

THE HOUSEKEEPER.

Tomatoes in a New Fashion.—As the tomato season will soon be here, the following method of preparing them for the table we are assured by one who has made the experiment, is superior to any one yet discovered, for the preparation of that excellent article: Take good ripe tomatoes, cut them in slices, and sprinkle over them finely pulverized white sugar, then add sufficient claret wine to cover them. Tomatoes are sometimes prepared in this way with diluted vinegar, but the claret wine imparts to them a richer and more pleasant flavor, more nearly resembling strawberry than anything else.

CONSUMPTION AND ASTHMA CURED.
Dr. H. James discovered, while in the
East Indies, a certain cure for Consumption, Asthma,
Bronchitis, Coughs, Croup, and General Debility. The
cure is effected by the use of a certain medicine, which
is given in the form of a powder, and is so simple,
and so easy to use, that it may be taken by the
most delicate and infirm. It is so powerful, that it
will cure the most obstinate cases of Consumption,
Asthma, Bronchitis, Coughs, Croup, and General
Debility, in a few days. It is so safe, that it may
be taken by the most delicate and infirm, and it
is so pleasant, that it may be taken by the most
