

THE HOUSEKEEPER.

Recipes.

Tongue Toast.—Take a cold smoked tongue that has been well boiled, and grate it with a coarse grater, or mince it fine; mix it with cream and beaten yolk of eggs; give it a simmer over the fire; having first cut off all the crust, toast very nicely some slices of bread, and then butter them rather slightly; lay them in a flat dish that has been heated before the fire, and cover each slice of toast thickly with the tongue mixed spread on hot, and send them to table covered. This is a nice breakfast or supper dish. For tongue you may substitute cold ham finely minced.

Young Corn Omelet.—To a dozen ears of fine young Indian corn allow five eggs; boil the corn a quarter of an hour, and then, with a large grater, grate it down from the cob; beat the eggs very light, and then stir gradually the grated corn into the pan of eggs; add a small teaspoonful of salt and a very little cayenne; put into a hot fryingpan equal quantities of lard and fresh butter, and stir them well together over the fire, when they boil, put in the mixture thick, and fry it, afterwards browning the top with a red hot shovel or a salamander; transfer it, when done to a heated dish, but do not fold it over. It will be found excellent. This is a good way of using boiled corn that has been left from the preceding day.

Cinnamon Biscuits.—Half a pound of dry flour, one pound of lump sugar finely sifted, one pound of butter, powdered cinnamon to taste; the whole to be mixed with a glass of brandy or rum, then rolled very thin, and baked in a quick oven.

Lemon Cheesecakes.—The rind of a large lemon; squeeze half of the juice, three eggs, half a pound of lump-sugar, quarter of a pound of butter, to be melted.

Lemon Tartlets.—The juice of two lemons and the rinds grated; clean the grater with bread only; using sufficient crumbs to take off the lemon peel; beat all together with two eggs, half a pound of butter. This is sufficient for twelve tartlets, and will be found very excellent.

Rice Cheesecakes, equal to Lemon.—A quarter of a pound of butter, two ounces of ground rice, boiled and beaten; mix well with sifted sugar to taste. When quite cool, add the rind and juice of a lemon, and two eggs well beaten. This will keep a month in a cool place.

Nice Pudding.—Five eggs, well beaten, half a pound of flour, half a pound of butter, half a pound of raisins chopped, and half a pound of sugar. Boil three hours in a mould.

A Good Cheap Cake.—A pound and a half of flour, a quarter of a pound of butter, three quarters of a pound of raisins; a quarter of a pound of sugar, one egg, a teaspoonful of carbonate of soda, and half a pint of milk. The milk to be made warm and the soda dissolved in it. Mix all well together, and bake in a slow oven.

Puffs for Tea or Breakfast.—One pint of cold boiled milk, one pint of home-made yeast, half a pound of butter, half a pound of sugar, and five eggs; to be mixed into a stiff paste, or rather batter, which must be put into the baking-tins to rise, and, without taking out, be baked in the usual manner.

A Good Cheap Cake.—A pound and a half of flour, a quarter of a pound of butter, three quarters of a pound of raisins; a quarter of a pound of sugar, one egg, a teaspoonful of carbonate of soda, and half a pint of milk. The milk to be made warm and the soda dissolved in it. Mix all well together, and bake in a slow oven.

Dessert Biscuits.—Three quarters of a pound of flour, a quarter of a pound of loaf sugar, the peel of a lemon grated, half a teaspoonful of cream, two eggs, leaving out the whites; roll them out thin, cut them in whatever shape you think proper, and bake them in a quick oven.

AGRICULTURAL.

Seed Corn and Tar.
Many years ago, I was for some time on a farm in Maryland, and the process observed as to corn-planting was as follows, and I observed crows or blackbirds never destroyed the corn—one or two hills dug up was enough—and there was a sort of free masonry among the birds that prevented any further depredations.

The corn to be planted was steeped in water until much swelled, almost ready for germination. Tar was mixed with Plaster of Paris, the latter so far predominating, as to leave only tar enough for adhesion. The corn having been taken out of the water, was left a short time to drain, and then rolled and stirred in the mixture of tar and plaster—enough of which adhered to the grain to answer the purpose, and if covered, the seed got the greatest possible benefit of the manure. Try it—H in *Germantown Telegraph*.

THE ONLY PREPARATION WORTHY OF Universal Confidence & Patronage.

FOR STATESMEN, JUDGES, CLERGYMEN.

