FOR PRESIDENT, HON. ABRAM LINCOLN. OF ILLINOIS. FOR VICE PRESIDENT, HON. HANNIBAL HAMLIN, OF MAINE. FOR GOVERNOR, HON. ANDREW G. CURTIN, OF CENTRE COUNTY. FOR CONGRESS, JAS. T. HALE, OF CENTRE COUNTY. Assembly, ADOLPHUS F. GIBBONEY, of Union township. Sheriff, CHARLES C. STANBARGER, of Lewistown. Register and Recorder, SAMUEL BARR, of Lewistown. Commissioner, SAMUEL BROWER, of Decatur. Auditor, ABRAHAM GARVER, of Oliver.

Who are the Friends of Protection? In the U. S. Senate the vote on the new Tariff Bill stood as follows:

Table showing Senate vote on the new Tariff Bill. Includes columns for 'IN FAVOR OF A PROTECTIVE TARIFF' and 'AGAINST A PROTECTIVE TARIFF' with sub-totals for Democrats and Republicans.

In the House of Representatives it was: For the Bill--Republicans 91, Democrats 55, Americans 6, Anti-Lecomp. Democrats 6. Against the Bill--Democrats 29, Republicans 3, Americans 1, Anti-Lecomp. Democrats 1. Total 64.

Resolved, That there are questions connected with the foreign policy of this country which are inferior to no domestic questions whatever.

Charles Newman, who has been under the instruction of some of the best teachers in the country, proposes to form classes for learning music.

Wolfe's Liquors, particularly Schnapps, have made some noise in the world, and to those who will drink are undoubtedly better than ten fust whiskies.

The fine farm of John Byler--a tract of land of Wm. Barefoot, deceased, and two houses in Milroy, will be offered at public sale.

Notice of New Advertisements. We call the attention of our lady readers to the advertisement of Wilcox & Gibbs' Sewing Machine. Among the many popular ones now before the public, there is none which commands a larger sale or gives more thorough satisfaction to purchasers than this little machine; it is pre eminent for its simplicity of construction, and for the rapidity and excellence with which it performs its work.

Question Them!

Who are Fleming, Bates, McNear, Warean, and Cunningham in favor of for President? That one side or the other is bound to be cheated with "mum" candidates, is a truth that cannot be denied, and when members of a party professing to be democratic are silent and DARE NOT allege their preference for a REGULAR NOMINEE for President, what independent voter is bound to support them on party grounds? The Democrat says the People's Ticket have defined their preference, and we accept its definition, but we demand now to know who its candidates are for? They are either for or against the regular nominee, and as men seeking office are in honor bound to say one or the other. The People want no possums in office, but moral courage enough to say whom they prefer for President of a nation like this.

Foster has evidently gone over to the Breckenridge wing of the party, and placed himself at the disposal of the custom house leeches at Philadelphia.

THE TICKETS.

There is every incentive for our political friends to go to work in earnest, as the indications are decidedly in favor of success, not with a few candidates on the ticket, but with all. Mr. Gibboney will make an able representative, and being free from all the entangling alliances which would cling around Mr. Bates in case of his election, Mr. G. would be far more likely to represent the taxpayers than his opponent. An examination of Mr. Bates' course last winter will be sufficient to convince any one of this, for it may well be asked, where is there on record a single vote against any of the monopolizing schemes before the Legislature? Where is his tariff vote but with the free traders, for by the course he took he seems to consider Mr. Buchanan and his infamous measures, Lecompton and all, as of far more importance than a tariff? Where, if elected, will he be next winter when a U. S. Senator has again to be chosen? It is well known that Digler, backed by the National Administration, is seeking a re-election, and if he or some other equally objectionable man receive the nomination, will not Mr. Bates vote for him? These, with other pertinent matters, on which Mr. B. would like to play mum until after the election, will suggest to Douglas men and others that somebody must be deceived, for he cannot go with both.

For Sheriff, it is not disputed that Mr. Stanbarger is an able, efficient and competent man, who will not only conduct his business justly and humanely, but keep the jail as it ought to be kept. We know little of his opponent save that there has not been a township election for years in which he was not a candidate for some petty office. He has had an itching for the Sheriffship for several terms, and if now laid on the shelf, as we have no doubt he will be, the democracy will get rid of another standing candidate.

