COOKING STOVE. FOR COAL AND WOOD.

OF the numerous cooking stoves ever introduced, the "Governor Penn" is emphatically the most superior. It is of recent invention, being patented in the year 1858. This stove has already won for itself the en- | small profits. viable reputation of being a Complete success, and with the additional improvements consisting of the plates exposed to the fire being double, making it therefore more durable than any other stove in the market. This stove has been gotten up expressly for country trade, as it has been a general complaint and an undeniable fact that the cooking stoves manufactured heretofore have been entirely too light. The Governor Penn exceeds al others by 20 per cent. in weight, which gives it an advantage in throwing out and retain ing more heat. It has the largest oven and eaviest grate, the largest flue and strongest draught, and has proved itself the best ba

king and cooking stove known either with wood or coal. For sale by F. G. FRANCISCUS. вер13

HEALTH & ITS PLEASURES

Disease with its Agonies: CHOOSE BETWEEN THEM.

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the terrous system? To be excitable or nervous in a mall degree is most distressing, for where can a remain the found? There is one —drink but little wine, eer, or spirits, or far better, none; take no coffee—reak tea being preferable; get all the fresh air you an; take three or four Pills every night; eat plenty f solids, avoiding the use of slops; and if these golern rules are followed, you will be happy in mind and trong in body, and forget you have any nerves.

Mothers and Daughters.

If there is one thing more than another for which hese Pills are so famous it is their parifying properies, especially their power of cleansing the blood from all impurities, and removing dangerous and suspended secretions. Universally adopted as the one grand emedy for female complaints, they never fail, never reaken the system, and always bring about what is required.

Sick Headaches and want of Appetite. These feelings which so sadden us, most frequently arise from annoyances or trouble, from obstructed perspiration, or from eating and drinking what is unit for us, thus disordering the liver and stomach. These organs must be regulated if you wish to be well. The Pills, if taken according to the printed instructions, will quickly restore a healthy action to both liver and stomach, whence follow as a natural consequence, a good appetite and a clear head. In the East and West Indies searcely any other medicine is ever used for these disorders.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the lons over the regions of the kidneys, these Pills should be taken according to the printed directions, and the olintment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

For Stomachs out of order.

No medicine will so effectually improve the tone of he stomach as these Pills; they remove all acidity, secasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; hey are wonderfully efficacious in cases of spasm— a fact they never fail in curing all disorders of the liver and Stomach.

TO THE PUBLIC.

THE decision of Judge Nelson, at Cooperstown, (this day announced) having been circulated broadcast over the country, we deem it our duty to state that this decision of an inferior and petty Court, extending its influence over only the Southern District of New York, has been virtually annulled or reversed, so far as the Sloat Sewing Machine Company is concerned, by the recent decision of the Hon. Chief Judge Danlop, of the Circuit Court of the U. S. at Washington, which establishes clearly the fact that the Akins & Felthousen Patent is the only original and valid one upon which reliance can be placed or Sewing Machines manufactured in the

United States.
Under this Patent the Sloat Sewing Machine Company are the only licensees, and consequently, despite the decision at Cooperstown, all other manufacturers are infringers according to the highest legal authority in the land. This decision of Judge Nelson is already appealed from even in the limited district it affects. GEO. B. SLOAT,
