

THE WEATHER.—A 'weather prophet,' who writes to one of our exchanges, predicts fifty-two storms before the first of March. He says:

"Everybody knows the first day of December was the storming day till March next. Northwest will prevail. We will have fifty-two storms till March next. The result will be a cold winter, sudden changes and heavy snows. You will hear of wrecks on the north-west coast of Ireland and England, as the west winds will blow with great force across the Atlantic."

A DOUBLE ELOPEMENT.—Father and Son Eloping on the same train.—Esquire Marchant was called on to unite in wedlock, at the Burnet House, a couple who had fled from Fayette county, Ky. At the Spencer House another couple—the male somewhat advanced and the bride but eighteen—were also anxious to unite themselves for life. The proper authority was summoned, and they were accommodated. The strangest part of the affair is this: the bridegroom at the Burnet and the bridegroom at the Spencer were son and father. Both had eloped from the same vicinity, with the same intent; neither knew the purpose of the other, and both came on the same train. When the young man learned the facts, the Burnet House repaired to the Spencer, and it is said a most glorious time ensued.—Cin. Times.

A Man Murdered for Abusing the Pope.—A difficulty, growing out of a religious controversy, occurred recently at the St. Louis and Belleville coal mines, resulting in the death of a man named John Harrison. Harrison, who had professed Episcopalianism, without provocation began talking at Campbell, and very vulgarly said, 'to hell with the Pope and Popery;' whereupon Campbell drew one of his revolvers and shot Harrison in the right side of the neck, and drawing his other revolver, presented it at the bystanders, and retreated by the back door, threatening to shoot the first man who should dare to follow in pursuit. The murderer had not, at last accounts, been arrested.

The war between the Spaniards and the Moors appears to be carried out in the spirit of extermination. The Moors, we are told, display their usual valor, refusing quarter and giving none. There has been some desperate fighting in a wood in rear of the principal Spanish redoubt, in which the Spaniards are declared to have sustained a loss of 300 or 400 men killed and wounded. A letter from Algiers contains this passage: "An officer told me that in one of the previous actions three Moors were surrounded, and had no chance of getting away; they stood firm, waited the approach of their enemies, deliberately aimed and fired their espingadas, and then bent their heads to receive their death blow." The Spaniards, in twenty days, had had a thousand men put hors de combat by this furious foe. The writer adds: "The Spanish troops display excellent spirit, but they will need more decided advantages to sustain it in presence of the many hardships they have to suffer."

Life in the South. The Raleigh (N. C.) Standard of December 31st has the following: "W. Jones from a friend that the Abolitionist Worth, who was arrested and noticed in our last, was tried in Greensborough, before Justices Hiett, Lindsay, and Adams. The clearest and most abundant proof was produced, showing that he had wilfully and knowingly propagated Abolition and incendiary sentiments. He failed to give the amount of bail required, and was committed to Greensborough jail, where he now is. "Worth is a native of Guilford, and has resided in some thirty years, before his return to this State some two years since, in Indiana. He professes to be a minister of the Wesleyan persuasion Methodists. He is almost sixty years of age, six feet four inches in height, and weighs about 275 pounds. He is said to be a man of sense and shrewdness, and calculated to do great mischief. "The jail is said to be well guarded at night. This is proper, and indeed necessary, for he has followers who might, if the jail were not guarded, attempt to rescue him. "Another Abolitionist of the name of Turner—an old man—was arrested and tried in Greensborough on Tuesday last. It was proved that he sold and circulated Helper's book. He gave bond in \$5,000 to appear and answer at the next term of the Superior Court of Guilford county. "The Standard also gives an account of the arrest of another abolitionist—Geo. W. Vestal of Chatham county: "It was proved on trial that Vestal had declared himself an Abolitionist, and had said in principle he was with Crooks, McBrine, Bacon, and Worth. It was also proved by his own admission to one of the witnesses, that he had been in correspondence with Abolitionists. It was also proved that he had at one time certain papers in his school-house, to which he endeavored to obtain signatures, these papers being petitions to Congress praying for the extinction of slavery and the repeal of the fugitive-slave law.—These petitions, it is supposed, were sent from him by Geo. W. Vestal's father, who is an Abolition preacher, and George took them in hand to get signatures to them. "No proof was produced that he had circulated Helper's book, or that he had advised or approved insurrection or servile war. On the contrary, it was shown that he had said he was a man of peace, and that he condemned the conduct of John Brown. "Judge Saunders required him to give bail in the sum of \$2,000 to appear and answer at the next term of Chatham Superior Court. He is the same young man who was recently dismissed as a common-school teacher in Alabama, on account of his abolition sentiments. "Reputation of Free Negroes from Arkansas.—At the last session of the Arkansas Legislature an act was passed, giving the free negroes of that State the alternative of migrating before January 1, 1860, or of becoming slaves. As the time of probation has now expired, while some few individuals have preferred servitude, the great body of the free colored people of Arkansas are on their way northward. We learn, says the Cincinnati Gazette, that the upward bound boats are crowded with them, and that Seymour, Ind., where several steamers are stopped by the militia, is filled to overflowing with these poor outcasts.

