#### LOCAL AFFAIRS.

DIVINE SERVICE .- Service will be held in the several churches of this place tomorrow, being the day set apart by the President as a day of fasting, humiliation and prayer. Service in the Episcopal church morning and afternoon. The Slemmer Guards will attend the Methodist rade at 9 a. m.

Alexander Clark, editor of "Clark's School Visitor," author of the "Old Log School House," etc., who is now on a tour of School visitations in this State, will give an entertainment, consisting of Readings, and Recitations, &c., together with practical hints on the cultivation of the voice, at the Town Hall, this (Wednesday) evening, commencing at 7½ o'clock. The exercises will consist of quite a variety of pieces, pathetic, comic, patriotic, colloquial, &c .-The lecture will reveal many important facts, bearing directly upon health, and the laws of our being, how to acquire strong musical tones of voice, and how to become good readers and speakers. Parents are respectfully invited to attend, bringing their children with them. Admission 10 cents, children 5 cents.

FIRING GUNS, &c .- This nuisance has been carried to an almost unbearable extent within the past few months in the borough limits, and something ought to be done to put a stop to it. The State laws impose a fine of 20 shillings for firing off a gun or other firearm in a town; 40 shillings for firing at pigeons, doves, partridges or other fowl, on the open streets of a borough; and 40 shillings for firing off a gun on or near any public highway.

RELIEF BOARD .- The Board will meet again on Friday, October 4th, for the transaction of business.

Any sum from \$50 to \$2000 will be taken on loan for the use of the board, and 6 per cent. with release of county tax allowed therefor.

PUBLIC SCHOOLS.—The public schools of this borough opened on Monday last, with quite an army of juveniles in attendance. The board has made sundry improvements and repairs during the past summer, the principal of which—that of the armory building-will prove a source of comfort to both teachers and pupils .-The upper story has been thrown out of use altogether, the stairway taken away, and the building renovated in other res-

Mr. McAtee the proprietor of the Lewistown Mills, has been making some extensive repairs at that establishment, so as to place it in working order. Wheat and all other kinds of grain are now wanted, for which cash will be paid.

We are pleased to hear that N. J. Rudisill has secured the contract for supplying the State with 10,000 army caps. This is the right way of doing business. We have a number of mechanics who, if instead of waiting like Micawber for "something to turn up," would hunt up work, every idle man, woman, girl and boy might be set to work and at least earn something. Idleness is the parent of vice, a trueism daily realized by parents here, yet too frequently disregarded.

MIFFLIN COUNTY DRAGOONS .- The following letter from a member of this company to the editor of the Gazette, dated Camp Reynolds, Sept. 23, contains some items of interest. The Dragoons are

Four companies, A, B, C and D of the 1st Pa. Reserve Cavalry, to which we are attached, have been removed since Tuesday last from camp above Washington to about 13 miles northwest of Tennally town and 6 miles from former place, within sight of the Chain Bridge, where we water our horses twice a day. While in camp near Washington, we were visited by Gov. Curtin and Staff, with our worthy friend Col. John A. Wright. This regiment, with a number of infantry, numbering about 8,000 in all, were reviewed on Saturday last at Tennallytown by Gen. Mc-Clellan. Lieut. Bayard of the 2d regular cavalry regiment, who had been highly recemmended by Gen. Stone and Gov. Curtin was elected Colonel after we reached Washington. Lieut. McEwen, after the election of Col. Bayard, was appointed by him Adjutant, and G. W. Siegrist Sergeant Major.—

Captain Hastings was elected Colonel at Harrisburg, but declined serving as he had been previously appointed to command of Carlisle Barracks. Gen. McCall expressed himself highly pleased with the discipline and deportment of the men when he had reviewed then on our arrival at Washington. The health of the soldiers of this regiment, and our company particularly, is very good, and all are ready and willing to go into action.

