Coughs and Colds! Coughs and Colds! Seasonable Advice.—Let no one neglect a cough or slight cold. Thousands, doing so, have had one cold added to another, until the nucous membrane, lining the air passages, has become excessively irritated, and even permanently thickened, and soon chronic cough, bronic pheumonia, and consumption successively gallop along. The best time to cure all this is when the begins. If you are so fortunate as to possess a case of Humphrey's Specific Homeopathic Remedies, and f you do not, you ought to at once take a Cough Pill, and then two or three pills per day, with care as to resewed exposure, will bring you all right in a day or wo.
