THE housekeeper.

Recipes.

A lady writer in our exchanges communicates the following bit of information, which she obtained 'where she took tea

'A dish of what I took for preserves was passed to me, which upon tasting, I was surprised to learn contained no fruit. The ease with which it is prepared, and the trifling cost of its materials, are not its chief recommendations, for unless my tasting apparatus deceived me, as it is not usually wont to do, it is emphatically a tiptop substitute for apple sauce, apple butter, tomato preserves, and all that sort of thing. Its preparation is as follows:

Moderately boil a pint of molasses from five to twenty-five minutes, according to its consistency, when add three eggs thoroughly beaten, hastily stirring them in, when flavor with lemon or nutmeg."

Worth Knowing .- A bowl containing two quarts of water, set in an oven when being scorched. So says the Baltimore

From Mrs. Hale's Receipt Book. Mustard Plasters-Should be covered with muslin, or the poultice put in a cloth bag, before being applied to the skin.

To prevent Lock-jaw. - Immerse the part injured in strong lye, as warm as can be borne. But first, as in all cases of wounds, apply spirits of turpentine on lint.

For a Stiff Joint .- An ointment made from the common ground-worms, which boys dig to bait fishes, rubbed on with the hand, is said to be excellent, when the sinews are drawn up by disease or from a

Cramp and Spasm .- It frequently happens that persons are extremely annoyed by cramp during the night, which may be relieved by the following tincture:

Take of tincture of opium, two drachms, ether, half an ounce. Mix them together, and take thirty or forty drops every night,

Chicken Water .- Take half a chicken, divested of all fat, and break the bones; add to this half a gallon of water, and boil for fifteen or twenty minutes. Season with

Essence of Beef .- Put into a porter bottle a sufficient quantity of lean beef, sliced, to fill up its body, cork it with a paper stop-ple, and place it in a pot of cold water, attaching the neck, by means of a string, to the handle of the vessel. Boil this for three-quarters of an hour, then pour off the liquor, and skim it. To this preparation may be added spices and salt,

To make a Nankin Color .- A pailful of lye, with a piece of copperas half as big as a hen's egg boiled in it, will color a fine nankin color, which will never wash out. This is very useful for the linings of bedquilts, comforters, &c. Old faded gowns. colored in this way, may be made into good petticoats, and pelisses for little girls.

Nankin Color, another way .- The common birch-bark makes a very beautiful nankin dye. Cover the bark with water, and boil thoroughly in a brass or tin kettle .-Bark stripped from the trees in autumn is best. Set the color with alum. A piece as large as a hen's egg is sufficient for two pailsful of dye. Dip the articles, wet thorthen into the dye.

Simple remedies for Scarlet Fever.-Open the bowels regularly every day, with some mild aperient medicine, such as castor oil, senna, &c , and keep the patient at rest, and comfortably warm; sponge the surface with tepid water, two or three times a day; while it is hotter than natural, admit fresh air; live on a bland diet, such as a children's Woolen Caps to suit the season at verup full of arrow root, several times a day; toast-water for common drink. Gargle made of strong sage tea, honey and alum, or borax, may be used from the commencement, if the throat is affected .- Dr. T. P. Spices of all kinds, as well as Hereford.

Calves'-feet Jelly .- Take two calves'-feet. and add to them one gallon of water; which reduce, by boiling, to one quart. Strain it, and when cold skim the fat entirely off. Add to this the white of six or eight eggs, well beaten, half a pint of wine, half a pound of loaf sugar, and the juice of four pound of loaf sugar, and the juice of four lemons, and let them be well mixed. Boil the whole for a few minutes, stirring it contains the whole for a few minutes, stirring it contains the word of the sugar, and the juice of four lemons are sugar, and the juice of four lemons are sugar,

This forms a very nutritious article of diet for the sick and convalescent. When it is desired, the wine can be omitted .- Ellis.

and cold water; a tablespoonful of each will suffice for a pint of milk. It is not, however, all to be put in, whether necessary or not; but when the milk just boils, pour in just as much of the acid as will turn it, and no more. Beat up together the white and shell of one egg, which boil up in the whey. Then set it aside until quite clear. Pour it off very steadily through a muslin strainer. taste, with loaf sugar. This whey is very Sweeten to pleasant, and answers every good purpose of white wine whey, while it is not liable to the objection of being heating, and is also very much less expensive.

empore boffee pour Simple and Economical!

ANY attempts have been made to produce MANY attempts have been thank to prove a Coffee Pot capable of condensing and retaining the aroma and strength of the Coffee ordinarily wasted by evaporation, and yet be simple enough to come within the limits of or-dinary comprehension. Hitherto this desirable end has been very imperfectly attained, and by means difficult to explain and understand.

THE OLD EMPIRE COFFEE POT

has none of those faults; on the contrary it is so arranged as to condense perfectly, and thereby retain all the rich fragrance and strength of the Coffee, giving a most delicious beverage at a quarter less expense, and yet is so perfectly simple that it is actually impossible to rake any mistake. A child can comprehend the whole thing perfectly. All who have used this Coffee Pot are delighted with its great simplicity and excellence. For sale at the Tin and Stove Store of

DAYLIGHT. A Splendid Large Extended Oven Gas Burning Cooking Stove.

FOR COAL OR WOOD. T has long been a favored object with stove dealers to construct a flat top down draft boking Stove that would combine all the advantages of excellent draft, large oven and good baking properties, with the use of a moderate amount of fuel. These desirable qualities have all been combined in the flat top Gas Burning Cooking Stove, the DAYLIGHT. This beau tiful stove, the result of many years' experience, and combining all the improvements of the age, is one of the most perfect made. It operates in the most perfect manner, and in sit-uations where other flat top stoves would fail to operate. The Daylight, during the past year, has given the most entire satisfaction, and by no stove of the same class. It is new in design, beautiful in appearance, unsur-passed in its operations, and a great saver of fuel. They are warranted to give entire satisfaction. Call and examine the Daylight, at the