Iadies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circulars for more, and it will be impossible to doubt. 47 Wall Street, New York, Dec. 20th, 1858. GENTLEMEN: Your note of the 18th inst., has been received, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it. I would like to you cheerfully, because I think it due. My age is about 50 years; the color of my hair during my youth was naturally dark, and I remained so until I was about 30. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disabilities increased with time, and about four months since a fourth was added to them, by the falling out of the top of my head, and the shedding of the hair.

In this unpleasant predicament, I was induced to try Wood's Hair Restorative, mainly to arrest the falling out of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling arrested, but the color was restored to the gray hairs, and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it.

For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration of their wives, to use it, and to use it if growing gray or getting bald. Very respectfully, BEN A. LAVENDER. To O. J. Wood, 47 Broadway, New York. My family are absent from the city, and I am no longer at No. 11, Carroll Place.

TO PROF. O. J. WOOD: Dear Sir: Your "Hair Restorative" has done my hair so much good since I commenced the use of it that I wish to make known to the PUBLIC its effects on the hair, which are great. A man or woman may be nearly deprived of hair, and by a resort to your "Hair Restorative," the hair will return more beautiful than ever; at least this is my experience. Believe it all! Yours truly, P. S.—You can publish the above if you like. By publishing in our Southern papers you will get more patronage than I see several of your certificates in the *Mobile Mercury*, a strong Southern paper. Wm. H. Kennedy.

WOOD'S HAIR RESTORATIVE. PROFESSOR O. J. WOOD: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in making me so afflicted such a treasure. FINLEY JOHNSON. The Restorative is put up in bottles of three sizes, viz: Large, medium, and small; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for \$2. DR. O. PHELPS BROWN'S

FOR THE PERMANENT CURE OF CONSUMPTION, BRONCHITIS, ASTHMA, COUGHS, COLDS, GENERAL DEBILITY, &c.

This remedy is offered as affording a means of speedy cure for the large number that annually in our land die of that fell scourge, Consumption, to which, unfortunately, so many predisposing causes exist. Youth and age are alike subject to its ravages.

EVERY PERSON CAN NAME one or more of his acquaintances who is subject to some form of lung or throat complaint, which, if not attended to, soon inevitably consigns the sufferer to a premature grave. To such, help is at hand if they will but avail themselves of it, and hence—the large number of brighter days that are attained without fear of chilling disappointment. Dr. O. PHELPS BROWN'S ACACIAN BALSAM does just what is claimed for it, and may be relied upon by the sick as being the most successful in curing lung and throat disorders, of any remedy known at the present day. The many phlegmas assumed by Consumption justify the professional of those who have reason to fear its approach, either from constitutional or hereditary tendency. While the discoverer of this remedy does not believe that people should be constantly doing themselves with medicines

TO PREVENT SICKNESS, there are many cases where disease is too long allowed to remain unchecked in the system; and a slight cough, regarded at first as simply an annoyance, ceases only with the life of the patient. An impure state of the blood, through debilitation of the lungs, fills the system with morbid humors, and pulsation becomes feeble or accelerated to a fearful intensity—the heart, liver, and kidneys, separately performing functions of vital necessity to our well-being, are impeded in their regular action—the digestive organs are deranged, and the system is unable to separate the nutritious elements from food, and the whole material being is well-nigh ready to sink under the burden of life. The patient so afflicted, accounts his case a complication of disorders, and often refuses to resort to medication, from his thorough disbelief in any prospect of cure. To such

ASK THE TRIAL of the ACACIAN BALSAM, as thoroughly worthy the confidence of all. Every symptom of Consumption is surely and permanently eradicated by its use. Its effects are none other but strengthening and restoring to the entire system. Bronchitis, Asthma, Coughs, Colds, and General Debility are effectually cured by its use. Night-sweats, loss of flesh, and wasting away of the muscles, are cured by its use. It is a tonic, soporific, or magnetic force to every part of the enfeebled and prostrate body. It needs no lengthy trial to convince any that the ACACIAN BALSAM is truly the greatest remedy of the day, as its beneficial qualities are fully apparent in eight or forty hours after trial. Let the invalid, then, no longer delay, but make the trial, and the result will surely be the most gratifying character.

The ACACIAN BALSAM is prepared with the greatest care, and the best materials. No pains or expense are spared to make it what it is—the best medicine for the cure of Consumption, and may be taken by either sex, of all ages, and in all seasons, with perfect safety; and it is none the less powerful in counteracting those diseases which sap the foundation and destroy the lives of so many in our midst. Every family should have it, and regard it as a household treasure. Descriptive pamphlets given to all who apply to my agents.
