Don't forget the Delegate Elections on Saturday next.

Elections have been held in three or four states. In North Carolina the Breckenridge candidate for Governor is elected-in Kentucky Coombs (Opp.) leads so far, and in Missouri returns incomplete.

16 Judge Coplin says the county ticket nominated on Monday last is composed of "straightouts." As the Judge is known to be an "ardent" Breekenridge democrat, we suppose his definition of the term is that they are is estimated, by those who may be assumed Convention.

Senator Summer's constituents are engaged in the slave trade. As there are a few niggerspreading democrats left in Massachusetts, we don't see how he can help it.

Gibson, aged 36 years. On the 7th inst., in Derry township, J. G. PARKER, son of Hon. James Parker. against the irregularity of the proceedings of that body, charging Mr. John Haldeman, the President, with partiality, and alleging out side ruling. The Convention adopted resolutions favoring a straight Douglas Electoral ticket, and opposing any fusion.

In a conversation between Caleb Cush ing and Col. Parker, author of Reminiscences of Rufus Choate, Cushing said :- " Abra ham Lincoln is a much abler man than is supposed, even in his own party. In his canvass with Douglas he beat him in argu ment, beat him at law, beat him in wit, and the published debates of that canvass will sustain this assertion."

The Rochester Union relates the case of a child, two years of age, daughter of Mr. Davis, in that city, charmed by a snake. One day Mrs. Davis found the snake in the arms of the little girl, who was fondling it as she would a kitten. The mother was naturally much alarmed by the apparent peril in which she saw her child, and seized a stick to de stroy the reptile. The snake slowly retreated, showed its tongue, and hissed at the mother. The child cried and begged so hard of its parent to desist, that she allowed the snake to retreat to its hiding place. The child apparently thinks of nothing else but her compavion the snake, and, under the fascination. is suffering a physical decline. She now weighs but eighteen pounds. Physicians have advised that the meetings, which take place as frequently as the child can get out of the house, be gradually interrupted, until they

be entirely broken off.

Volcano in Polk County, Wisconsin .-One of the strangest phenomena in nature has recently developed itself near the Horse Lake, Polk county, Wisconsin. Flames of fire came up through the earth at several localities, and one man's barn has been burned down by it. Strange to say, the fire can only be seen in the day time, the earth in the evening bear-The the fact that all woolen articles in houses lo cated near by take fire, although there is nothing visible that will ignite them. Our readers will very likely think this a heax, but we have the word of several citizens in Polk county for authority .-- Chicago Journal.

preserve the hair from being gray, and from falling to any age, as well as restore. Read the following: Oak Grore, S. C., June 24th, 1859. Prof. O. J. Wood: Dear Sir .- Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test: "During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the read-side, from which my head received a most terrible blow, causing a great deal of irritation, which commu-nicated to the brain and external surface of the head, from the effects of which, my hair was finally destroy-ed over the entire surface of the head. From the time of its total disappearance, I employed every-thing I could think of being a professional man my-self, and, as I thought, understanding the nature of the disease, but was finally defeated in every present-tion advanced. "These and no other circumstances induced me to resort to your worthy Hair Restorative, which I have every reason to believe, produced a very happy result wo months after the first appheation, I had as beau-tiful a head of young hair as I ever saw, for which I cer-uand or your, is not a little. He was induced to use a bottle of your 's Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew ont quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement; I give it to you at the request of Mr. Bradford. You can sell a great deal of your Hair Restorative in this and the adjoining counties if you have the proper agents. Yours &c., THOMPSON SURGHNOR.

## HOLLOWAY'S OINTMENT. Bad Legs, Bad Breasts, Sores and Ulcers.

A LL description of sores are remediable by the proper and difgent use of this inestima-ble preparation. To attempt to cure bad legs by plas-tering the edges of the wound together is a folly: for should the skin unite, a boggy diseased condition re-mains underneath to break out with tenfold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

### Diptheria, Ulcerated Sore Throat, and Scarlet and other Fevers.

Any of the above diseases may be cured by well rub-bing the Ointment three times a day into the chest, throat and neck of the patient; it will soon penetrate, and give immediate relief. Medicine taken by the mouth must operate upon the whole system ere its in-fluence can be fell in any local part, whereas the Oint-ment will do its work at once. Whoever tries the um-gent in the above manner for the diseases named, or any similar disorders affecting the chest and throat, will find themselves relieved as by a charm.

They possess the following advantages over all other Cans and Jars that are in the mar-

FIRST-All that is required after the fruit has been put in hot, is simply to screw the cap down tightly.

SECOND-They can be opened by a single turn of the cover, and the contents taken out in one-fourth the time required by other vessels.

THIRD -Besides their simplicity and ease of adjustment and the impossibility of stoppers blowing out, they show at all times the exact condition of the fruit by simply looking at the top of the cover: if the gum gasket is concave, the fruit is good : if convex, the fruit is going to spoil, but will always show itself in time to be saved. Mr. Levergood was one of the pioncers of the county and became very wealthy by increase in the value of his land. With no po litical aspirations he was sent by the people of his county to the Legislature as their Representative; and under Ritner's administration was appointed one of the board of Canal Commissioners. In each of these capacities he discharged his duties in a highly satisfactorily manner.

Persia and the holy land. While going down the river Euphrates, he exper-ienced a severe attack of Fever and Ague. On dis-covering his condition, one of the boatmen took from his person an Amulet, saying, "Wear this and no Fever will touch you." Although incredulous as to its virtues, he complied, and experienced immediate relief, and has since always found it an effectual protection from all malarious complaints. not a moment in arresting their progress. It should be understood that it is not sufficient merely to snear the ointment on the affected parts, but it must be well rubbed in for some considerable time two or three times a day, that it may be taken into the system, whence it will remove any hidden sore or wound as effectually as though palpable to the eye. There egain bread and water politices, after the rubbing in of the ointment, will do great service. This is the only sure treatment for females, cases of cancer in the stomach, or where there may be a general bearing down.

Piles, Fistulas, Strictures.

The above class of complaints will be removed by ightly fomenting the parts with warm water, and then y most effectually rubbing in the Ointment. Persons uffering from these direful complaints should lose ot a moment in arresting their progress. It should a understand that it is not sufficient to be the

### Indiscretions of Youth ; Sores and Ulcers.

Blotches, as also swellings, can, with certainty, be radically cured if the ointment be used freely, and the pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in an-other; whercas this ointment will remove the humor from the system, and leave the patient a vigorous and healthy being. It will require time with the use of the pills to insure a lasting cure.

#### Dropsical Swellings, Paralysis and Stiff Joints.

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases, of such diseases, will yield in a comparatively short space of time when this oigt-ment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the pills should be taken according to the printed directions accompanying each box.
