Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but process to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to a resistices sway. Read the following:—

Bath, Maine, April 18th, 1859.

Prof. O. J. Wood & Co.; Gents:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this viemity and elsewhere, has given rise to numerous inquires touching the case. The inquires are, first is real net of my habitation and narrae, as stated in the communication; second, is it true of all therein contained; third, does my hair stid continue to be in good order and of natural color? To all I can and do answer, invariably yes. My has is even better than in any stage of my life for forty years past, more soft, thrifty, and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same resuit will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt been basely initated and been used, not only without any good effect, but to absolute injury. I have not used thuy of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful: I gave it to my friends and thereby induced them

Prof. O. J. Wood Dear Sir.—I would certainly be doing you a great injustice not to make known to the world the wonderful, as well as the unexpected result I have experienced from using oxe bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly designate of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to amounce to wheever may read this.

which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to all who may feel the necessity of it.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds \( \frac{1}{9} \) as int and retails for one dollar per bottle; the medium holds at least twenty per cent, more in proportion than he small, retails for two dollars per bottle; the large holds a quart, 40 per cent, more in proportion, and realis for three dollars per bottle. AYER'S Sarsaparilla FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Biotches, Boils, Blains, and all Skin Diseases.

J. C. Aver & Co. Gents: I feel it my duty to acknowledge what your Susaperilla has done for me, Having inherited a Scrofthous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sungetimes it urned inward and distressed me at the stomach. Two years ago it broke out on my head and access. turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many madicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it till it curred me. I took it, as you advise, in small deseat of a teaspoonful over a menth, and used almost three bottles. New and healthy skin soon began to form under the scale, which differ a menth, and used almost frace bottles. New and healthy skin soon began to form under the senb, which, after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the aposities of the age, and remain ever gratefully.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the requested yone agost in saving I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remody, but especially in Female Diseases of the Serofulous dichesis. I have cured many inveterate cases of Lencorrhoea by it, and some where the complaint was caused by uteration of the uterus. The uteration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous neurian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Fetract of Sarsaparilla. Our physician thought nothing but entire saparilla. Our physician thought nothing but entire Sarsaparilla as the last resort before cutting and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Oblans, 25th August, 1-52.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have cared with your Sar-aparilla.

I have cared with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venered and Mercurial Disease. One of my patients had Syphilite ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some distiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered exeruciating pain in her joints and bones. She, tee, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your haberatory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V LARIMER, M. D.

attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Lonis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other gause than derangement of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your farsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so partified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."
