MASS MEETING

The friends of Lincoln, Hamlin, Curtin, Hale and the County Ticket, are invited to attend mass meetings in Lewistown on **FRIDAY AFTERNOON AND EVENING, October 5th, 1860.**

Prominent speakers, whom we shall be able to announce in handbills, will be in attendance and address the meetings.

The Wide Awake Clubs throughout this and adjoining counties are invited to attend in uniform and parade, (say at six o'clock) previous to the organization of the meeting in the evening.

Chairman People's Co. Com.

Notices of New Advertisements.

Lewistown Academy—Estate Notice—Auditor's Notices—John Kennedy & Co.—and Billy Johnston.

The nomination of Henry D. Foster, late attorney for the Pennsylvania Railroad, for Governor, and the fact that Wm. A. Stokes, the railroad's present principal attorney, is making speeches for him, betoken that an effort will be made to repeal the tonage tax next winter. In Huntingdon John Scott, railroad attorney, has been nominated as the democratic candidate for Senator, and in our own county the democracy has kept an ominous silence on this subject as on the Presidency, leaving Bates entirely free, if elected. We commend this state of things to the honest portion of the democrats who are opposed to the repeal of this tax. Let them remember that Mr. Foster was a railroad attorney, at a high salary, when he was a member of the Legislature, and made more than one speech in favor of that "monopoly." Let them remember that Mr. Bates was pledged last year to oppose a repeal, and now is not—then put this and that together, and any one can see how the wind blows.

If that consistent paper with Douglas at its head and Breckenridge at its heels, the Lewistown Democrat, will refer to the Gazette published immediately after the Chicago Convention, it can learn our opinion on the Platform. It will there learn that we *dare* do a good deal which it would never think of daring to do.

THE DOG STORY.

Infamous Attempt at Lying and Cheating.

Some three or four years ago a *French* cherry and snitz peddler from Snyder county stopped in Bellefonte, having with him a vicious dog, which he had been warned to keep away. Some children, taking lesson from the animal's growling and barking, commenced "insulting" him as the owners says by plugging and throwing stones, and then running, the whole thing being regarded as play. We do not remember that the account given in the newspapers alleged that a son of Mr. Curtin was one of them, but at all events the dog caught this boy, and as the papers then stated would have inflicted serious injury had he not been released. On this Mr. Curtin took a pistol, went into the street, remonstrated with Mr. Frenchman for keeping such a dog untied, to which the Frenchman gave impertinent and insolent answers, whereupon Mr. C. shot the dog, but did not kill him. The snitz peddler, after a lapse of several years, now alleges that Mr. Curtin called him a "d—d dutchman," &c. and has lent his name for political purposes to cheat the Germans into voting for Foster.

Every body at the time said he would have done just as Mr. Curtin did, and nothing more was thought of the matter until some weeks ago a political loafer, becoming desperate at the prospect of losing his lifelong business, set to work to hatch out something for the benefit of Mr. Foster. That candidate it was well known stood no chance of an election, because the Douglasites and the Breckenridgers well knew that if he succeeded his power and office would be used so that one side would have to be cheated. Besides, he had been Attorney for the Pennsylvania Railroad, and was of course in favor of the repeal of the Tonnage Tax; in addition to which the naturalized Germans, so often swindled and betrayed by the patent democrats, had manifested a strong disposition to cut loose from all connection with those who preached up Liberty and Slavery as one and inseparable. In this emergency the Dog Story occurred to him, and if he could only humbug the Dutch, all would be right. He probably visited the cherry peddler, prepared the letter, which has been published, and no doubt in the usual way got him to sign his name to it. The hounds of party at once fell into the measure, and we now daily see men who turn up the whites of their eyes in church on Sundays, and others who would at least like to be considered decent, running to every man of German descent, retailing the story with such additions as tattlers and slanderers generally make.