Samuel Barr, our candidate for Register and Recorder, has been ill for several weeks, but is able to be out again. Advantage was taken of his illness to circulate all kinds of stories about his Presidential predilections, especially among the Germans, (a class whom the democrats begin to hate most fervently,) which we know to be untrue. Mr. Barr is a Lincoln man, and don't care who knows it; which is a good deal more than can be said of his opponent, who may know who he is for but don't want the people to know it.

The Democrat continues to hammer away at Samuel Brower, our candidate for Commissioner, and we hope it will continue until the election, as we know of several democrats who have been converted into Brower men by its covert insinuations. We have thus far not said a word against the private character of Mr. Cunningham, but as the Democrat continues to insinuate what Mr. B. might, could or would do, we will here say that Mr. Cunningham is well known through Derry and adjoining townships as a headstrong man, selfish and unreasonable in his opinions, traits which of all others most unfit a man for the office of Commissioner. Besides, he was a secker after the office, having as a member of the democratic county convention electioneered with every man in it whom he could lay hold of--well knowing too at the time that by the rules of the party Decatur was entitled to the nomination. By the doctrine now advocated as to Douglas and Breckenridge, first promulgated by Mr. Buchanan, no democrat is bound to support Mr. Cunningham as the democratic nominee, but left free to vote for whomsoever he may choose. As to its argument that the Board ought to be composed of different politics, we have only to say we never knew that paper to advocate such doctrines when the Board was composed of all democrats. Mr. Brower had no agency whatever in securing the nomination, nor did he seek it; but when his name was brought up in convention the large vote he received over several worthy and good men testified his high standing as an honest, upright and moral man, a tribute which we feel satisfied will be ratified by the people by a large majority.

Which One is the Truth-teller.--Judge Douglas, in his Concord Speech said--"The President told me if I did not obey him, and vote to force the Lecompton Constitution upon the people against their will, he would take off the head of every friend I had in office." Mr. Buchanan writes to Gov. Smith of Va., Aug 11, 1860, that he never said any such thing to Steve, nor had he ever "any conversation whatever affording the least color or pretext for such a statement."

Not true--Samuel's dream. On the stump for Lincoln--Gen. Wm F. Small of Philadelphia.

Carl Shurz, of Wisconsin will speak at Harrisburg on Friday evening.

Fleming, the Lecompton candidate, is to be copiously bled for this county. Who is the Phlebotomist?

LOCAL AFFAIRS.

MUSIC.--Mr. John Clark, a teacher of much experience and skill in music, with the view of forming classes for the winter, will meet the friends of music at the following places, to wit: At the Forge school house Thursday evening, Sept. 13. Lewistown (at old Baptist Church) Friday, Sept. 14. Belleville Monday, Sept. 17. Stroup's school house Wednesday, Sep. 20. Sigler's school house Thursday, Sept. 20. Rothrock's school house Saturday, Sep. 22. Kelly's school house Monday, Sept. 24.

MOTHERS' CONCERT OF PRAYER.--The Maternal Associations of New York and Brooklyn have issued a circular, inviting all Christian Mothers throughout the land, to join them in a universal concert of prayer, to be held on the first Wednesday of October next, at 8 o'clock P. M., to pray for the conversion of their unconverted children, and for grace to consecrate these children more fully to the Lord. The abounding worldliness of the church, the power of fashion and folly, and the prevalence of irreligion in every form, should be sufficient motives to earnest prayer on the part of every mother in the land for the salvation of her children. If mothers generally will unite heartily in responding to this call, the concert will not only be a season of blessing to them, but it will be followed with a great blessing upon the rising generation.

THE MEETING.--Popular feeling continues to manifest itself on every occasion, a very large meeting having again assembled at the Court House on Thursday evening last to hear an able speech delivered by E. Cowan, Esq., of Westmoreland.--The Lewistown Wide-Awake Club escorted Freedom Forge Club into town, the two forming a brilliant torchlight procession. Why don't our opponents get up some "Susseyism" on politics, have speeches, torchlight processions, &c? To avoid trouble the Douglas men might parade in the East Ward, or across the creek, while the Breckenridges might take the triangle north of Market and west of Grand street, where most of the "chattel" reside. Come, wake up and show your hands.

TEMPERANCE.--A meeting was held in the Town Hall on Saturday evening, which was well attended, and we learn that a series of meetings will be held through the county so as to present this question before the people in all its bearings. Major Elbow suggests that as the democrats are afraid to hold gatherings, they might beguile the time until after the election by attending in a body, have torchlight processions, &c., and even form a Wide Awake Temperance Club. A great deal of "susseyism" might be got up in this way.

