

THE HOUSEKEEPER.

Recipes.

Old English Christmas Plum Pudding.—To make what is termed a pound pudding, take of raisins well stoned, currants thoroughly washed, one pound each; chop a pound of suet very finely and mix with them; add a quarter of a pound of flour or bread very finely crumbled, three ounces of sugar, one ounce and a half of a small nutmeg, one teaspoonful of ginger, half a dozen eggs well beaten; work it together, put it into a cloth, tie it firmly, allowing room to swell, and boil not less than four hours. It should not be suffered to stop boiling.

Curing Hams.—At length the famous "Newbold receipt" for curing hams has been discovered. The old gentleman was very choice of his secret, and preserved it until the day of his death. After that event, the receipt was found hid away in a hole, in the cellar wall. Here it is: "Seven pounds coarse salt; five pounds brown sugar; two ounces pearl ash, and four gallons of water. Boil altogether, and seum when cold. Put it on the meat. Hams remain in eight weeks—beef three weeks. The above is for 100 lbs. weight. The receipt is at least worth trying, and we hope some of our farmers will test it.

Her Majesty's Pudding.—Pound two ounces of orange peel with one of bitter almonds. Put it on the fire in a brass pan with a pint of sweet milk; stir till it boils five minutes. Pour through a fine strainer, add half a pint of cream, stir occasionally till nearly cold. Have a quarter of a pound of ground white sugar beat up with six eggs. Mix all together. Butter and ornament a mould with raisins, pour in the pudding, steam two hours. Serve with a custard and sweetmeats round it.

Little Plum Cakes to Keep Long.—Dry one pound of flour, and mix with six ounces of finely powdered sugar; beat six ounces of butter to a cream, and add to three eggs well-beaten, half a pound of currants washed and nicely dried, and the flour and sugar; beat all for some time, then dredge flour on tin plates, and drop the batter on them the size of a walnut. If properly mixed it will be a stiff paste. Bake in a brisk oven.

Queen Cake.—Mix one pound of dried flour, the same of sifted sugar and of washed currants; wash one pound of butter in rose water, beat it well, then mix with it eight eggs, yolks and whites beaten separately, and put in the dry ingredients by degrees; beat the whole an hour; butter little tins, tea-cups, or saucers, filling them only half full; sift a little fine sugar over just as you put them into the oven.

Imperial Gingerbread.—Rub six ounces of butter into three quarters of a pound of flour; then mix six ounces of treacle with a pint of cream carefully, lest it should turn the cream; mix in a quarter of a pound of double refined sugar, half an ounce of powdered ginger, and one ounce of caraway seeds; stir the whole well together into a paste, cut it into shapes, and stick out candied orange or lemon peel on the top.

Cranberry Pudding.—Boil one pint and a half of cranberries cleared of the stalks in four ounces of sugar and water, until they are broken and form a kind of jam; make up a large ball of it; cover it well with rice washed clean and dry, then round each fold a floured piece of cloth, which tie as for dumplings. Boil them for one hour; sift sugar over when served, and butter in a boat.

The following were sent us from Hanover, Pa., last week, and as that place is somewhat famous for "good cakes," they are no doubt good:

Cup Cake.—Five cups flour, three of butter, one of milk, three eggs, well beaten, a wine glass of wine, one of brandy, and a little cinnamon.

Soda Cake.—One pound flour, three ounces butter, eight ounces sugar, a quarter of a pint milk, three eggs, half pint currants, one teaspoonful carbonate of soda. Bake one hour and a half.

Buns.—Six ounces butter, three-quarters of a pound sugar, one pound flour, four eggs, half cup new milk, a teaspoonful soda, one of cream tartar, a small nutmeg. Work the butter to a cream—add the milk next, putting in the flour and soda last.

Scotch Cake.—One egg, one and a half tablespoonful butter, one cup crushed sugar, one cup sweet milk, one teaspoonful soda, two of cream tartar, one pint flour.

French Cake.—One pound sugar, three-quarters of a pound butter, the white of one egg; the dough made stiff enough to roll, put the yolk and sugar on the top.

Hickory-nut Cake.—One pound sugar, one pound nut powdered, five eggs, flour sufficient to drop.

Good Ten Minute Cake.—Two cups sugar, four of flour, one cup butter, three eggs, half pint thick milk, two teaspoonful soda, and a little nutmeg.

Sugar Drops.—One pound sugar, eight eggs, as much flour as will allow them to drop.

Philadelphia Daily News. Published by J. R. Flanigan, 136 South Third street, at four dollars per annum. The Dollar Weekly News, by same publisher, at \$1 per annum, 6 copies for \$5.

