AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Blains, and all Skin Diseases.

ORLAND, Ind., 6th June, 1850.

J. C. Ayar & Co. Genis: I feel it my duty to acknowledge what your sarsaparitis has done for ne, flaving inherited a Scrofulous infection, I have saftered from it in various ways for years. Sometimes it burst out in Uleirs on my hands and arms; sometimes it burst out in Uleirs on my hands and arms; sometimes it burst out in Uleirs on my hands and arms; sometimes it burst out in Uleirs on my hands and arms; sometimes it burst out in Uleirs on my hands and covered my scalp and cars with one sore, which was painful and losthsome beyond description. I tried many medicines and everal physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Guspel Messinger that you had prepared an alternative (Sarsaparilla), for t knew from your reputation that any thing you made mast be good. I sent to Cincinnati and got it, and used it full it cured mae. I took it, as you advise, in small doses of a feaspoonful over a month, and used almost three bottles. Yew and healthy skin some begun to form under the scale, which after a white fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apeatics of the age, and remain ever gratefully.

Dr. J. B. S. I have cured many inveterate cases of Lencorrhoea by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous overion tomor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarasparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarasparilla as the last resort before cutting, and it proved effectual. Syphilis and Mercurial Disease.

New Obleans, 25th August, 1859.

Dr. J. C. Aten: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in may practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Energed and Mercurial Disease. One of my patients had Syphilite afters in his threat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nees, and the utcention had eaten away a considerable part of it, so that I believe the disorder would scan reach his locals and full has. But it yielded to my administration of your Sarsaparilla; the utiers bealed, and he is well again, not of course without some disignation to his face. A woman who had been treated for the same disorder by nearchy was suffering from this poison in her beness. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her langes. They had become so constitute to the weather that on a damp day she suffered excruciating pain in her joints and beness. She, to, was cured entirely by your sarsaparilla in a few weeks. I know irom 8s formula, which your agent gave me, that this Preparation from your behandary must be a great remedy; consequently, these truly remarkable specific

Dr. J. C. One bottle curred me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Geckhell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried overy thing, and every thing failed to relieve me; and I have been a broken down man for some years from no other cause than decomponent of the Liver. My beloved paston the hat, Vr. Espy, advised me to try your Sarspaparilla, because he said hakrew yea, and any thing you make was worth trying. By the blessing of God at has cured me, and has so parified my blood as to-make a new man of ne. I fiel young again. The best that can be said of you is not half good enough.

Ayer's Cherry Pectoral,

This is a remedy so universally known to surpose any other for the cure of threat and lang complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its traity wonderful cures of pulmenary disease, have made it known throughout the civilized nations of the earth. Few are the commandities, or even families, among the m who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the threat-and large. As all know the dreadful faradity of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
