HOLLOWAY'S OINTMENT. Bad Legs, Bad Breasts, Sores and Ulcers.

A LL description of sores are remediable by the proper and diligent use of this inestimable preparation. To attempt to cure bad legs by plastering the edges of the wound together is a folly: for should the skin unite, a boggy diseased condition remains underneath to break out with tenfold fury in a few days. The only rational and successful treatment, as indicated by nature, is to reduce the inflammation in and about the wound and to soothe the neighboring parts by rubbing in plenty of the Ointment as salt is forced into meat.

Blotches, as also swellings, can, with certainty, be radically cured if the obttment be used freely, and the pills be taken night and morning as recommended in the printed instructions. When treated in any other way they only dry up in one place to break out in another; whereas this outment will remove the humor from the system, and leave the patient a vigorous and healthy being. It will require time with the use of the pills to insure a lasting cure.

Dropsical Swellings, Paralysis and Stiff Joints.

Although the above complaints differ widely in their origin and nature, yet they all require local treatment. Many of the worst cases, of such diseases, will yield in a comparatively short space of time when this ointment is diligently rubbed into the parts affected, even after every other means have failed. In all serious maladies the pills should be taken according to the printed directions accompanying each box.

Both the Ointment and Pills should be used in the following Bad Legs, Bad Breasts, Burns, Burns, Burns, Burns, Bite of Moschet Coorbay, Coco-bay, Chiebains, Chibbains, Ch Corns (Soft) Rheumatism

This is a purely vegetable compound, prepared on strictly
scientific principles, after the manner of the celebrated
Holland Professor, Borhave. Its reputation at home prodaced its introduction here, the demand commencing with
those of the Fatherland scattered over the face of this
mighty country, many of whom brought with them and
handed down the tradition of its value. It is now offered
to the American public, knowing that its truly wenderful
metricinal virtues must be acknowledged.

It is particularly recommended to those persons whose
constitutions may have been impaired by the continuous use
of ardent spirits, or other forms of dissipation. Generally
instantaneous in effect, it finds its way directly to the seat
of life, thrilling and quickening every nerve, raising up the
drooping spirit, and, in fact, infusing new health and vigor
in the system.

And testimonials, new, and almost without number might be given from ladies and gentlemen in all grades of society, whose united testimony nonecould resist, that Prof. Wood's Hair Restorative will restore the bald and gray, and preserve the hair of the youth to cid age, in all its youthful beauty.

Prof. Wood: Thee willt please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chrone disease, attended with an eruption on the head. A continual course of suffering through life having able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Briggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative about the first of August last. I have faithfully followed the directions and the beld spot is now covered with hair thick and black, though short, it is coming in all over my head. Feeling confident that another large bottle would restore it entirely and permanently, I feel anxious to persevere in its use, and being destitute of means to purchase any more, I would ask thee if thee wouldst not be willing to send me an order on thine agents for a bottle, and receive to thyself the scripture declaration—the reward is to those that are kind to the widow and the fatherless."

Paor. O. J. Wood: Dear Sir:—In the latter part of the year 1852, while attending the State and National Law School of the State of New York, my hair from a cause unknown to me, commenced falling off rapidly, so that in the short space of six months, the whole upper part of my scalp was almost entirely bereft of its covering, and much of the remaining portion upon the side and back part of my head siorly after become gray, so that you will not be surprised when I tell you that upon my return to the State of Indiana, my more casual acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my most intimate acquaintances were to recognize me at all.

I at once made application to the most skillful physicians in the country, but, receiving no asserance, from them that my hair could again be restored, by was forced to become reconneled to my fate, until fortunately, in the latter part of the year 1857, your Restorative was recommended to me by a druggist, as being the most reliable Hair Restorative in use—I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars' worth of your Restopative, and as a result, I have a rice oat of very soft black hair, which no money can buy.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you, are using it with like effect. Very respectfully, yours.