ALL kinds of CANNED FRUIT, and also PICKLES, for sale by A. FELIX.

DAYLIGHT. A Splendid Large Extended Oven Gas Burning Cooking Stove. FOR COAL OR WOOD.

IT has long been a favored object with stove dealers to construct a flat top down draft Cooking Stove that would combine all the advantages of excellent draft, large oven and good baking properties, with the use of a moderate amount of fuel. These desirable qualities have all been combined in the flat top Gas Burning Cooking Stove, the DAYLIGHT. This beautiful stove, the result of many years' experience, and combining all the improvements of the age, is one of the most perfect made. It operates in the most perfect manner, and in situations where other flat top stoves would fail to operate. The Daylight, during the past year, has given the most entire satisfaction, and is surpassed by no stove of the same class. It is new in design, beautiful in appearance, unsurpassed in its operations, and a great saver of fuel. They are warranted to give entire satisfaction. Call and examine the Daylight, at the Tin and Stove Establishment of J. IRWIN WALLIS.

Great Excitement in Virginia! AND ALSO AT THE

PEOPLE'S SHOE STORE, In Lewistown.

E. G. HAMILTON & CO. TAKE pleasure in announcing that they have just opened, in West Market street, nearly opposite Maj Eisenbe's Hotel, a BOOT AND SHOE STORE, and will constantly keep on hand a full assortment of Boots and Shoes of all kinds and sizes. NEW STORE Under the Odd Fellows' Hall, East Market Street, Lewistown, Pa.

N. KENNEDY, Proprietor. JAS. FIROVED, Salesman.

A BEAUTIFUL Stock of all kinds of Goods, such as no other store has in town; an assortment that will suit every person, both in price and quality, and we defy competition. As we sell cheaper, for cash or country produce, than any shanty in the town, we don't brag nor banter, but invite the folks to call and see for themselves, and bring your Butter, Eggs, or any thing in the marketing line, and we will give full market price in goods. We also want 10,000 pounds of Wool, for which we will give market price, half in cash and half in goods. Don't forget to come to the store under the Odd Fellows' Hall, where you will get your money back in Cheap Goods. Below you will find a short list of the kind of goods we keep:

Muslins, Calicoes and Ginghams, Cottonades, Tickings and Striped Shirtings, Irish Linen, Nankin and all kinds of Dry Goods, Notions, Hosiery and Gloves, Thread, Buttons, &c. Hardware, Cedar and Willow Ware, Brooms, Boots and Shoes, Segars and Tobacco, Spices, Teas, Soaps, Cheese and Crackers, Queensware, Coffee, Sugar, Syrups, Molasses, Salt, Fish, Flour, Rice, Shoulder and Ham, Sperm and Fish Oils, Fluid and Alcohol, Rag Carpets and Carpet Chain, Cotton Laps, Cologne and Hair Oils, &c. &c.

The above is but a synopsis of the kind and quantity we keep. We again invite all to give us a call. We charge nothing to show goods, and you shall have them cheap for cash or produce.

N. KENNEDY, Proprietor. JAMES FIROVED, Salesman.

Oh! That's the Place! The Sign of the **BIG COFFEE POT!**

GOOD SYRUP MOLASSES at 50 cts. per gallon, for sale by nov10 BLYMYER & BRISBIN.

A GOOD article of BLACK TEA for sale by BLYMYER & BRISBIN.

To Housekeepers.

SOMETHING NEW!—B. T. BABBITT'S BEST MEDICINAL SALERATUS is manufactured from common salt, and is prepared entirely different from other Saleratus. All the deleterious matter is extracted in such a manner as to produce Bread, Biscuit, and all kinds of Cakes, without containing a particle of Saleratus when the Bread or Cake is baked; thereby producing wholesome results. Every particle of saleratus is turned to gas and passes through the bread or biscuit while baking; consequently nothing remains but common salt, water and flour. You will readily perceive by the taste of this saleratus that it is entirely different from other saleratus.

It is packed in one pound papers, each wrap per brand, "B. T. Babbitt's Best Medicinal Saleratus," also, picture, twisted loaf of bread, with a glass of refreshing water on the top. When you purchase one paper you should preserve the wrapper, and be particular to get the next exactly like the first—brand as above.

Full directions for making Bread with this Saleratus and Soda Milk or Cream Tartar, will accompany each package; also, directions for making all kinds of Pastry; also, for making Soda Water and Seidlitz Powders.

