I have cured many inveterate cases of Leucorthea by it, and some where the complaint was caused by nicerotion of the nicera. The niceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

I have realized with your Suraparilla.

I have cured with it is necommended, and have found its effects truly wonderful in the cure of Universal and Marcariol Disease. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptems in his moss, and the ulcerstion had exten away a constictuate part of it, so that I believe the disorder would stom each his bain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was sufficing from this peison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, to, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me. remedy; consequently, these truly remarkance remark with it have not surprised me.

De. J. C.
