

# THE HOUSEKEEPER.

Remedy for Bites and Stings.—As many of our readers are preparing to travel or go to the country for the summer, it may be useful to remind them that an ounce vial of spirits of hartshorn should be considered one of the indispensables, as a case of being bitten or stung by any poisonous animal or insect, the immediate and free application of this alkali as a wash to the part bitten, gives instant, perfect and permanent relief, the bite of a mad dog (we believe) not excepted; so will strong ashes-water.—*Hill's Journal of Health.*

**Ginger Pound Cake.**—Cut up in a pan 1 lb. of butter, and a teaspoon of brown sugar, mix with a pint of West India molasses; then stir them well together. Sift into a pan a pound of flour; in another pan beat five eggs; add gradually the eggs and flour to the mixture of butter, and sugar and molasses, with two large tablespoonsful of ground ginger, and four of ground cinnamon. Then stir in a glass of brandy and a very small teaspoonful of saleratus melted in a very little milk. Stir the whole for some time. Then add a pound of raisins three dredged with flour. Transfer the mixture to a buttered tin pan and bake from two to three hours.

**Making Cake without Butter.**—A New England lady, who is quite a famous housekeeper, recommends an economical plan for making cake without butter, which may be useful to our readers. Take a piece of salt pork, fat, and melt it down, and strain it through a piece of coarse, thin muslin. Set it aside until cool. It is then white and firm, and may be used as butter in any kind of cake. In pound cake she assures us it is delicious. She says that after one trial she never used butter again.

**Soda Biscuits.**—I often seen receipts for soda biscuits, without giving the exact proportion which is indispensable for a nice cake. I supply the deficiency. One quart of flour, one teaspoonful of soda, two of cream tartar, a little salt and a small bit of fat; mix the cream tartar thoroughly with the flour, dissolve the soda in sufficient sweet milk to wet the flour; bake them in a quick oven. The biscuit should be worked as soft as possible and also as nice as possible, and cut about an inch thick.

**Plain Cheap Pudding.**—Take four cups of flour, one of molasses, one of chopped suet, one of milk, one of raisins, and a teaspoonful of soda sifted in flour. Boil three hours in a pudding cloth or tin shape. This makes a large pudding, and is much liked. Sauce to suit.

**Baked Quince.**—Wipe the quinces, and cut them in round slices, leaving the seeds and cores as they are sound; put in a deep dish with a narrow top, the sliced quinces and sugar in alternate layers until the dish is full. Cover up close so that no steam may escape, and cook in a slow oven three hours. Excellent for any purpose.

**Baked Pears.**—Fill a deep earthen dish with whole pears. Put in a few cloves and bits of orange peel, a cup of sugar, and a gill of molasses, and bake, closely covered, four hours.

**An Economical Pudding.**—Take half a pound flour, half a pound of raisins stoned, half a pound of fine chopped suet, four ounces of molasses, and milk sufficient to make a batter as boiled rice. Boil five hours in a tin-pudding shape. Sauce to taste.

THE  
**ONLY PREPARATION**  
WHICH IS WORTHY OF  
**Universal Confidence & Patron-  
age.**  
FOR STATESMEN, JUDGES, CLERGYMEN.

Ladies and Gentlemen, in all parts of the world tes-  
tify to the efficacy of Prof. O. J. Wood's Hair Restora-  
tive, and gentlemen of the Press are unanimous in their  
praise. A few testimonials only can be here given; see  
circular for more, and it will be impossible to doubt.  
47 Wall Street, New York, Dec. 20th, 1858.  
GENTLEMEN: Your note of the 15th inst. has been re-  
ceived, and I am glad to hear that I had been  
benefited by the use of Wood's Hair Restorative, and  
requesting my certificate of the fact if I had no objec-  
tion to give it.  
I award it to you cheerfully, because I think it due.  
My age is about 50 years; the color of my hair Auburn,  
and included in each of my six years since it  
began to turn gray, and the scalp on the crown of my  
head to lose its sensibility and tend to form a bald  
spot. Each of these disabilities, which I had for some  
time, and about four months since I was added to them  
by hair falling out of the top of my head and threatening  
to make me bald.  
In this unpleasant predicament, I was induced to try  
Wood's Hair Restorative, mainly to arrest the fall-  
ing out of my hair, for I had really no expectation  
of restoring my hair to its original color except from  
dyes. I was, however, greatly sur-  
prised to find after the use of two bottles only, that  
not only was the falling off of hair, but the color was  
restored to the gray hairs, and sensibility to the scalp,  
and I dropped ceased to form on my head, very much  
praise being given to my wife, at whose solicitation  
I was induced to try it.  
For this, among the many obligations I owe to her  
sex, I strongly recommend all husbands who take an  
admiration of their wives to profit by my example, and  
use it if growing gray or getting bald.  
Very respectfully, H. K. LAVENDER.  
To O. J. Wood & Co., 444 Broadway, New York.  
My family are absent from the city, and I am no  
longer at No. 11, Carroll Place.