Now, we will make a brief examination of the tool used in this story. In the first place it is not likely that Mr. Curtin would mistake the monkey face of a *French canaille* for a goodnatured and broadfaced dutchman—for this man Pichard is not a German, nor of German descent. Secondly, if one-half of his story is true, he could have not only recovered the value of his dog, but sustained an action against Mr. Curtin which might have made him serious trouble. The dog was not killed—an impression the snitz peddler intends to convey—for we are told he still has him, and as he left Bellefonte in a hurry after the occurrence, and amid the execration of every good citizen there, it is quite likely the Frenchman was more in fault than Col. Curtin. That Pichard is poor is most likely, for no man has ever got rich by spending that which he makes. His assertion that he can verify his statement by citizens of Bellefonte is a downright falsehood, for he cannot produce a man there of any standing who will endorse the words put down. By way of caution, we will add the snitz peddler might do well by sticking close to his present master, for in case he visits Centre county too frequently, he might some day leave it with an extra coat. The very appearance of this letter ought to satisfy all classes, especially Germans, that it is intended to cheat and gull them into the support of Foster. Let them remember how often they have been deceived heretofore, and they will be satisfied that this is but a locofoco trick to bring them back, as a loco said last week to do the democratic voting!

Attend to the Assessments.
We remind our friends that FRIDAY next is the last day on which assessments can be made in order to vote at the October election. The committees should act promptly and efficiently, and see that the name of every voter in their respective wards is on the Assessor's list in time. Do not procrastinate!

We recognize no less than three different "editors" in the last Democrat, which accounts for several conflicting articles that must have sorely puzzled some of the hardfisted who set down all it says as gospel truth!

THE DEMOCRAT'S DUTCH LIES.

The attention of the Democrat was called to the following cards, but thus far it has paid no attention to them. The letters were addressed to the Centre Berichter, in which the charge first appeared, and honorably retracted. Read them, and then judge whether a paper which will knowingly circulate such falsehoods is entitled to any credit at all:

Frederick Kartz, Esq. Dear Sir—In your last paper I notice you charge A. G. Curtin, Esq., with having said in a speech in Bellefonte, in May last, "that a Dutchman is not like another person, he has two skulls, and in order to get an idea into his head, you must first smash one of his skulls."

As this story has been circulated for some time in this neighborhood, and I am quoted as authority for it, I am much pleased to do justice to Mr. Curtin, by a plain statement of how it originated.

In May last I had a trial in court, and Mr. Curtin was my counsel. During the progress of the trial some person remarked in Mr. Curtin or Mr. Wilson's office (who was also one of my lawyers) that it was hard to understand the suit; and I remarked that to understand the suit, I had to understand the Dutch. I repeated this after wards in the street, and on my return home told it. Mr. Curtin said nothing of the kind, and I do not know that he was even present when I made the remark. What I said was without malice and intended for a joke. Being a Dutchman myself, I did not expect that it would be charged on an innocent party, to his injury. I trust you will publish this explanation and acquit Mr. Curtin of a charge of which he is innocent.

Yours, &c.,
LOT STRUBBLE.

Messrs. Editors:—I understand a report is in circulation that I am the author of the "skull story" circulated to damage the interests of Col. A. G. Curtin. I would state this is not so; I repeated merely what I heard others say.

JOHN MUSSER.

THE ELECTION—ARE YOU READY?

On Tuesday, the 9th day of October, the voters of this County will be called upon to exercise the privilege of selecting State and County Officers and Members of Congress, and thereby express their approval or disapproval of the issues at stake. Our opponents have no principles to avow—no measures to advocate—will not endorse the State administration of Governor Paeker nor the National Administration of James Buchanan, and lack the moral courage even to enquire what they acknowledge to be wrong in the latter, yet with all this, it must be self-evident to the most casual observer that the election of Foster will be claimed as an endorsement of the administration of Buchanan, and if a majority of the Legislature should be democratic, end in the return of Bigler to the Senate. His election, too, will be an endorsement of Southern views on the tariff question, and put off all hope of an increase of duties on the great staples of this State for an indefinite period. This, let laboring men mark, will be the result of Foster's election.

