SYMPATHY.

The vine likes the nearness of cherry trees and elms. A white vine, planted immediately be-

side a blue, gets blue grapes. Chestnut trees among mulberry trees get

twice as large fruit. Lemon, orange, myrtle, cypress, and laurel trees, grow and succeed best among one

another. The asparagus increases much better near the hedeoma pulegioides, which gives the

penny-royal. Will you reinforce the smell of roses plant some garlic or onion among them.

If you plant some roses and white lilies together in one bed, both get much more sweet scent. If you have a valuable flower, which

commences to fade by an accident, put next to it a chamomile, with its roots in the same pot, and you will revive the fading flower, from day to day.

Will you produce extraordinary big turnips, beet roots, carrots, or red beets? Excavate a few of these, put the seed into the hole, and you attain an incredible success. ANTIPATHY.

The walnut tree is hostile and noxious to every other fruit tree in its near neighbor-

Enemies against one and other are: the olive and the oak, the vine and the laurel Cucumbers planted among olive trees

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints: Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustales, Blotches, Boils, Blains, and all Skin Diseases.

Primples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Oakland, Ind., 6th June, 1859.

J. C. Ayer & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Uleers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was pedictif and loadtsome beyond description. I tried many medicines and several physicians, but without much relect from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnatiand got it, and used it fill it cured me. I took it, as you advise, in small doses of a tenspeonful over a month, and used almost three bottles. New and headthy skin soon began to form under the scale which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully.

Dr. Robert M. Preble writes from Salem, N. V., 12th Sept., 1859, that he has cured an inveterate case of Dropey, which threatened to terminate fatally, by the persevering use of our Sursaparilla, and also a dangerous Malignant Erusipelas by large doses of the same; says he cures the common Eruptions by it constantly.

Leucorrhea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous disthesis. I have cured many inveterate cases of Leucorrhoea by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous ovarian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extipation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Obleans, 25th August, 1859.

Dr. J. C. Ayen: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have enclosed with your Sarsaparilla.

I have for the commended, and have found its effects truly wonderful in the enre of Veneral and Mercurial Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, teo, was carred entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remely; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours,

Dr. J. C. for some years from no other cause than derangement of

me to try your Sarspaparilla, because he said he knew you,

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them.