Business, Ala., July 29th, 1859.  
To Prof. O. J. Wood: Dear Sir: Your "Hair Restora-  
tive" has done my hair such good since I com-  
menced the use of it that I wish to make known to  
the PUBLIC its effects on the hair, which are great.  
A man or woman may be nearly deprived of hair, and  
by a resort to your "Hair Restorative," the hair will re-  
turn more beautiful than ever; at least this is my ex-  
perience. Believe it all! Yours truly,  
W. M. KENNEDY.  
P. S.—You can publish the above in your paper, by  
publishing in our southern papers you will get more  
patronage soon. I see several of your certificates in  
the Mobile Mercury, a strong Southern paper.  
Wm. H. Kennedy.  
**WOOD'S HAIR RESTORATIVE.**  
PROFESSOR O. J. WOOD: Dear Sir: Having had the  
misfortune to lose the best portion of my hair, from  
the effects of the yellow fever, in New Orleans in 1851,  
I was induced to make a trial of your preparation, and  
found it to answer all the very things I desired. My hair  
is now thick and glossy, and no words can express my  
obligations to you in giving to the afflicted such a re-  
sult. Twenty years ago I had a very bad case of  
itching scalp, which was cured by your "Hair Restora-  
tive." The Restorative is put up in bottles of three sizes,  
viz: large, medium, and small; the medium holds at  
least twenty cents, and is in proportion to the small  
one, and the large one holds at least a quart, and retails  
for 80¢. 40¢ per cent. more in proportion, and retails  
for \$1.

**HOLLOWAY'S OINTMENT.**  
Bad Legs, Bad Breasts, Sores and Ulcers.  
ALL descriptions of sores are remediable  
by the Ointment. Three times a day in the chest  
and neck of the patient; it will soon penetrate,  
and give immediate relief. Medicine taken by the  
mouth will remove any disease, sore or wound, in-  
fluence can be felt in any local part, whereas the Ointment  
will do its work at once. Whoever tries the  
Ointment in the above manner for the cure of any of the  
similar disorders affecting the chest and throat,  
and about the neck, will find it the only and  
most effectual remedy as by a charm.  
The above class of complaints will be removed by  
nightly fomenting the parts with warm water, and then  
rubbing the Ointment into the affected parts. Persons  
suffering from these direful complaints should lose  
no moment in arresting their progress. It should  
be used as directed, and the patient should be kept  
in bed until the Ointment has done its work, and it  
will be found that the Ointment will do its work  
effectually as though applied to the eye. There again  
bread and water poultices, after the rubbing in of  
the Ointment, will do great service. It is the only sure  
remedy for females, cases of cancer in the stomach,  
or where there may be a general bearing down.

**Indiscretions of Youth; Sores and Ulcers.**  
Blethens, as well as swellings, can, with certainty, be  
radically cured and removed by the use of the  
Ointment. Three times a day in the chest

**Dropical Swellings, Paralysis and stiff  
Joints.**  
Although the above complaints differ widely in their  
origin and nature, yet they all require local treatment.  
Many of the worst cases, of these diseases, will yield  
in a comparatively short space of time, when the  
Ointment is diligently rubbed into the parts affected, even  
after every other means have failed. In all serious  
maladies, the pills should be taken according to the  
printed directions accompanying each box.

Both the Ointment and Pills should be used in the following  
cases:  
Bad Legs, Corns (Soft), Rheumatism,  
Bad Breasts, Contracted and Sore Nipples,  
Bunions, Stiff Joints, and Sore Throats,

"HOLLOWAY, New York and London," are discernible as  
a Water-mark in every leaf of the book of directions,  
around each pot or box; the same may be plainly seen  
by holding the leaf to the light. A handsome award  
will be given to any one who will remove the Ointment  
as may lead to the detection of any party or parties  
counterfeiting the medicines or vending the same,  
knowing them to be spurious.

