FOUND .- A Presbyterian Hymn Book was found some weeks ago, which can be procured by the owner at this office. It contains a lock of hair, but no name.

GROUND HOG DAY .- Saturday last, according to the weatherwise, was the day appointed for the sage ground hog to wake up from his torpid state, come out of his hole, and take a survey of the weather. If he saw his shadow, then he forthwith returns to his bed and prepares to take a six weeks nap, indicating the winter will continue that long; if not, then the winter was broken, and he refrained from going to sleep. On Saturday we believe he did not see his shadow-and therefore, if the ground hog is a weather prophet wiser than his biped brethren, we have seen the worst part of this winter. So mete it be.

We regret to learn that Joseph Cunningham, eldest son of James A. Cun- To amt. outstanding at last settlement ningham, late of this place, deceased, died at Huntingdon on Monday last. Report says that he got a bone in his throat, which was extracted, but that inflammation sakin, causing his death. He was quite young, probably not over 18 years of age.

EXHIBITION .- The pupils of the Lewistown Academy gave an exhibition in the Town Hall on Friday evening, but their liberal invitations caused such a jam of persons as has probably not been seen (we might say felt) there since its erection Numbers, after being squeezed, jostled. pushed, elbowed, &c., for half an hour, returned to their homes, having been unable to get within sight of the door. On Saturday evening a better arrangement was made by excluding tickets and demanding an admittance fee, which resulted in an audience filling the house but not incom moding any. The speeches and dialogues, which comprised a number of original pieces, many of them of a patriotic character, were generally well delivered and warmly applauded. It would perpaps be invidious to mention any of the pupils by name, for, with hardly an exception, they recited well, though some spoke with a very low voice, rendering it impossible to understand them at any distance from the stage. The musical part came off with much eclat, Miss Van Duser and Miss Stray's piano performances and vocal music, assisted by various pupils, having elicitel commendations from all present. The success of the exhibition was complete, and we suppose may be justly attributable to the energy of Mr. M. J. Smith, Principal of the Academy, and his accomplished assistants, Misses Van Duser and Stray. By amt, outstanding estate

WATER COMPANY .- Mesers. Wm. Russell, John W. Shaw, D. Candor, H. Zerbe, J. A. Sterett and Francis M'Clure were elected Directors of the Lewistown Water Company on Monday last, and with S. Comfort, appointed by the Town Council, constitute the Board.

Text Books-a Request to Directors.

The Convention of directors which met Aug. 27, 1860, at Lewistown, adopted a series of school text books for Mifflin coun-The action of that convention was quite imperfect, and has not proved wholly satisfactory, or efficient in producing the desired result—a uniform series for the entire county. Some districts were not represented; the com-parative merits of the different series of books vere quite imperfectly known; and, to render the matter doubly perplexing, two series of Readers were adopted.

Considerable improvement has been made in several Districts, but there is great need of some more decisive action. See the Ba bel! Of Arithmetics, there are now in use Greenleaf's, Davies', Parkes', Pike's, Smiley's, Emerson's, Rose's, Bennet's, and one so old that the author's name is lost. The list of Grammars is also quite ample; Green, Brown, Bullion, Smith, Pinneo, Clark, Cov-ell. There is a refreshing sariety of Readers: anders, Osgood, Parker and Watson, and McGuffey. In Geography there is, perhaps, less confusion, Monteith, McNally, Smith, Mitchell and Pelton.

To remedy this state of things, the followng plan is proposed to directors. Let each oard appoint one of its number a committee to confer with the committees of the other boards; let these representatives of the different school boards meet, and, after due delib cration adopt, a complete series of books, with this understanding: No district that has in use a recently adopted series, need make any change until a change is deemed expedient; but districts that need to make a change now, and every district when it makes a change,

shall conform to the action of the committees and introduce the series adopted. To give effect to this plan requires the concurrent action of all the school boards of the ounty. I beg leave to request the secretary of each board, at the next meeting, to present

this matter for the action of the board. There is to be a public examination of apicants for the Professional Certificate, in Lewistown, on Saturday, March 30th. That would be a favorable time for the proposed meeting of delegates. Directors are respect-fully urged to act in accordance with this AZARIAH SMITH,

In all Nervous, Rheumatic, an Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Blosding Piles. In all Newrous, Rheumatic, and Neuralgic Affections, it has in quancrous instances proved highly beneficial, and in others effected a decided cure. This is a purely regetable compound, prepared on strictly scientific principles, after the manner of the celebrated Helland Professor, Berhave. Its reputation at home produced its introduction here, the demand communicing with those of the Fatherland scattered over the face of this mighty country, many of whom brought with thom and handed down the tradition of its value. R is now offered to the American public, knowing that its traig vectoristic title and trivial material public, knowing that its traig vectoristic. It is particularly recommended to those persons whose open functional virtues must be each unpaired by the continuous usof ardeut spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the soat of life, thrilling and quickening every nerve, raising up the intensystem.

ENORMOUS BUSINESS FOR OSE NEW YORK MERCHANT—We are happy to inform our fellow-citizens that there is one place in our city where the physician, apothecary, and country merchant, can go and purchase pure Wines and Liquors, as pure as imported, and of the best quality. We do not intend to give an elaborate description of this merchant's extensive business, aithough it will repay any stranger or citizen to visit I dolpho Wolfe's extensive warehouse, Nos, 18, 20 and 22, Beaver street, and Nos. 17, 19 and 21, Marketfield street. His stock of Schnapps on hand ready foshipment could not have been less than thirty thousand cases: the Brandy some ten thousand cases. Wintages of 1836 to 1836; and ten thousand cases of Madeira, Sherry and Port Wine. Scotch and Ifrish whiskey. Jamaica and St. Croix Rum, some very old and equal to any in this country. He also had threading cellars, filled with Brandy, Wine, &c., in casks under the Custom House key, ready for bottling. Mr. Wolfe's sales of Schnapps last year amounted to one hundred and eighty thousand dozen, and we hope in less than two years he may be equally successful with his Erandies and Wines.

His business merits the patronage of every lover of his species. Private Tariffes who wish pure Wines and Liquors for medical use should send their orders direct to Mr. Wolfe's call every Apothecary i