The so called democratic county ticket, composed of men who don't know who they are for President is also without a single plank of a platform except self, and their supporters feeling themselves at a loss on what ground to advocate their claims, are manufacturing all kinds of stories. The "dutch" especially trouble them, and hence we hear of all kinds of the most absurd things respecting our candidates. As an instance we will state that here some good locofocos who heartily cursed the Germans two years ago, are now electioneering against Mr. Barr on the ground that he was a know nothing of the strictest set, while among our Omish friends in the valley he is represented as a foreigner! Mr. B. was born near Myerstown, Lebanon county, as any one can ascertain by making inquiry. Against Mr. Gibboney like tales are also spread with untiring industry, and we shall not be surprised to hear before the election, taking the Democrat's dutch stories for samples, that Mr. Brower has in his life killed a calf or something else, and that Stanbarger has swallowed M'Near at a mouthful, a thing he is very likely to do about the 9th of October.

The most sensible thing all men can do just before an election, is to place no reliance on electioneering stories invented to gull people, as those who circulate them are very apt to laugh in their sleeves at the folks who can be influenced by such soft soap means.

These matters indicate that the mum candidates are alarmed not a little. Let them rave on, and in the meantime we would recommend to all independent voters to keep poking at them the question "Who are you for President?" The man who cannot honestly answer that question six weeks before the Presidential election, is not fit to be elected to any office, for go as he will he must afterwards intend to cheat one wing or the other.

A negro runaway was arrested near Prentice, (Miss.) and put on board the Victoria on her last trip. The negro was handcuffed, but while the boat was proceeding down the river, he got the cuff off his left hand, and immediately made preparations to leave the boat on the first opportunity. He accordingly hid himself over the wheel-house, and when pursued, he jumped down inside of the wheel-house, where he could not be reached from above.

A skiff was immediately sent out to take him from his perilous position, but before it could reach him, he jumped into the river and was drowned. The Democrat can put this by the side of its Beauties of Slavery.

Doubtful Support of Douglas.

The Democrat of last week announces with a flourish of trumpets that "The doctrine of 'non-intervention by Congress with slavery in the territories' is a cardinal principle of the democratic party, North and South, and to that doctrine we are fully and uncompromisingly committed, seeing it is the only safe and practical solution of the infernal slavery question. We stand upon the platform adopted in Cincinnati in 1850 and reaffirmed at Charleston and Baltimore in 1860, and 'sink or swim, live or die, survive or perish,' we shall battle for it to the utmost of our ability."

After this superlative announcement that paper copies the Douglas Platform, to which it alleges it is "devotedly attached, and to which we (it) will continue to adhere," and yet in the very next column it says—

"Our views with relation to the expediency of running a straight Douglas ticket in this State remain unchanged, and hence we cannot give it support."

Most people will think that it is a strange way to "sink or swim, live or die, survive or perish" with a principle, for although willing to do all that for the sake of Douglas's platform, yet it announces that it cannot support electors pledged to Douglas, but prefers those who represent disorganization and disunion, and who are in favor of the Breckenridge doctrine that slavery goes into the territories by the Constitution, and of course everywhere else—for if slavery exists by that instrument, no State law can impair it. Now here is what Douglas said at Reading a few weeks ago:

"If you sanction or tolerate this new dodge, you hold out a premium for every faithless man to bolt in future. For one, I can never fuse, and never will fuse with a man who tells me the democratic creed is contrary to reason and to the Constitution. Let us spurn the bolting idea. Let us stand firm to our principles; let us maintain the integrity of the democratic party, and then trust our cause to God and the people. I have fought twenty seven pitched battles since I entered public life, and never yet traded with nominations or surrendered to treachery. And if I mistake not the true spirit of the democracy of old Berks, they will stand by their colors and scorn all alliance either with Northern Abolitionists or Southern secessionists."

Bridges to be Built by the County.

A Matter for the Consideration of Tax-payers.

Mr. Bates, the democratic candidate for Legislature, we are informed, has made a promise that in case of his election he would procure the passage of a law next winter throwing THE BUILDING OF ALL BRIDGES ON THE COUNTY TREASURY. This species of electioneering we are told has been used in Derry and Armagh townships, both of which suffered considerably by the high water last spring. If this question is to be agitated, it is proper that the taxpayers of the whole county should know it, as there is no doubt, under present circumstances, such a law would shortly DOUBLE IF NOT TREBLE THE COUNTY TAX, as bridge schemes would spring up in all quarters along the river and creeks.—Where a county can be traversed in all directions by carriages and wagons, it is proper enough that the county treasury should bear such burthens, but separated as ours is by Jack's Mountain, with but a single passable gap in a distance of thirty miles, there is no more propriety in making the valley pay for river bridges than for us to pay for their roads.

