THE Houseneeped.

[We take by permission another lot of several valuable recipes, from the copy-right work of Mr. Grozler, of Trenton, N. J., who was formerly largely engaged in the baking business, preparing extracts, etc. We have the testimony of several housekeepers to the value of the recipes published in our last .- Editor Am. Agriculturist.]

Sponge Cake .- To eleven eggs, slightly beaten, add one and a half pounds of fine sugar, and beat up until very light, with a wire beater, then flavor with extract of lemon, and add about half a teaspoonful of saleratus dissolved in as little water as possible; mix this through, and add one and a half pounds of sifted flour; work this in gently, until smooth, with the beater. Put the batter in small, greased tins, with a spoon, and bake as soon as possible in an oven or stove, hot enough for bread. If made in one or two cakes, the oven must not be so hot, and the saleratus and water left out.

Almond Sponge .- With a wire beater, beat up until very light and stiff, one pound of fine sugar and twelve eggs ; flavor with extract of almond; mix this in well, and add one pound sifted flour; mix in lightly, but don't beat the paste. Pour it all in a greased and papered pan, and bake immediately in a moderately hot oven. This will make a three pound cake. The pan ed good. Also, various other articles, such as Toilet Sets, Tea Sets, Dinner Sets, &c. at the batter. It can be baked in smaller cakes if desired.

Fruit Cake .- Mix together, and beat until light, one pound of sugar and one pound of butter; then add (few at a time,) eight eggs, and beat up light; flavor with extract of clove, (a little extract of nutmeg will improve it,) then one and onefourth pounds of flour, mix it in partly, and add one pound of currants, one pound of raisins, one-fourth pound of citron, and mix it all well through. More fruit can be added, if preferred. Bake in a moderately heated oven.

Vanilla Drops .- Mix together onefourth of a pound of sugar and one-fourth of a pound of butter, add one egg; mix and flavor with extract of vanilla; then add one fourth of a pound of flour; work in until smooth, and drop in small lumps with a spoon, far enough apart to spread on greased pans. Bake in a moderately hot oven.

Wafers .- Mix well together half a pound of sugar and half a pound of butter, add two eggs; mix and flavor with extracts of rose and nutmeg; then add half a pound of flour, and mix it well through. This paste can be dropped on greased pans with a spoon, far enough apart to spread. Bake in a moderate heat.

Pound Cake.-Beat up together until very light, one pound of sugar, and one pound of butter, add 10 eggs, (eight will do,) few at a time, and beat up light each time, flavor with extracts of rose and nutmeg; mix in these, and add one pound of flour, mix it until smooth. Put in a greased and papered tin, and bake in a moderate heat. A hot oven or stove is required, if baked in small tins.

Dr. H. James discovered, while in the East Indies, a certain cure for Consumption, Asthma, Bronchitis, Cougs, Colds, and General Debility. The remedy was discovered by him when his only child, a daughter, was given up to die. His child was cured, and is now ailve and well. Desirons of benefitting his fellow-mortais, he will send to those who wish it, the recipe con-taining full directions for making and successfully using this remedy, free, on receipt of their names with stamp for return postage. When received, take it to Mrs. Mary Marks, Druggist, Lewistown, Pa. There is not a single symptom of consumption that it does not at once take hold of and dissipate. Night sweats, peervisiness, irritation, sharp pain in the lungs, sore throat, chilly sensations, nauses at the stomach, inaction of the bowels, wasting away of the muscles. Address 0. P. DAYLIGUY. A Splendid Large Extended Oven

Gas Burning Cooking Stove.

FOR COAL OR WOOD.

T has long been a favored object with stove dealers to construct a flat top down draft Cooking Stove that would combine all the ad-vantages of excellent draft, large oven and good baking properties, with the use of a moderate amount of fuel. These desirable qualities have all been combined in the flat top Gas Burning Cochier Stewer its DAYLIGURD Cooking Stove, the DAYLIGHT. This beau tiful stove, the result of many years' experi ence, and combining all the improvements of the age, is one of the most perfect made. It operates in the most perfect manner, and in situations where other flat top stoves would fail to operate. The Daylight, during the past year, has given the most entire satisfaction, and is surpassed by no stove of the same class. It is new in design, beautiful in appearance, unsur-passed in its operations, and a great saver of fuel. They are warranted to give entire satis-faction. Call and examine the Daylight, at the Tin and Store Fatablickment of Tin and Stove Establishment of nov24 J. IRWIN WALLIS.

This remedy is offered as affording a means of speedy sure for the large number that die annually in our land of that fell scourge, Consumption, to which, unfortu-nately, so many predisposing causes exist. Youth and age are alike subject to its ravages.

CREYERY PERSON

can name one or more of his acquaintances who is sub-ject to some form of lung or throat complaint, which, if not attended to in scason, inevitably consigns the suf-ferer to a premature grave. To such, help is at hand if they will but avail themselves of it, and hope, the har-binger of brighter days, may be awakened without fear of chilling disappointment. Dr. O. Prustre Buows's Acactar Batasat does just what is claimed for it, and may be relied upon by the sick as being the most success-ful in curing lung and throat disorders, of any remedy known at the present day. The many phases assumed by Consumption justifies the apprehension of those who have reason to fear its approach, either from constitu-tional or hereditary tendenoy. While the discoverer of this remedy dees not believe that people should be constantly dosing themselves with medicines
