TO THE PUBLIC.

THE decision of Judge Nelson, at Cooperscirculated broadcast over the country, we deem it our duty to state that this decision of an inferior and petty Court, extending its influence over only the Southern District of New York, has been virtually annulled or reversed, so far as the Sloat Sewing Machine Company is concerned, by the recent decision of the Hon. Chief Judge Dunlop, of the Circuit Court of the U. S. at Washington, which establishes clearly the fact that the Akins & Felthousen Patent is the only original and valid one upon which reliance can be placed or Sewing Machines manufactured in the United States.

Under this Patent the Sloat Sewing Machine Company are the only licensees, and consequently, despite the decision at Coopers town, all other manufacturers are infringers according to the highest legal authority in the land. This decision of Jurige Nelson is already appealed from even in the limited district it affects.