**HOLLOWAY'S OINTMENT.**  
Bad Legs, Bad Breasts, Sores and Ulcers.  
ALL descriptions of sores are remediable  
by the Ointment. Three times a day in the chest  
and neck of the patient; it will soon penetrate,  
and give immediate relief. Medicine taken by the  
mouth will remove any disease, sore or wound, in-  
fluence can be felt in any local part, whereas the Ointment  
will do its work at once. Whoever tries the  
Ointment in the above manner for the cure of any of the  
similar disorders affecting the chest and throat,  
and about the neck, will find it the only and  
most effectual remedy as by a charm.  
The above class of complaints will be removed by  
nightly fomenting the parts with warm water, and then  
rubbing the Ointment into the affected parts. Persons  
suffering from these direful complaints should lose  
no moment in arresting their progress. It should  
be used as directed, and the patient should be kept  
in bed until the Ointment has done its work, and it  
will be found that the Ointment will do its work  
effectually as though applied to the eye. There again  
bread and water poultices, after the rubbing in of  
the Ointment, will do great service. It is the only sure  
remedy for females, cases of cancer in the stomach,  
or where there may be a general bearing down.

**Indiscretions of Youth; Sores and Ulcers.**  
Blethens, as well as swellings, can, with certainty, be  
radically cured and removed by the use of the  
Ointment. Three times a day in the chest  
and neck of the patient; it will soon penetrate,  
and give immediate relief. Medicine taken by the  
mouth will remove any disease, sore or wound, in-  
fluence can be felt in any local part, whereas the Ointment  
will do its work at once. Whoever tries the  
Ointment in the above manner for the cure of any of the  
similar disorders affecting the chest and throat,  
and about the neck, will find it the only and  
most effectual remedy as by a charm.

**Dropical Swellings, Paralysis and stiff  
Joints.**  
Although the above complaints differ widely in their  
origin and nature, yet they all require local treatment.  
Many of the worst cases, of these diseases, will yield  
in a comparatively short space of time, when the  
Ointment is diligently rubbed into the parts affected, even  
after every other means have failed. In all serious  
maladies, the pills should be taken according to the  
printed directions accompanying each box.

Both the Ointment and Pills should be used in the following  
cases:  
Bad Legs, Corns (Soft), Rheumatism,  
Bad Breasts, Contracted and Sore Nipples,  
Bunions, Stiff Joints, and Sore Throats,  
Bite of Mosche- Elephantiasis, Skin Diseases,  
toes and Sand- Flatulency, Scrofula,  
Fluor, Glandular Swel- Tumors,  
Coccyg-foot, Ings, Wounds,  
Chancres, Piles, Yaws,  
Chapped Hands, Piles, Yaws.  
**CAUTION.**—None are genuine unless the words  
"HOLLOWAY, New York and London," are discernible as  
a Water-mark in every leaf of the book of directions,  
around each pot or box; the same may be plainly seen  
by holding the leaf to the light. A handsome award  
will be given to any one who will remove the Ointment  
as may lead to the detection of any party or parties  
counterfeiting the medicines or vending the same,  
knowing them to be spurious.

THE reputation of these very celebrated veg-  
etable remedies is now unequalled by any  
other in this country or in Europe. They are  
fully established as the most universal family  
medicine now in use, and they will maintain  
their pre-eminence by the intrinsic and  
comprehensive virtues which acquired it. The  
usual modes of puffery would be unworthy of  
them and is unnecessary. Thousands and tens  
of thousands of persons now living in perfectly  
restored health can testify, as thousands have  
testified, to their prompt and decided efficacy  
not only in all ordinary derangements of health,  
from Impaired Digestive Functions, Costiveness,  
Bilious and Liver Complaints, Rheumatic and  
Inflammatory Colds, Coughs, Nervous Weak-  
ness, Loss of Appetite, Failure of Flesh, Head-  
ache and Impure State of the Blood and other  
fluids, but also in Rheumatism, Fever and Ague,  
other Intermittent Fevers, Asthma, Bronchitis,  
Cholic, Pleurisy, Palpitation of the Heart, Rush  
of Blood to the Head, Settled Pains in the Joints,  
Limbs and Organs, Affections of the Bladder  
and Kidneys, Jaundice, Dropsy, Piles (however  
inveterate), Habitual Costiveness, Serous and  
Bilious Looseness, Obstinate Headache and  
Giddiness, and an immense number of other  
maladies. They require no dieting nor con-  
finement, are perfectly mild and pleasant in their  
operation, but will powerfully restore health—  
the greatest of earthly blessings—to the most  
exhausted and dilapidated constitutions.
