

AGRICULTURAL.

Agricultural Inventions for a single Year (1859.)

We were never more forcibly impressed with the rapid improvement now taking place in all that pertains to the cultivation of the soil than when this morning we took up an advance copy of the Patent Office Report for 1859, (kindly furnished by H. McCormick Esq., ch. Agr. clerk) and turned to the list of patents granted during one year in the single department of Agriculture. An hour or two spent in classifying and counting the various inventions and discoveries gave us the following result, viz:

There were patented during 1859: Agricultural Implements of all kinds 659 Seed Planters; 30 designed as corn planters; 34 as seed planters; 42 as seeding machines; 10 as cotton seed drills; and 1 potato planter 117 Harvesters, including 9 for cutting corn and sugar cane, 3 for harvesting cotton, 2 for digging potatoes, and 1 for gathering beans, 15

Cultivators, 58
Plows, including 5 Steam Plows 43
Churns, 26
Grain Separators, 42
Horse Rakes, 24
Straw Cutters, 21
Harrows, including 13 Rotary Harrows 20
Bee Hives, 14
Sugar Cane mills, 13
Cotton Gins, 9
Mills for grinding Corn, 9
Potato Diggers, 8
Thrashing Machines, 7
Corn Huskers, 6
Cotton Seed Hullers, 6
Machines for sowing fertilizers, 6
Machines for cutting and binding grain 6
Vegetable Slicers, 6
Fertilizers, 5
Cotton Seed Cleaners, 5
Hop Frames, 4
Hay Making Machines, 4
Mowing Machines, 4
Cheese Vats, 3
Ox Yokes, 3

Two of each of the following; Butter working, Clover (seed) hulling, Grain fans, Grain weighers, Weeding Hoes, Machines for milking, Cider Mills. One each of machines for making Pearl Barley, Canning animals, Corn cribs, machine for making drain tiles, flail caps, grain bin, grain cradle, grain dryer, grain shovel, grain hulling, hay mangle, plant protector, field roller, scythe snath, machine for smoothing walks, pitch-forks, pea-vine trellis, and a machine for girdling and felling trees.

Here are 659 inventions designed to facilitate the work of the soil all brought out in one year. Other years are similarly productive. It is true that many of these inventions do not turn out to be of special value either to the public or the inventors themselves; but there is originality enough in each of them to warrant careful government examiners in giving a patent. And it is not to be doubted that a considerable proportion of these new implements, and additions to old ones, are real improvements which will facilitate human labor, and lessen toil.

Lyon's Pure Ohio
CATAWBA BRANDY.

THE want of really pure Brandy has long been felt in this country, and the opportunity to procure an article of such quality as to supersede the sale and use of the many fine compounds so often sold under the name of Brandy, can be regarded only as a great public good. The Catawba Brandy possesses all the choice qualities of the best imported liquor, and is positively known to be of perfect purity and of superior flavor. As a beverage the pure article is a remedy for Dyspepsia, Flatulency, Cramp, Colic, Languor, Low Spirits, General Debility, &c. Physicians who have used it in their practice and who have been practicing twenty-six years speak of it as the most flattering terms, as will be seen by reference to numerous letters and certificates.

THE reputation of these very celebrated vegetable remedies is now unequalled by any others in this country or in Europe. They are fully established as the most universal family medicine now in use, and they will maintain their pre-eminence by the intrinsic and comprehensive virtues which acquired it. The usual moles of puffy would be unworthy of them and is unnecessary, as thousands have testified, for their prompt and decided efficacy not only in ordinary derangements of health, but in Impaired Digestive Functions, Costiveness, Bilious and Liver Complaints, Rheumatic and Inflammatory Colds, Coughs, Nervous Weakness, Loss of Appetite, Failure of Flesh, Headache and Impure State of the Blood and other fluids, but also in Rheumatism, Fever and Ague, other Intermittent Fevers, Asthma, Bronchitis, Cholera, Pleurisy, Palpitation of the Heart, Rush of Blood to the Head, Settled Pains in the Joints, Limbs and Organs, Affections of the Bladder, and Kidneys, Jaundice, Dropsy, Piles (however inveterate), Habitual Costiveness, Serious and Bilious Looseess, Obstinate Headache and Giddiness, and an immense number of other maladies. They require no dieting nor confinement, are perfectly mild and pleasant in their operation, but will powerfully restore a health—the greatest of earthly blessings—to the most exhausted and dilapidated constitutions.