THE LOGAN GUARDS .- Up to Saturday the 46th Regiment, of which the Logan Guards are company A, was encamped at Camp Kalorama, near Washington, but were under marching orders, probably for Banks' command. The members were all well. The following is a list of persons who have joined the Guards since the publication of the list last week:

FATAL RAILROAD ACCIDENT .- A fatal accident occurred on the Northern Central Railroad on Saturday night, about five miles from Baltimore. Two trains, the first with eighteen, the other with eleven cars attached, were conveying the 49th church, at 11 o'clock a. m., meeting for pa- Pennsylvania regiment, Col. Wm. H. Irwin, to Baltimore, en route for Washington, and when in the neighborhood of Mount Washington the rear train ran into the front and killed two soldiers instantly, wounded three slightly, and crushed the engineer's (Mr. Charles Johnson) foot and ancle very badly. The bodies of the two men killed were taken to Baltimore, and buried in the Western Cemetery. The three wounded soldiers were taken charge of and conveyed to the Adams House hospital, and proceeded to Washington to join their regiment. The two killed were three months' men, who had served out their time, and had re-enlisted for the war. Their names were John Fulton, aged 20 years, and Daniel Parker, aged 24 years. The deceased were both from Chester county, Pa. Mr. Johnson, the engineer, had his leg amputated by Prof. Smith. This regiment has a large number of troops from this and adjoining counties, but all fortunately escaped injury. The coroner's inquest on the dead bodies returned a verdict against the managers of the road for neglect in suffering two trains to run at different rates of speed -the first train only making 10 or 12 miles an hour, while the rear was going at the rate of 15 or 16, and thus caused the col-

TO THE PUBLIC.

THE administrator of Francis N. Smith, having given notice that I was infringing said Smith's patent in the manufacture of Robb's Corn Sheller-a proceeding calculated to injure me in my business-I submit the following facts to those who are using or desirous of purchasing them. On the June, 1843, a patent was granted to said Smith. and extended from June 1, 1857, for seven years, in which he makes the subjoined claim:

" What I claim as my invention and desire to secure by Letters Patent is the arrangement of the inclined concave, and toothed cylinder, as described, and in combination therewith the angular piece (a) the whole being con-structed and operating as above described." FRANCIS N. SMITH.

On the 25th December, 1855, a patent was issued to James Robb, to the description of which is annexed the following claim:

" Having fully described my improvements in corn shellers and cleaners, what I claim as my invention and desire to secure by letters patent is, the hood or casing G, in combination with the concave F, fender board or cob arrester H, and cylinder B, for the purpose of directing a blast and separating or cleaning the corn and cob substantially in the manner described. In testimony whereof I have hereunto signed my name before two subscrib ing witnesses."

JAMES ROBB. Under this patent I have been manufacturing one of the best machines in use, and it will readily be perceived that there is no similarity whatever in the claims each made, and must have been so regarded by the patent office, or no patent would have issued. Parties interested can see a full description of both machines, as certified by the patent office, by calling on me, a perusal of which I think will satisfy any one that I am not infringing Smith's ner any other patent.

If Mr. Smith's administrator, instead of endeavoring to scare away my customers, were to institute suit agasnst me, it would be more to the purpose; or let him come forward and satisfy me that I am infringing, and I pledge my word I will cease manufacturing it, as I have no desire to live off another man's prop-

In the meantime I invite farmers and others to call at my machine shop, north end of Valley street, examine the papers and buy THE BEST Corn Sheller in market, and I guarantee they will not be disturbed in its use. SAMUEL B. HAINES. Lewistown, September 11, 1861.

## CAUTION!

THE public are hereby notified that all persons having anything to do with a Pow-er Corn Sheller, manufactured by S. B. Haines, of Lewistown, Pa., either in making, vending or using the same, make themselves parties and liable to an action of damages, as said Sheller is made in violation of a patent granted to F. N. Smith, of Kinderhook, N. Y., and will be prosecuted to the extent of the law. LUCAS PRUYN, Administrator of F. N. Smith, dec'd.
