Parson Brownlow's Prayer.

Parson Brownlow issues the following form of prayer, which he asks the local preachers of East Tennessee to use while the country is in its present peril. It may be open to criticism, but nobody can say it is not explicit and straight forward. We publish it by request :

" Almighty God, our Heavenly Father, in whose hands are the hearts of men, and the issues of events, not mixed up with locofocoism, or rendered offensive in Thy sight by be ing identified with men of corrupt minds, evil designs, and damnable purposes, such as seeking to upturn the best form of govern ment on earth. Thou has graciously prom sed to hear the pravers of those who in an numble spirit, and with true faith-such as a) secessionist can bring into practice-call pon Thee. Be pleased, we beseech Thee, favorably to look upon and bless the Union en of this Commonwealth, and sustain them their praiseworthy efforts to perpetrate this government, and under it the institutions of or holy religion. Possess their minds with e spirit of true patriotism, enlightened wisdom, and of persevering hostility towards those traitors, political gamblers and selfish demagogues, who are seeking to baild up a niserable southern confederacy, and under it to inaugurate a new reading of the ten com mandments, so as to teach that the chief end f man is nigger ! In these days of trouble and perplexity, give the common people grace to perceive the right path, which. Thou know est, leads from the camps of southern madcaps and northern fanatics, and enable them teadfastly to walk therein. "So strengthen the common masses, O Lord, and so direct them, that they, being hindered neither by the fear of fire eaters, nor by the love of the corrupt men in power, nor by bribery, nor by an overcharge of mean iskey, nor by any other democratic passion, but being mindful of Thy constant superin endence, of the awful majesty of Thy right cousness, of Thy hatred of a corrupt democ racy and its profligate leaders, and of the strict account they must hereafter give to hee, they may in counsel, word and dead, aim supremely at the fulfillment of their duty, which is to talk, vote and pray against the wicked leaders of abeliationism, and the equal ungodly advocates of secessionism. Grant that those of Thy professed ministers who are now mixed up with modern democracy, and have become so hardened in sin as open by to advocate the vile delusion, may speedily abandon their anninisterial habits, or go over to the cause of the Devil, that their position may at least be unequivocal, and that they may thereby advance the welfare of the country ! And grant that these fire eaters may soon run heir race, that the course of this world may be so peaceably ordered, by Thy superinten-dence, that Thy church and Thy whole people, irrespective of sects, may joyfully serve Thee in all godly quietness, through Jesus Christ our Lord. Amen." Programme of the Presidential Trip. The following schedule shows the arrivals and departures in and from the various ocalities the President elect and party will visit on their journey to Washington city: Thursday, Feb 21 .- Leave New York at ne a. Another Child Desertion. Tyrone, Blair county, is becoming quite fa mous as a resort for estrays, several cases having occurred within the past year. The

last we hear of is the following, which we copy from the Philadelphia Press of Saturday: "The express train from Pittsburgh, which arrived in this city yesterday morning at sev-en o'clock, brought to Harrisburg a child about five or six days old, that had been cruelly deserted by its mother. It appears that a man and woman, in company, get upon the train at Tyrone station, the woman having with her the child. As the train approached Huntingdon, the woman entered the saloon attached to the ladies' car, and at that station she, and the man accompanying her, got out. After the train had proceeded fifteen or twenty miles, a passenger entered the saloon, and found the baby lying upon the seat, snugly Burns wrapped up. He apprised Mr. Solomon D. Stalds Grone, the conductor, who got one of the la-dy passengers to take charge of the child unsomething could be done in the matter .-til The lady was a German, and expressed a willingness to keep the child and raise it. She and her husband stopped at Harrisburg. Conductor Grone telegraphed to Huntingdon as soon as possible, and we learn that the mother and the man accompannying her were both arrested vesterday morning. The child

was a healthy boy, and its mother an anmar-ried female, who is still confined to her room in Tyrone, Blair county.

ing carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to a resistless sway. Read the following:— Bath, Maine, April 18th, 1869. Prof. O. J. Woon & Co.; Gentss.—The letter 1 wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vienity and elsewhete, has given rise to numerous inquiries touch-ing the case. The inquires are, first, is it a fact of my habitation and name, as stated in the communication second, is it true of all therein contained; third, does my hair still continue to be in good crider and of nat-ural color?. To all 1 can and do answer, invariably yes. My hair is even better than in any stage of my life for forty years past more soft, thrifty, and better-colered; the same is true of fwy whiskers, and the on-ly cause why it is not generally true; is that the sub-stance is washed off by frequent ablation of the face when if eare were used by wiping the face in close condition with the whiskers, the same result will fol-low as the har. I have been in the receipt of a great number of latters from all paris of New England, ask-ing no if thy hair is the continues to be goed as there is so much fraud in the manufacture and salo of vari-ous compounds as well as this, it has, no doubt, been basely initiated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hum-dreds have examined it with surprise, as I am now fil years old and not a gray hair in my head or on my har taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful: I gave it to thy friends and thereily induced them to try it; many were skeptical until after trual-and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many I fear, without anthority frien Aarons Run, Ky., Nov. 30, 1858. Pasr. O. J.
