Holloway's Pills and Ointment.

Necessity compels us.—Bitious Fever.—Nothing is more disagreable to the sick than the nauseous medicines physicians frequently oblige them to swallow, but the desire for heafth is the potent argument which gılds the pill and disguises the bitterness of the draught. Holloway's Pills. however, obviate this difficulty by the rapidity and certainty of their action. On the stomach, liver and bowels they act so effectually that they will immediately cure the worst phases of Indigestion, Headache, Bilious Fever, Depression of Spirits, &c. We invite all who are unacquainted with them, if it were possible to any such, to give them a trial, and we will assure them speedy and permanent relief. For Sore Breasts, Scroftlous Humors, Cancer, Piles, and all skin diseases, Holloway's Ointment is the most effectual remedy in use.

PILES! PILES! PILES! What is it? How Cured?

What is it? How Cured?

Thousands of persons have piles—suffer for years with the disease—yet few know what it is, or how it is cured. Every case of Piles, whether manifested in the form of external tumors, frequent bleedings, or in violent itching and irritation, depends essentially upon congestion of the abdominal venous circulation. This produces the engorgement, dilation of the veins, formation of tumors, hemorrhages, pain and suffering; and the disease can only be fundamentally cured by medicines which, taken internally, relieve this venous congestion. Hence ointments, washes, and even injections, are so ineffectual.

Humphreys Homeopathic Pile Specific, a simple sugar pill, taken two or three times per day, cures the disease depends. Hundreds have been cured by it, even of the most obstinate cases. All will be promptly benefited by it. Price 50 cents a box.

IMPECTINE. The Persian Fever Charm.

FOR the prevention and cure of Fever

edy was brought to the knowledge of the present proprietors by a friend who has been a great traveler in Persia and the holy land.

While going down the river Euphrates, he experienced a severe attack of Fever and Ague. On discovering his condition, one of the beatmen took from his person an Amulet, saying, "Wear this and no Fever will touch you." Although incredulous as to its virtues, he complied, and experienced immediate relief, and has since always found it an effectual protection from all malarious complaints.

On further investigation he found that the boatman attributed it to mirraculous powers, and said thatite ould only be obtained from the Priests of the Sun. Sometime afterwards, the gentleman in conversing with a Priest obtained from him the secret of its preparation, and ascertained where the medicinal herbs were found, of which it was compounded. The wonderful virtues of this article have induced a full belief in the minds of the natives in the miraculous healing powers of their priests.

Since his return to America, it has been tried with the happiest effect by several Ladies and Gentlemen of high character, who have given it the most unqualided praise. This remedy having been a specific in Persia for hundreds of years, for the prevention and cure of Fever and Ague and Bilious Fevers—is now offered to the American people.

It will be sent by mail, prepaid, with full directions for use, on receipt of one dollar.

Oak Grove, S. C., June 24th, 1859.

Prof. O. J. Wood: Dear Sir:—Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test:

During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the road-side, from which my head received a most terrible blow, causing a great deal of irritation, which communicated to the brain and external surface of the head, from the effects of which, my hair was finally destroyed over the entire surface of the head. From the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and, as I thought, understanding the nature of the disease, but was finally defeated in every prescription advanced.

These and no other circumstances induced me to resort to your worthy Hair Restorative, which I have every reason to believe, produced a very happy result two months after the first application. I had as beautiful a head of young hair as I ever saw, for which I ertainly owe you my most sincere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence, which I flatter myself to say, is not a little.

You can publish this if you think proper.

Yours, respectfully. M. J. WRIGHT, M. D. Office of the Jeffersonian, Philippi, Va., Dec 12, 1858.

Dear Sir:—I feel it my duty as well as my pleasure, to state to you the following circumstance, which your can use as you think proper: A gentleman of this place, (a lawyer,) has been bald ever since his early youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hard grew out

THOMPSON SURGHNOR.

De. Wood Dear Sir: Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Resterative" is soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite offications as well as agreeable.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for \$3.

HEALTH & ITS PLEASURES,

Disease with its Agonies: CHOOSE BETWEEN THEM.

HOLLOWAY'S PILLS.

Nervous Disorders. What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? There is one :—drink but little wine beer, or spirits, or far better, none; take no coffee,—weak tea being preferable; get all the fresh air you can: take three or four Pills every night; eat plenty of solids, avoiding the use of slops; and if these golden rules are followed, you will be happy in mind and strong in body, and forget you have any nerves.

Mothers and Daughters.

If there is one thing more than another for which these Pills are so famous it is their purifying proper-ties, especially their power of cleansing the blood from all impurities, and removing dangerous and suspen-ded secretions. Universally adopted as the one grand remedy for female complaints, they never fail, never eaken the system, and always bring about what is re

Sick Headaches and want of Appetite. These feelings which so sadden us, most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies scarcely any other medicine is ever used for these disorders.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

For Stomachs out of order.

No medicine will so effectually improve the tone the stomach as these Pills; they remove all acid occasioned either by intemperance or improper d occasioned either by intemperance or improper difference they reach the liver and reduce it to a healthy action they are wonderfully efficacions in cases of spasmin fact they never fail in curing all disorders of the Liver and Stomach.