Pits! Why Prominent. For a long time there was a paragraph in our weekly appearance in our columns, with the brief, but emphatic words: "Pits! Pits! always at the head, to some offensive caption, but not so to the benevolent and humane, who could sympathize with the sorrows of others, as even thrown into persons' eyes, as in a witness's ears, or a coffin. Such are the pits. We stoutly strive to look disease and even death in the face with a smiling countenance, and especially take every opportunity for alleviating disease, and especially take every opportunity for alleviating disease. Viewed in this light, the advertisements of S. S. Hance, of 108 Baltimore street, Baltimore, Md., possess a certain interest, and those who know of any one suffering from Epilepsy, Spasms, or Fits of any kind, should feel it a pleasure to cut out his advertisement, or in some other way, send word to the afflicted of the great value of his remedies. They can be sent to any part of the country by mail. Price, \$3 per box. Two, \$5. Twelve, \$24.

WE beg leave to call the attention of the Trade, and more especially the Physicians of the country, to two of the most popular remedies now before the public. We refer to Dr. Chas. M'Lane's Celebrated Vermifuge and Liver Pills. We do not recommend them as universal Cure-alls, but simply for what their name purports, viz.: THE VERMIFUGE, For expelling Worms from the human system. It has also been administered with the most satisfactory results to various Animals subject to Worms. THE LIVER PILLS, For the cure of LIVER COMPLAINTS, all BILIOUS DERANGEMENTS, SICK HEAD-ACHE, &c. In cases of FEVER AND AGUE, preparatory to or after taking Quinine, they almost invariably make a speedy and permanent cure. As specifics for the above mentioned diseases, they are Unrivalled, and never known to fail when administered in accordance with the directions. Their unprecedented popularity has induced the proprietors, FLEMING BROTHERS, PITTSBURGH, PA. to dispose of their Drug business, in which they have been successfully engaged for the last Twenty Years, and they will now give their undivided time and attention to their manufacture. And being determined that Dr. M'Lane's Celebrated Vermifuge and Liver Pills shall continue to occupy the high position they now hold among the great remedies of the day, they will continue to spare neither time nor expense in procuring the Best and Purest material, and compound them in the most thorough manner. GREAT IMPROVEMENT! OLD EMPIRE COFFEE POT. Simple and Economical! MANY attempts have been made to produce a Coffee Pot capable of condensing and retaining the aroma and strength of the Coffee ordinarily wasted by evaporation, and yet be simple enough to come within the limits of ordinary comprehension. Hitherto this desirable end has been very imperfectly attained, and by means difficult to explain and understand. THE OLD EMPIRE COFFEE POT has none of these faults; in the contrary it is so arranged as to condense perfectly, and thereby retain all the rich fragrance and strength of the Coffee, giving a most delicious beverage at a quarter less expense, and yet is so perfectly simple that it is actually impossible to make any mistake. A child can comprehend the whole thing perfectly. All who have used this Coffee Pot are delighted with its great simplicity and excellence. For sale at the "Tin and Stove Store" of J. B. SELHEIMER, Lewistown, December 8, 1859.—3m