WIDE AWAKE CLUB.--As this club seems to be a source of much trouble to the mum party, we give a list of its officers: President--Dr. T. A. Worrall. Vice Presidents--Thos. E. Shull, Col. John Hamilton. Secretaries--Geo. W. Sault, J. M. Stauber. Treasurer--C. Hoover. Door Keepers--W. C. Vines, James Smithers, G. W. Patton, Jos. A. Fiechthorn. Marshal--Wm. Keller. Deputies--Wm. Freeburn, Richard Parker.

A number of young men have already become members of this association, and new ones come forward at every meeting. This is as it should be. Young men entering life ought to examine political questions for themselves, and then decide whether they will become members of a party which, in the name of democracy, favors the spread of negro labor and negro mechanics in all our territory, or attach themselves to those who hold the doctrine of Henry Clay on the questions of Protection to American Industry and the Extension of Slavery.

STAR IN DAYLIGHT.--About noon, on Sunday last, a bright star was discovered by some of the hands attached to our office, and during the afternoon was an object of wonder to many who had never seen a similar sight while the sun was shining brightly. Its position was about 30 degrees below the sun, in a western direction, and was probably the Planet Venus.

Shade Mountain can produce some things not found everywhere, among which are rattlesnakes and pumpkins. A year or two ago a snake of that species was killed with 33 rattles, and we learn that Mr. Eby, on the Forsyth farm, at the foot of the mountain, has a pumpkin at this time as large as a barrel and still growing.

FROST.--There was a heavy frost on Monday morning in various sections of this county, a sprinkling of rain on Tuesday evening, and yesterday morning cool enough to render a little fire comfortable.

The McVeytown Academy will open on the 18th inst. S. Z. Sharp, Principal.

A grand mass meeting will be held at Lancaster on the 19th.

Didn't rain on Thursday evening--As some folks wished. The torch light processions are great eye-sores to those who dare not have them.

Holloway's Pills.--Much Truth in a small compass--Development of the Stomach and Bowels.--Few people are conversant with the manner in which the blood is created, or that the stomach with the gastric juices, the secretions of the liver and the bile, are the great elements for converting the food we eat into blood, hence the great necessity for preserving the stomach in a sound and healthy condition. Nothing has been discovered more effectual for this than Holloway's famous Pills, which act directly on the stomach, liver, bowels and circulation. In bilious disorders, indigestion, costiveness and all consequent complaints, headache, piles, and debility there is no medicine in use which insures such certain and beneficial results.

Female Health! Female Health! Thousands of Females suffer from derangements peculiar to the sex. First and most common among these is, Female Weakness or Whites, or Leucorrhoea, with its constant attendants, Lassitude, Prostration, Pain or Bore, Head, and general Debility. No one can be entirely well who thus suffers, and in hundreds of cases health is utterly undermined. Old-fashioned medicines and drugs do but little good--often much injury; but HOLLOWAY'S SPECIFIC HOMEOPATHIC FEMALE PILLS are just the thing, relieving promptly, and curing permanently. These Remedies, by the single box or case, are sent by mail or express, free of charge, to any address, on receipt of the price. Address: HOLLOWAY & CO., No. 52 Broadway, New York. CHARLES RITZ, Wholesale and Retail Agent for Lewistown and vicinity, and druggists and stores generally.

Died. In this place, on the 6th September, CAROLINE R., wife of John Cubbison, aged 43 years, 2 months and 18 days.

The decease of this estimable lady, after a few days illness, has brought home to many the sad truth that in the midst of life we are in death. She leaves a bereaved husband, several children, and many relatives and friends to mourn her departure from a sphere of usefulness here, but they mourn not as those without hope, for she died as the good only can die, with a firm reliance that her good will be a blissful life in the future, and with her dying breath conjured all around her so to conduct themselves as to meet her at the feet of the Redeemer. "Life's fitful fever o'er, she sleeps well."

SINGING SCHOOL. CHARLES NEWMAN having lately been under the tuition of Dr. Mason, Prof. Bradbury and Root, of the Massachusetts Normal Musical Institute, and purchasing to give instruction in the SCIENCE OF VOCAL MUSIC, would respectfully announce to the community in general that he intends holding preparatory meetings at the following places, at 7 o'clock: Aurd's school house, Sept. 25th. Milroy, Sept. 26th. McFadden's new school house, Sept. 28th. Lewistown, Sept. 29th. Newton Hamilton, Oct. 1st. Come, old and young, you may all learn to sing. He also purposes forming a JUVENILE CLASS, to meet in Lewistown, on Saturday afternoon at three o'clock, commencing on the first Saturday in October.