MAKE YOUR OWN SOAP WITH B. T. BABBITT'S Pure Concentrated Potash, Warranted double the strength of ordinary Potash; put up in cans—1 lb., 2 lbs., 3 lbs., 6 lbs., and 12 lbs.—with full directions for making Hard and Soft Soap. Consumers will find this the cheapest Potash in market.

Manufactured and for sale by B. T. BABBITT, Nos. 68 & 70 Washington st., New York, and No. 28 India st., Boston.

VANHAAGEN & McKEONE'S DETERGENT SOAP PHILADELPHIA.

This Celebrated Washing Soap is now in market for more than a year, and that it has given universal satisfaction is evident from the fact that the manufacturers of it, in order to supply the demand, have been obliged to increase their capacity to make equal to One Hundred Thousand Pounds per Week. It is decidedly the best and cheapest Soap ever made in this country; One Pound of it will go as far for any use, as Three Pounds of Common Soap in general use. It is made up on a new principle, of the best materials, and known only to VAN HAAGEN & McKEONE. It cleans away entirely with the washboard—saves the necessity of boiling the clothes, does not shrink, fades, REMOVES ALL GREASE, INK OR PAINT SPOTS perfectly, and from the most delicate fabric, and saves fully one-half the time and labor usually applied to do the washing. It is warranted free from SALT, SOLE, or other irritating alkalies, and guaranteed not to rot or injure the clothes.

For sale by all respectable Grocers, and wholesale by THAIN & McKEONE, No. 22 and 24 South Philadelphia.

CAUTION. There being several imitations of Detergent Soap in market, the public are notified that none is genuine except VAN HAAGEN & McKEONE'S stamped upon each Bar of the Soap, as well as the Boxes. oct27-3m

THE EXTENSIVE STOCK OF GOLD & SILVER WATCHES,

MOFFAT'S LIFE PILLS AND PHENIX BITTERS.

THE reputation of these very celebrated vegetable remedies is now unequalled by any others in this country or in Europe. They are fully established as the most universal family medicine now in use, and they will maintain their pre-eminence renown by the intrinsic and comprehensive virtues which acquired it. The usual modes of puffery would be unworthy of them and is unnecessary. Thousands and tens of thousands of persons now living in perfectly restored health can testify, as thousands have testified, to their prompt and decided efficacy not only in all ordinary derangements of health, from Impaired Digestive Functions, Costiveness, Bilious and Liver Complaints, Rheumatic and Inflammatory Colds, Coughs, Nervous Weakness, Loss of Appetite, Failure of Flesh, Headache and Impure State of the Blood and other fluids, but also in Rheumatism, Fever and Ague, other Intermittent Fevers, Asthma, Bronchitis, Cholera, Pleurisy, Palpitation of the Heart, Rush of Blood to the Head, Settled Pains in the Joints, Limbs and Organs, Affections of the Bladder and Kidneys, Jaundice, Dropsy, Piles (however inveterate), Habitual Costiveness, Serous and Bilious Looseess, Obstinate Headache and Giddiness, and an immense number of other maladies. They require no dieting nor confinement, are perfectly mild and pleasant in their operation, but will powerfully restore health—the greatest of earthly blessings—to the most exhausted and dilapidated constitutions.

Prepared and sold by DR. WM. B. MOFFAT, 335 Broadway, N. Y.

West's Patent GALVANIC CEMENT FOR ROOFING.

THE undersigned having purchased the right for this Cement in Millin and Centre counties, is now prepared to furnish and put on roofing wherever desired—the roof being sheeted by the owner. Scientific men under the direction of government, and architects and builders in various parts of the country, for years have been studying and experimenting to discover some composition or article for roofing, which would resist the changes of our climate, and would unite the qualities of imperviousness to water, incombustibility, durability and cheapness. No article so well adapted to the purpose as this cement has not yet been discovered. It is not fire proof, and cannot be used on flat roofs. State can only be used upon steep roofs. The contraction, expansion and rusting of metallic roofs are so great in this changeable climate that they soon become worthless, and the repairs will cost more than a new roof. The various cements and compositions which have been introduced can be supplied only to very flat roofs, and they are all so affected by the action of the weather that they will melt and run in summer and crack in winter, and in a short time become crumbly and worthless. The inventor of the Galvanic Cement has invented a cement which overcomes these difficulties, and it is believed by those who have had opportunities to test the matter, that he has entirely succeeded. As now applied,

First—It is completely impervious to water. Water may continually stand upon the roof without affecting it in the least.

Second—It is fire proof. It is not incombustible that it will afford ample and perfect protection against fire, sparks and burning shingles from another building immediately adjoining.

Third—It is durable. It is not injured by atmospheric changes, having been tested for several
