Mifflin County WIDE AWAKE?

LEWISTOWN, Oct. 10, 2 P. M.

The one boy, two boys, three little boys, by democratic votes! one boy, two boys, one Dutchman, one man, two boys, one Irishman, the man with the red shirt, a leetle bit wide-awake fellow, county vesterday and most effectually laid out and buried the Democrat's dogs, single skulls, double skulls, volunteer slanders, Dutch and Irish stories, with a hogshead of "negro equality," &c. We have no room for comment, but give the returns as they came to hand last night. Noble Deeatur came first, at an early hour, and its sledge hammer blows were as severely felt as when the "FREE WHITE LABOR" of der whether our friend, Mr. Banks, who, one evening last week, in a speech before the Foster Club, inquired what that banner with the above inscription meant, has been enlightened?

"Negro Equality."

The democracy are pretty much bankrupted for arguments, but they have one last resource when everything else failseverlasting "nigger equality." Of course there will be no "nigger equality" where there are no "niggers," and as the Republican party propose to save the Territories for free white men, while the democracy leave a way open for their introduction, it is difficult to see how the slang phrase here quoted applies to any other party than themselves. But there are a few facts in this connection which have a more special significance, as fixing upon the democratic party the responsibility of all the negro equality which prevails in the United States. We quote from the Chicago Tribune;

In the state of Maine the negro is a citizen. The state of Maine, at the time when the laws were enacted conferring eitizenship npon negroes, was overwhelmingly democratic, and the democratic party enacted by law that negroes should be citizens!

In the state of New Hampshire negroes 21 are citizens. The State of New Hampshire at the time when citizenship was conferred upon negroes, was overwhelmingly democratic, and that party enacted the laws which gave them the right of suffrage!

In the state of Massachusetts negroes are citizens, and the elective franchise was conferred upon them by the democratic party of that state at the only time when they ever held the reins of government

In the state of New York all colored persons who own \$250 worth of property are allowed to vote. The Constitutional Convention which conferred this privilege upon them was largely democratic-was presided over by Martin Van Buren, then the democratic leader of the state-and the same Martin Van Buren was subsequently elected President of the United States by the democratic party of the nation! And at the same time Richard M. Johnson, of Kentucky, who had married a colored woman on the most approved principles of amalgamation, was nominated for Vice President by a National Democratic Convention, and elected to that high office men.

In the state of Ohio persons of onehalf negro blood are allowed to vote. At several boys, &c., with the assistance of the time this privilege was conferred upon two or three men, held an election in this them the democratic party were in power, and they framed the Constitution which extended the right of suffrage to persons

Some years ago the Legislature of Wisconsin provided for a popular vote on the question of allowing negroes to vote at all elections, the same as white people. At this time the Democratic party was largely Derry effectually clenched the nail. Won- in the majority in Wisconsin, and they are responsible for the attempt to establish negro-equality in that State!

Now, let us see what the Republican party has done in the way of negro equal-GOVERNOR. CONGRESS, ity. Will any gentleman Democrat put his finger on the act which couples them a certainty might we predict that in a few with that doctrine? It is most true that years there would be a schoolteaching ma- notes, such notes to be left with a preten the Republican party are opposed to the enslavement of any one who bears the Divine image and likeness. It is equally true that no man can be a good democrat in these days unless the first article in his creed is that he "don't care whether sla very is voted down or voted up." But here are five states admitting negro equality into their laws and constitutions, and a lift brick and mortar and lay it down again, sixth where they proposed to do so, though the people failed to ratify the proposition -and all done by the democratic party .-And not only so, but the democracy of the United States elevated to the Presidency one of the champions of the doctrine, and to the Vice Presidency a person who was actually married to a colored woman and who, in the event of the President's death, would have been mistress of the White House! Quite likely she would have lent grace to the Presidential levecs. Quite likely she would have received the foreign Ambassadors with dignity and suavity; we have always heard her spoken of as an accomplished lady. But O, what a comment on the democracy and negro equali-

Common Sense.

Mr. Editor .- That merit should not go unrewarded, is a truism universally acknowledged, but that it is not always fully requited is a fact equally well substantia-To the truthfulness of this last assertion the late action of the school-board of Lewistown, is no exception. Not that they made poor selections; on the contrary, believe in this particular they acted wisely; nor that the aggregate amount to figures, or in exchange for country probe paid per month is too small; \$308 is good compensation for all the talent and muscle they employ; but that each, irrespective of experience or optness to teach, should receive the same compensation, is

not only unreasonable, but unjust. Were the cramming of the mental man the sole aim, were the memorizing of a specific number of words or facts the whole of educating, then, indeed, might there be some apology for such a course. And with chine. But no one believes in this mechan- ded agent in each town, to whom churns ical teaching; none are so blind as not to see there is 'a knack in the thing'-a 'knack,' too, that experience only perfects. And yet we are told that 'each has his six hours to teach, and that each is equally employed.' Indeed! So does the hod carrier work as many hours as the master mason, but does reason or justice say, pay him the same? It is the business of each, too, to and, mayhap, the hod carrier lifts the more and the harder of the two. Shall we pay him more? Why not? Simply because any one with strong calves and a steady head can carry the hod; but practice, and. intelligence, and they alone make the master mason, and he it is that receives the more, not the carrier or the botch. The botch may take the brick and build a wall, but it is the master mason that erects the substantial and symmetrical edifice.

And thus with teachers. All may hear recitations, all may 'keep' a school, but onsubstantially, symmetrically. Does any one doubt? Is it not common sense, that experience is as necessary to teaching well as to doing anything else well? True, all experienced teachers are not good ones, but it is as true, that none are as skillful without as with practice. Nor do I detract ought from the young teacher. Without vote. doubt, his endeavors to excel will equal, if not exceed those of more experience, but if he can teach as well as they now, one year from now he can teach better, and and should receive more. Is not this com-

mon sense? Besides, it is unjust to those whose aim it is to teach. Already is the idea too prevalent that 'anybody can teach school.' Poor encouragement is it (to selfish mortals) to make the most of one's experience, when the only reward comes in that other world, and the only inspiration is derived from knowing that it is the 'immortal mind' that you are training. LOCAL AFFAIRS.

STABBING AFFRAY .- John McNeil, of Juniata county, who frequently has had a hand in all kinds of scrapes here, got into an affray on election night, and received a severe cut in the arm with a knife, severing some blood vessels which bled profusely. Some pistol shots were fired at the time, with what intent we do not know.

The Wide-Awake Demonstration on Friday evening last was one of the most imposing affairs we have had for a number of years between 400 and 500 being in procession. The meeting was held in front of the Union House, and densely blocked up a great part of that square. Messrs. Woods, Elder, and Gibboney made short addresses which were received with shouts of applause. The procession paraded through town in the following order:
