LOCAL AFFAIRS.

We are requested to state that divine service will be held in the Lutheran Church on Sabbath morning next, at the usual hour.

ACCIDENT.—Calvin Ray, a brakeman on the down train on Thursday afternoon last, was knocked off the cars near this station, by a freight train standing on the adjoining track. He incautiously leaned out from the steps, after putting down brakes, and made a narrow escape from instantaneous death. His head and face were badly cut, but after being dressed by Dr. Vanzalza he felt easier and next day returned in company with his wife to Harrisburg.

FLAG RAISING.—The citizens of MeVeytown raised the stars and stripes on the dome of their academy on Monday last with a heartfelt patriotism that showed their reverence for the noble flag under which we have lived and prospered. The band played national airs, and as the breeze displayed its thirty-four stars cheer after cheer was given. Long may it wave over the land of the free and the home of the brave.

The Lewistown Water Board was organized last week by the election of the following officers: President—D. Candor. Treasurer—Wm. Russell. Secretary—J. W. Shaw. Committee on Water Rents—D. Candor, J. A. Sterrett, F. McClure.

The Hollidaysburg Register, in noticing an examination of the public schools of that place, thus alludes to that taught by Miss McCord of Lewistown:

Thursday was spent in school No. 3 of the female department, Miss Mary McCord, teacher. The Directors and visitors were very much pleased with the examination of this school and a great deal of interest was manifested by all present. Miss McCord has in her school a class studying physiology which is something extra to be taught in the public schools in this part of the country, though it is a study that should be introduced in every school, for above all things, we should understand something in regard to the formation of the human body.

SHAD.—Mr. Weber brought up the first shad of the season in his market car on Friday last. They were of large size, and proved quite a luxury to those who had the gratification of procuring one—of which we must confess ourselves of the number. Mr. W. runs his market car regularly, and will be able to furnish our citizens with anything to be had in the city markets, whether fish, vegetables, or other products.

HAYTI.—A large meeting of our colored population was held on Monday last, J. L. Griffith in the chair, to take into consideration the propriety of adopting measures for removing to Hayti. Considerable information was elicited respecting that country, and we understand preliminary steps taken for forming an association with a view of sending out a few persons to examine into the soil, climate, government, &c. We have no doubt that country offers strong inducements to emigrants, both in climate and productions, and that once settled there and their houses in order few would wish themselves back in the United States. The hope of the colored man must be in himself, for although respected here when worthy, yet his position must always be an inferior one, because popular prejudice instead of favoring his advancement is actually retarding it.

A CHANCE FOR BARGAINS.—B. K. Firoved, agt., intending to relinquish business at his present stand, offers for sale AT COST, from now until the first day of April next, his entire stock of Dry Goods, &c. This will afford an opportunity for all desiring to lay in a supply for family use or for dress, not often met with. As the fact will soon spread far and wide, ladies and gentlemen are invited to call and secure undoubted bargains. Those indebted to the store will of course call and make settlement at an early day, deeming this hint that money is needed sufficient.

Tariff Bill Passed. The Senate of the United States has at last passed the Tariff Bill. Thanks to Gen. Cameron, he has been its main advocate in that body, and it is but a few days since that he intimated he would not return home until that bill was passed. We sincerely congratulate him on his success. It will do more to relieve Pennsylvania than any measure that could have been adopted.

After a session of nearly ten hours, a final vote was taken, with the following result:—

YEAS—Messrs. Anthony, Baker, Bigler, Bingham, Cameron, Chandler, Clark, Doolittle, Durkee, Fessenden, Foot, Foster, Grimes, Hale, Harlan, King, Morrill, Seward, Simons, Sumner, Ten Eyck, Trumbull, Wade, Wilkinson and Wilson—25.

NAVS—Messrs. Bragg, Clingman, Douglas, Green, Hunter, Johnson of Arkansas, Johnson of Tennessee, Lane, Latham, Nicholson, Pearce, Powell, Rice and Sebastian—14.

All the Republicans voted for the bill. Mr. Bigler, of this State, is the only Democrat that voted for the same. Mr. Douglas, who professed to have such a love for this measure when in this State last summer, voted against it. The bill passed in the House on Tuesday precisely as amended by the Senate, with the exception that the duty upon tea and coffee were stricken out. It is believed that these amendments will be conveyed in by the Senate.

Weakness of the Stomach and Indigestion. Another Great Cure Effected by Berhaves' Holland Bitters.—The wife of Peter De Witte, living in Holland Township, Schuylkill county, Pennsylvania, suffered much from weakness of the stomach and indigestion. She had been under a physician's care for some time, but the disease seemed to huddle even his skill. She purchased some Holland Bitters at our office, which has given her a new stomach; her appetite and strength are returning, and we firmly believe that this is another great cure effected by our medicine.

We have still to record many wonderful cures effected by this remedy, but must wait another opportunity. One thing you can rely upon, what we have published is from persons much respected in our community, and are literally true. J. QUINN, Ed. Schuylkill News-Specialist, Schuylkill, Wis.

The Charleston Courier says that "on Washington's birthday Fort Sumter belched forth its saucy salute of thirty four guns."

"Coercion" will have to be altered in the next edition of Webster's Dictionary so as to mean "that democratic robbers and thieves must not be resisted if they seize public property."

The Naval Committee has made a report severely censuring Buchanan's Secretary of the Navy for the disposition made of vessels of war. The southern traitors evidently had him in tow.

The Clinton Democrat makes the rather curious acknowledgment that the whigs in the ranks of the people's party of Pennsylvania are conservative, and that the abolition portion is composed of old democrats!

The bids for the United States six per cent. loan of eight millions of dollars, were opened at the Treasury Department, at Washington, last Saturday. The aggregate amount offered was \$14,355,000. It is stated that bids below 90 1/2 to 100 will not be accepted.

The slave Anderson who was claimed under the extradition treaty with England, was released in Canada last week, the Judges refusing to give him up. He was charged with a murder in Missouri some years ago.

The resolutions passed by the democratic convention at Harrisburg last week, are about as much of milk and water as anything we have read for a long time. The first portion talks about enforcing the laws, and the latter about not enforcing them—the nigger in the wood pile being evidently the stumbling block.

Most of the democratic papers are publishing Jefferson Davis's inauguration speech as President of the Southern Baccanters and Tories with hardly a word of comment. When perjured traitors and usurpers are thus placed on the same footing with a constitutionally elected President, good citizens may well despair of their country.

A most desperate affray took place in Carbonade, Luzerne county, on Saturday night last, during which Geo. Breunon was killed, Andrew Farrell fatally stabbed, and Boreal dangerously injured by a man named Martin Gibson, who used a bowie knife with fatal execution. Gibson when arrested, expressed regret that he had not killed all of his victims.

The committee appointed by the Pennsylvania State Convention to visit Washington came into contact with Gen. Cass, and after propounding their democracy to him about non-coercion, he coolly informed them that he could stand on no such platform.—Mr. Banks of this place addressed Speaker Pennington when the committee paid their respects to him.

Wm. Frysinger, lately connected with the Lewistown Democrat, has taken charge of the Brownstown Union, published in Jackson county, Indiana. He can make a readable paper with ordinary care, and having no direct opposition ought to make money.—The Lewistown Democrat is again published by H. Frysinger, who will soon take charge of it in person.

A Palmetto flag was raised at old Fort Kearney, Nebraska, bearing the inscription, "Southern Rights," on the morning of the 19th. At 10 o'clock the Palmetto flag was torn down and the stars and stripes raised in its place. The transaction produced much excitement.

The Texas robbers have been making depredation on the mails. Two more United States Forts are reported to have been seized. It costs nearly two millions annually to maintain a sufficient force in Texas to prevent Indian incursions, and yet the recent Convention voted for secession.

Dispatch from Senator Clingman.—The Charlotte (N. C.) Bulletin has received the following dispatch from Senator Clingman: WASHINGTON, Feb. 18, 1861. Editor Bulletin.—There is no chance what ever for Crittenden's proposition. North Carolina must secede or aid Lincoln in making war on the South. F. L. CLINGMAN.

This is the way the secession machine is worked, by the "honorable" scoundrels at Washington.

Orders have been issued recalling many of the troops in Texas, which are needed for the protection of the public property in the faithful States. Col. Lee, who commanded that division, is on his way home, with other prominent officers. It costs nearly two millions annually to maintain a sufficient force in Texas to prevent Indian incursions.

A Cool Deliberate Murder.—Last Monday night, says the Knoxville Whig of the 7th, Jacob Cloninger shot down Andrew J. Davis with a rifle, in the upper part of the county. Cloninger was very deliberate, calling Davis out, while the mother of the former held a pine torch for him to shoot. The difficulty seems to have grown out of old family matters. Cloninger has made his escape.