McVEY TOWN ACADEMY. THIS Institution will open on the 18th September, 1860, and continue in session four months. Students outside of town wishing to embrace the opportunity, can, in connection with the common branches, obtain instructions in German, Elements of Latin, and in most of the higher English branches. The manner of instruction will be similar to that pursued in Pennsylvania State Normal School. Tuition from \$3.00 to \$4.00 per session. For further particulars address S. Z. SHARP, Principal. McVeytown, Sept. 13, 1860-2t.

WOLFE'S WOLFE'S TONIC, DIURETIC, ANTI-DYSPEPTIC, AND PURGATING CORDIAL. To the Citizens of New Jersey & Pennsylvania, Apothecaries, Druggists, Grocers and Private Families. Wolfe's Pure Cognac Brandy. Wolfe's Pure Madeira, Sherry and Port Wine. Wolfe's Pure Jamaica and St. Croix Rum. Wolfe's Pure Scotch and Irish Whisky. ALL IN BOTTLES. I BEG leave to call the attention of the citizens of the United States to the above Wines and Liquors, imported by Adolphus Wolfe, of New York, whose name is familiar in every part of this country for the purity of his celebrated Schnapps, Mr. Wolfe, in his letter to me, speaking of the purity of his Wines and Liquors, says--"I will stake my reputation as a man, my standing as a merchant of thirty years' residence in the city of New York, that all the Brandy and Wines that I bottle are pure as imported, and of the best quality, and can be relied upon by every purchaser." Every bottle has the proprietor's name on the wax, and a fac simile of his signature on the certificate. The public are respectfully invited to call and examine for themselves. For sale at retail by all Apothecaries and Grocers in Philadelphia. GEORGE H. ASHTON, No. 52 Market St., Philadelphia, Sole Agent for Philadelphia.

Read the following from the New York Courier: ENORMOUS BUSINESS FOR ONE NEW YORK MERCHANT--We are happy to inform our fellow-citizens that there is one place in our city where the best of the Wines and Liquors, as pure as imported, and of the best quality, can be purchased. We do not intend to give an elaborate description of this merchant's extensive business, although we will repay any stranger or citizen to visit Adolphus Wolfe's extensive warehouse, Nos. 19 and 22, Beaver street, and Nos. 17, 19 and 21, Marketfield street. His stock of Schnapps on hand ready for shipment could not have been less than thirty thousand cases; his Brandy some ten thousand cases; his Vintages of 1856 to 1860; and ten thousand cases of Madeira, Sherry and Port Wines, Scotch and Irish whisky, Jamaica and St. Croix Rum, some very old and ready to ship in this country. He also had three large cellars, filled with Cognac, Brandy, &c. in casks under the Custom House key ready for bottling. Mr. Wolfe's sales of Schnapps last year amounted to one hundred and eighty thousand dollars, and we hope for less than two years he may be equally successful with his Brandy and Wines. His business merits the patronage of every lover of his species. Private families who wish pure Wines and Liquors for medicinal use should send their orders direct to Mr. Wolfe, until every Apothecary in the land makes up their minds to discard the inferior stuff from their shelves, and replace it with Wolfe's pure Wine and Liquors. We understand that Mr. Wolfe, for the accommodation of his customers, puts up assorted cases of Wines and Liquors. Such a man, and such a merchant, should be assisted against his tens of thousands of opponents in the United States, who sell nothing but imitations, ruinous alike to human health and happiness. sep13-ts

THE CELEBRATED GOVERNOR PENN., Fuel Saving, Gas Burning, Airtight COOKING STOVE, FOR COAL AND WOOD.

OF the numerous cooking stoves ever introduced, the "Governor Penn" is practically the most superior. It is of recent invention, being patented in the year 1856. This stove has already won for itself the most valuable reputation of being the best in use, and with the additional improvements consisting of the plates exposed to the fire being double, making it therefore more durable than any other stove in the market. This stove has been gotten up expressly for the trade, as it has been a general complaint and an undeniable fact that the cooking stoves manufactured heretofore have been too dark, too light.
