale. The effect was tremendous, as can be seen by the returns of Lewisburg.

On Tuesday of last week a fire broke out in the store room of the Secretary of State at Columbus, Ohio, by which a great number of valuable documents were destroyed, supposed to be the work of an incendiary.

Within a week or two, 5000 barrels of apples have been shipped from Boston to Baltimore and Philadelphia. The apple crop of the New England States is said to be very large this year. Wonder whether anybody will send us a barrel?

Reliance, a celebrated racer, whose performances on the turf elicited the admiration of the sporting community nearly twenty years since, died at the stables of his owner, G. Harris, Esq., in St. Mary's county, Md., a few days ago. He was in his 23d year.

## LOCAL AFFAIRS.

### Fair--List of Premiums.

The Eighth Annual Fair of the Mifflin County Agricultural Society was held at Reedsville on the 6th, 7th and 8th days of October. The stock on the ground was not only numerous, but showed a very decided improvement, a large proportion being blooded and mixed stock. Messrs. F. McLintick, Locke, Kerr, Moore, and other exhibitors, are deserving of much praise for their efforts to introduce superior stock into this county, and are worthy of being imitated. The exhibition of fruits and vegetables, in consequence of general failure of the crops, was limited, though we observed some fine apples from the orchard of Mr. McLintick, and quite a number of vegetables raised by Gen. D. Milliken, who had also a rattle and a black snake on the ground. The list of premiums will show the names of others who had articles deserving of notice.