By the latest news from Europe, we learn that Garibaldi has entered Naples without opposition, and proclaimed Victor Emanuel King.

THE GREAT HOLLAND REMEDY!

Berber's Holland Bitters—Persons subject to nervous or sick headache, will find in Berber's Holland Bitters a sure, safe and pleasant remedy. It soothes the throbbing head, corrects acidity of the stomach, assists digestion, and creates a healthy appetite. It is, without doubt, a most delightful preparation, and an effectual remedy. The fact that it is now a very popular medicine throughout all the Holland settlements in Wisconsin, New York, Illinois and Indiana, speaks much in its favor. See advertisement in another column.

Holloway's Pills.—Much Truth in a small compass.

Development of the Stomach and Bowels.—Few people are conversant with the manner in which the blood is created, or that the stomach with the gastric juices, the secretions of the liver and the action of the lungs are the chief agents for converting the food we eat into blood, hence the great necessity for preserving the stomach in a sound and healthy condition. Nothing has yet been discovered more effectual for this than Holloway's famous Pills, which act directly on the stomach, liver, bowels and circulation. In bilious disorders, indigestion, costiveness and all consequent complaints, headache, piles, and debility there is no medicine in use which insures such certain and beneficial results.

Female Health! Female Health!

Thousands of Females suffer from derangements peculiar to the sex. First, and most common among these is Female Headache or Whites, or Leucorrhoea, with its constant attendants, Lassitude, Prostration, Lame or Weak Back, and General Debility. No one can be entirely well who thus suffers, and in hundreds of cases health is utterly undermined. Old-school medicines and drugs do but little good—often much injury. HOLLOWAY'S SPECIFIC HOMOEOPATHIC FEMALE PILLS are just the thing, relieving promptly, and curing permanently. A dollar's worth will do more good than quarts of nostrums, or six months' attendance on a doctor. Six boxes for \$1. Single boxes 25 cts.

It is a full set of Humphreys' Homoeopathic Specifics, with Book of Directions, and twenty different Remedies, in large vials, morocco case, \$3; ditto in plain case, \$1; case of fifteen boxes, and Book, \$2. Single boxes, 25 cents and 40 cents. These Remedies, by the single box or case, are sent by mail or express, free of charge, to any address, on receipt of the price. Address: Dr. F. HUMPHREYS & CO., No. 62 Broadway, New York. CHARLES RITZ, Wholesale and Retail Agent for Lewistown and vicinity, and druggists and stores generally.

LOCAL AFFAIRS.

Meeting on Thursday Evening.
The Hon. JAMES T. HALE will address his friends in the Town Hall this (Thursday) evening.

SAD CASE OF DROWNING.—A young girl named Anna E. Britton, of Philadelphia, aged about 11 years, who was on a visit to her uncle, Wm. S. May, at the two locks a few miles above town, was found in the upper lock on Monday morning, having no doubt fallen in or into the canal above. An inquest was held by Coroner Miller, and the jury returned a verdict of accidental drowning.

ACCIDENT.—We learn from the Williamsport Bulletin that Dr. Green, Assistant Superintendent of the Sunbury and Erie Rail Road, formerly of this place, was seriously injured on Wednesday of last week in getting off the passenger train south, at Milton. The train was moving when the Dr. attempted to step from the cars, and was precipitated into a sewer, his face striking the jamb of the wall, which smashed and broke his nose and cut his face from the right eye down across his nose and left cheek in a shocking manner. It is thought that he will recover.

LOCO MASS MEETING.—The two-winged democracy have called a "mass" meeting on Friday evening next, which is to be addressed by the Lecoomp Administration candidate, Fleming. He is noted in his own region for retailing snappy anecdotes, so that the ladies will of course not be wanted in the vicinity.

DECATUR MEETING.—There was a wonderful democratic mass meeting in Decatur last week, which was addressed by J. Alexander, Esq., for Douglas, and by Joseph W. Parker, Esq., for Tom, Dick and Harry. Had a show of hands been called for, it would have revealed some strange facts that would perhaps have amazed the two Joes as well as the other J's.
